LEGAL REVIEW

The City Attorney has reviewed this report.

Banking institutions require resolutions approved by governing bodies, to make changes to position titles and personnel authorized to sign on City checking and investment accounts.

Section 3-2.06 of the Maywood Municipal Code provides that the Director of Finance shall draw a warrant or warrants upon the City Treasury, specifying the purpose for which the same are drawn and the fund out of which they shall be paid. RE: CONSIDER A REQUEST FROM THE TRI-CITY WILDCATS FOOTBALL AND CHEER FOR THE USE OF THE MAYWOOD PARK BASEBALL FIELD AND TO WAIVE ALL ASSOCIATED USER FEES

RECOMMENDATION

Staff recommends that the City Council authorize the use of the Maywood Park Baseball Field by the Tri-City Wildcats and waive all associated user fees.

FISCAL IMPACT

The Maywood Park baseball field rents for \$35.00 per hour. This request is for 10 hours. At this time, we have no other paying user applications for the hours requested. Consequently, staff finds that since the organization will service the youth of the community, it is allowable to waive the fees.

LEGAL REVIEW

The City Attorney Has reviewed this report.

DISCUSSION

The Tri-City Wildcats Youth Football and Cheer Association have been authorized users of the Maywood Park baseball field and the Riverfront Park playfield at various times since 2016, for football and cheer practices. Staff was approached by the team's coach Danny Pineda and asked if he could receive authorization to use the baseball field for initial practices starting in July from 6 to 8 PM, Monday through Friday (see attached request letter). No City staff or other resources are being requested.

RE: CONSIDER THE ADOPTION OF A RESOLUTION GRANTING
COMMERCIAL CANNABIS CULTIVATION, MANUFACTURING,
RETAIL DISPENSARY, VEHICLE DISPENSARY AND
DISTRIBUTION LICENSES FOR PMB GROUP LLC, LOCATED
AT 3580 FRUITLAND AVENUE

RECOMMENDATION

Staff recommends that the City Council consider the adoption of a resolution granting Commercial Cannabis Cultivation, Manufacturing, Retail Dispensary, Vehicle Dispensary, and Distribution Licenses for PMB Group, LLC. ("PMB"), located at 3580 Fruitland Avenue; and if granted, authorize staff to issue said license for a period not to exceed one year.

FISCAL IMPACT

There is no fiscal impact associated with the license issuance. However, when operating and based on the local tax measure, the type of cannabis business proposed will generate 10% of their gross receipts for the general fund.

LEGAL REVIEW

The City Attorney has reviewed this staff report.

BACKGROUND

On February 22, 2017, the Maywood City Council approved a fee schedule and reviewed an evaluation procedure for commercial cannabis license applications. This was accomplished pursuant to Maywood ordinance 16-03 titled "Code Amendment Permitting Marijuana Businesses in Certain Zones of the City." In order to provide a robust framework for the evaluation and licensing of cannabis businesses, fees must be collected to defray the staff and consultant resources expended to support said regulatory framework. Currently, Maywood ordinance 18-12 governs the issuance of commercial cannabis licenses.

To provide expert evaluation, City staff is working with HdL Companies ("HdL"), a consultant who provided a fee study and licensing procedure. HdL has established a specialized division with expert staff that have been working closely with the Department of Consumer Affairs, Department of Food and Agriculture, Department of Public Health and the State Board of Equalization in the implementation of the Adult Use of Marijuana Act (AUMA) and the Medical and Adult Use of Cannabis Regulation and Safety Act (MAUCRSA). In addition, they have partnered with the League of California Cities, CSAC, and the Police Chiefs Association to develop policy and regulatory strategies to manage the Cannabis Industry in California. They also offer the resources and expertise to assist cities and counties with the design and implementation of all aspects of their regulatory and taxation policies and programs.

On July 10, 2019, the City Council considered the license award but a motion to approve failed to garner a second and was thus continued to tonight's meeting.

DISCUSSION

As required by the City's application and evaluation procedures there are four phases to evaluating a license application. Phase 2 requires an "initial rating" of an application based on a point scale that rates the application on the following criteria: location of business, business plan, neighborhood compatibility and safety and security plan. If the applicant receives a minimum score of 80%, the application moves on to Phase 3 for a second rating. Phase 3 requires an evaluation on additional criteria (which is listed below) and a minimum 80% overall score is required.

After the completion of the Phase 3 evaluation and prior to the final review and evaluation, the City reserves the right to request and obtain additional information from any candidate who submitted an application. Upon the completion of the final review process, the final score is tabulated and a minimum 80% overall score is required.

The City Council reserves the right to award any or no licenses. All Applicants which are being recommended by Staff for consideration to the City Council are

asked to attend the City Council meeting to provide a public presentation before the Mayor and City Council introducing their team and providing an overview of their proposal.

It should be noted that being awarded a Commercial Cannabis license does not constitute a land use entitlement and does not waive or remove the requirements of applying for and receiving permits for all construction including electrical, plumbing, fire, planning permits or reviews, and any other permits, licenses, or reviews as may be necessary by the relevant departments or governmental entities in charge of said permits. In this case, the applicant has received the required conditional use permits to operate the various cannabis activities for which a license is being requested.

As scored by HdL and evaluated by staff, the PMB application for Commercial Cannabis Cultivation, Manufacturing, Retail Dispensary, Vehicle Dispensary, and Distribution Licenses located at 3580 Fruitland Avenue received a composite score as follows in Phase 2 and Phase 3 of the process:

Category	(Phase 2)	Points Given	Points Allowed	Percentage
Proposed Location		182	200	91%
Business Plan		320	400	80%
Neighborhood Compatibility		240	300	80%
Safety & Security		220	300	73%
Air Quality Plan		73	100	73%
Labor & Employment Plan		165	200	83%
Total Points & Average%		1,200	1,500	80%

Category	(Phase 3)	Points Given	Points Allowed	Percentage
Final Location		180	200	90%
Business Plan		275	300	92%
Community Benefits		258	300	86%
Enhanced Product Safety		175	200	88%
Environmental Benefits		170	200	85%
Labor & Employment		175	200	88%
Local Enterprise		180	200	90%
Neighborhood Compatibility		175	200	88%
Qualifications of Principals		258	300	86%
Safety & Security		155	200	78%
Air Quality Plan		155	200	78%
SUB-TOTAL		2156	2500	84%
TOTAL SCORE		3,356	4,000	84%

It is the assessment of staff that all minimum requirements have been met. Furthermore, no evidence has been found to deny the application, per Maywood Municipal Code section 5-45.04 (Grounds for denial), which states that no license shall be granted under this chapter if the applicant:

- Does not qualify for licensure under this ordinance or state law;

- Has made any false or misleading statements during the application;
- Lacks the adequate right to occupy or use the premises as described in the Application.
- Has failed to demonstrate ability to adequately satisfy requirements of this ordinance, based on evidence submitted during the application process.

Therefore, staff recommends that the City Council consider the approval of the application for Commercial Cannabis Cultivation, Manufacturing, Retail Dispensary, Vehicle Dispensary and Distribution licenses for PMB Group LLC, located at 3580 Fruitland Avenue.

BACKGROUND

This year's League Annual Conference is scheduled for October 16 – 18, 2019 in Long Beach, CA. One very important aspect of the Annual Conference is the annual business meeting wherein the membership takes action on resolutions brought forth by the League.

In order to expedite the conduct of business, every City is requested to designate voting representatives who can vote on issues presented at the business meeting. The League's bylaws provide that each city is entitled to one vote which determines a city's position in matters affecting municipal or League policy matters.

FISCAL IMPACT

Fiscal impact is dependent upon conference registration and accommodation needs. However, such fiscal needs for conferences are included in the current operating budget.

**RE: DESIGNATION OF VOTING DELEGATES AND ALTERNATES
League of California Cities Annual Conference – October 16 - 18, Long Beach**

The League's 2019 Annual Conference is scheduled for October 16 – 18 in Long Beach. An important part of the Annual Conference is the Annual Business Meeting (during General Assembly), scheduled for 12:30 p.m. on Friday, October 18, at the Long Beach Convention Center. At this meeting, the League membership considers and takes action on resolutions that establish League policy.

In order to vote at the Annual Business Meeting, your city council must designate a voting delegate. Your city may also appoint up to two alternate voting delegates, one of whom may vote in the event that the designated voting delegate is unable to serve in that capacity.

Please complete the attached Voting Delegate form and return it to the League's office no later than Friday, October 4. This will allow us time to establish voting delegate/alternate records prior to the conference.

Please note the following procedures are intended to ensure the integrity of the voting process at the Annual Business Meeting.

- **Action by Council Required.** Consistent with League bylaws, a city's voting delegate and up to two alternates must be designated by the city council. When completing the attached Voting Delegate form, please attach either a copy of the council resolution that reflects the council action taken, or have your city clerk or mayor sign the form affirming that the names provided are those selected by the city council. Please note that designating the voting delegate and alternates must be done by city council action and cannot be accomplished by individual action of the mayor or city manager alone.
- **Conference Registration Required.** The voting delegate and alternates must be registered to attend the conference. They need not register for the entire conference; they may register for Friday only. To register for the conference, please go to our website: www.cacities.org. In order to cast a vote, at least one voter must be present at the

Business Meeting and in possession of the voting delegate card. Voting delegates and alternates need to pick up their conference badges before signing in and picking up the voting delegate card at the Voting Delegate Desk. This will enable them to receive the special sticker on their name badges that will admit them into the voting area during the Business Meeting.

- **Transferring Voting Card to Non-Designated Individuals Not Allowed.** The voting delegate card may be transferred freely between the voting delegate and alternates, but *only* between the voting delegate and alternates. If the voting delegate and alternates find themselves unable to attend the Business Meeting, they may *not* transfer the voting card to another city official.
- **Seating Protocol during General Assembly.** At the Business Meeting, individuals with the voting card will sit in a separate area. Admission to this area will be limited to those individuals with a special sticker on their name badge identifying them as a voting delegate or alternate. If the voting delegate and alternates wish to sit together, they must sign in at the Voting Delegate Desk and obtain the special sticker on their badges.

The Voting Delegate Desk, located in the conference registration area of the Sacramento Convention Center, will be open at the following times: Wednesday, October 16, 8:00 a.m. – 6:00 p.m.; Thursday, October 17, 7:00 a.m. – 4:00 p.m.; and Friday, October 18, 7:30 a.m.–11:30 a.m.. The Voting Delegate Desk will also be open at the Business Meeting on Friday, but will be closed during roll calls and voting.

The voting procedures that will be used at the conference are attached to this memo. Please share these procedures and this memo with your council and especially with the individuals that your council designates as your city's voting delegate and alternates.

Once again, thank you for completing the voting delegate and alternate form and returning it to the League's office by Friday, October 4. If you have questions, please call Darla Yacub at (916) 658-8254.

ITEM NO. _____

CITY COUNCIL STAFF REPORT

DATE: JULY 24, 2019

TO: HONORABLE MAYOR, AND MEMBERS OF THE CITY COUNCIL

FROM: JENNIFER E. VASQUEZ, CITY MANAGER 

RE: A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MAYWOOD FIXING THE AMOUNT OF REVENUE FROM A PROPERTY TAX LEVY APPROVED BY THE VOTERS OF MAYWOOD FOR THE PURPOSE OF OFF-SETTING THE COST TO THE CITY OF THE PUBLIC EMPLOYEES RETIREMENT SYSTEM (PERS) AND MAINTAINING THE RATE OF SUCH TAX AND LEVYING SUCH TAX FOR THE FISCAL YEAR BEGINNING JULY 1, 2019.

RECOMMENDATION

That the City Council approve the attached resolution, establishing the amount of revenue from a property tax levy approved by the voters for the purpose of paying the cost to the City of the Public Employees Retirement System (PERS) and maintaining the rate of such tax and levying such tax for the fiscal year beginning July 1, 2019.

FISCAL IMPACT

The proposed property tax levy of 0.100000 per \$100 assessed valuation remains unchanged from fiscal year 2018-19.

LEGAL REVIEW

The City Attorney's office has reviewed this report.

BACKGROUND

In March 1974, Maywood voters approved a property tax levy of \$0.04 for every \$100 of assessed value as a means to pay for employee retirement benefits. Resolution No. 2670 established such tax initially.

The City is required to set the tax rate annually, by resolution. In order for the tax to be collected, a resolution setting such tax rate must be submitted to the Los Angeles County Assessor's Office every year.

On August 10, 2016, resolution No. 5874 of the City Council of the City of Maywood fixed the tax rate to cover the cost of the Public Employees Retirement System at \$0.100000 per \$100.00 assessed valuation. The approved \$0.100000 per \$100.00 assessed valuation levy has remained unchanged since its adoption in 2016.

DISCUSSION

The projected pension cost eligible to be paid from the tax levy collected this fiscal year 2019-20 amounts to \$1,325,439. The projected revenue from the tax levy at the current approved rate totals \$ 950,000. The total pension cost exceeds the amount anticipated from the collection of taxes by \$375,439. Considering that the Pension Tax Levy was increased from \$.04 to \$0.1 per \$100.00 assessed valuation on August 10th, 2016 for fiscal year 2016-17, and that the adopted budget for fiscal year 2019-20 anticipates coverage of the differential from the General Fund, staff recommends that the pension levy remains unchanged for this fiscal year 2019-20.

Procedurally, the attached proposed resolution requires that the prior year resolution be repealed. Accordingly, Resolution No. 5980, referenced in section 3 of the proposed resolution will be repealed by the adoption of the proposed resolution.

CITY COUNCIL STAFF REPORT

DATE: JULY 24, 2019

TO: HONORABLE MAYOR, AND MEMBERS OF THE CITY COUNCIL

FROM: JENNIFER E. VASQUEZ, CITY MANAGER *JV*

BY: DAVID MANGO, DIRECTOR OF BUILDING AND PLANNING

RE: CONSIDER THE ADOPTION OF A RESOLUTION GRANTING A COMMERCIAL CANNABIS VEHICLE DELIVERY LICENSE FOR FIREHOUSE HEALTHCARE INDUSTRIES INC, LOCATED AT 6118 ATLANTIC BOULEVARD

RECOMMENDATION

Staff recommends that the City Council consider the adoption of a resolution granting a City of Maywood Commercial Cannabis Vehicle Delivery License for Firehouse Healthcare Industries Inc. ("Firehouse"), located at 6118 Atlantic Boulevard, and if granted, authorize staff to issue said license for a period not to exceed one year.

FISCAL IMPACT

There is no fiscal impact associated with this action.

LEGAL REVIEW

The City Attorney has reviewed this report.

BACKGROUND

On February 22, 2017, the Maywood City Council approved a fee schedule and reviewed an evaluation procedure for commercial cannabis license applications. This was accomplished pursuant to Maywood ordinance 16-03 titled "Code Amendment Permitting Marijuana Businesses in Certain Zones of the City." In order to provide a robust framework for the evaluation and licensing of cannabis businesses, fees must be collected to defray the staff and consultant resources expended to support said regulatory framework. Currently, Maywood ordinance 18-12 governs the issuance of commercial cannabis licenses.

To provide expert evaluation, City staff is working with HdL Companies ("HdL"), a consultant who provided a fee study and licensing procedure. HdL has established a specialized division with expert staff that have been working closely with the Department of Consumer Affairs, Department of Food and Agriculture, Department of Public Health and the State Board of Equalization in the implementation of the Adult Use of Marijuana Act (AUMA) and the Medical and Adult Use of Cannabis Regulation and Safety Act (MAUCRSA). In addition, they have partnered with the League of California Cities, CSAC, and the Police Chiefs Association to develop policy and regulatory strategies to manage the Cannabis Industry in California. They also offer the resources and expertise to assist cities and counties with the design and implementation of all aspects of their regulatory and taxation policies and programs.

On April 24, 2019, this item was continued to allow the City Council time to receive information regarding the scoring system devised by HdL, so that the Council could make a more informed decisions regard the granting of licenses. To this end, HdL provided a presentation at the June 12 City Council meeting, detailing the contents of commercial cannabis applications, and answering all questions asked by the City Council.

On July 10, 2019, the City Council considered the license award but a motion to approve failed to garner a second and was thus continued to tonight's meeting.

DISCUSSION

As required by the City's application and evaluation procedures there are four phases to evaluating a license application. Phase 2 requires an "initial rating" of an application based on a point scale that rates the application on the following criteria: location of business, business plan, neighborhood compatibility and safety and security plan. If the applicant receives a minimum score of 80%, the application moves on to Phase 3 for a second rating. Phase 3 requires an evaluation on additional criteria (which is listed below) and a minimum 80% overall score is required.

After the completion of the Phase 3 evaluation and prior to the final review and evaluation, the City reserves the right to request and obtain additional information

from any candidate who submitted an application. Upon the completion of the final review process, the final score is tabulated and a minimum 80% overall score is required. Staff will present to the City Council the final rating along with their recommendation in which the City Council may award a license pursuant to MMC Section 5-45.01-12.

The City Council reserves the right to award any or no licenses at all. All Applicants which are being recommended by Staff for consideration to the City Council are asked to attend the City Council meeting to provide a public presentation before the Mayor and City Council introducing their team and providing an overview of their proposal.

It should be noted that being awarded a Commercial Cannabis license does not constitute a land use entitlement and does not waive or remove the requirements of applying for and receiving permits for all construction including electrical, plumbing, fire, planning permits or reviews, and any other permits, licenses, or reviews as may be necessary by the relevant departments or governmental entities in charge of said permits.

Firehouse is licensed by the City of Maywood and is currently operating a retail storefront dispensary at 6118 Atlantic Boulevard. This cannabis vehicle delivery license will supplement their existing retail business. Although Maywood ordinance 18-12 requires separate licenses for storefront retail and vehicle delivery retail activities, the State of California Bureau of Cannabis Control does not.

As scored by HdL and evaluated by staff, the Firehouse application for a Commercial Cannabis Vehicle Delivery license at 6118 Atlantic Boulevard received a composite score as follows in Phase 2 and Phase 3 of the process:

Category	(Phase 2)	Points Given	Points Allowed	Percentage
Proposed Location		200	200	100%
Business Plan		320	400	80%
Neighborhood Compatibility		300	300	100%

Air Quality Plan	170	200	85%
SUB-TOTAL	2100	2500	84%
TOTAL SCORE	3,455	4,000	86%

It is the assessment of staff that all minimum requirements have been met. Further, no evidence has been found to deny the application, per Maywood Municipal Code section 5-45.04 (Grounds for denial), which states that no license shall be granted under this chapter if the applicant:

- Does not qualify for licensure under this ordinance or state law;
- Has made any false or misleading statements during the application;
- Lacks the adequate right to occupy or use the premises as described in the Application.
- Has failed to demonstrate ability to adequately satisfy requirements of this ordinance, based on evidence submitted during the application process.

Therefore it is the recommendation that the City Council consider the approval of the application for a Commercial Cannabis Vehicle Dispensing license for Firehouse, located at 6118 Atlantic Boulevard.

RE: RESOLUTION APPROVING THE FINAL ENGINEER'S REPORT, AS MODIFIED, CONFIRMING THE DIAGRAM AND ASSESSMENTS, AND ORDERING LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE STREET LIGHTING ASSESSMENT DISTRICT FOR FISCAL YEAR 2019/20 PURSUANT TO THE PROVISIONS OF DIVISION 15, PART 2 OF THE STREETS AND HIGHWAYS CODE OF THE STATE OF CALIFORNIA.

RECOMMENDATION

Staff recommends that the City Council hold a public hearing and adopt a resolution approving the final engineer's report, as modified, confirming the diagram and assessments, and ordering the levy and collection of assessments within the City of Maywood Street Lighting Assessment District for Fiscal Year 2019/20 pursuant to the provisions of Division 15, Part 2 of the streets and highways code of the State of California.

FISCAL IMPACT

If assessments are not levied as proposed there would be a loss of revenue of approximately \$174,500 for Fiscal Year 2019/20.

LEGAL REVIEW

This item has been reviewed by the City Attorney.

BACKGROUND

The City of Maywood currently levies and collects special assessments through the City of Maywood Street Lighting Assessment District (SLAD) to offset the cost of providing street lighting improvements and maintenance services within the City. Per Proposition 218, passed by California voters in November 1996, there can be no new or increased assessments without approval of the affected property owners. When there is an increase proposed, Proposition 218 provides for a ballot and voting process that seeks the approval from the majority of affected property owners based on assessment ballots weighted in accordance with the proposed assessment against each parcel. Since there is no increase in rates or any new assessments proposed for Fiscal Year 2019/20, the ballot process is not required.

The Landscaping and Lighting Act of 1972 (the Act) requires that an annual review and updated engineer's Report be prepared and approved to set assessment rates for the ensuing fiscal year. Francisco & Associates, Inc. was retained to assist the City with the preparation of the annual engineer's report and submittal of the annual assessments to the County for inclusion on the property tax bills.

On June 28, 2019, City Council adopted resolutions that initiated proceedings, ordered and approved the preliminary engineer's report, and set the public hearing for July 24, 2019. Proper notice of the public hearing was given by publishing a notice in the newspaper at least ten days prior to the scheduled public hearing.

Upon conclusion of the public hearing, City Council may adopt a resolution approving the final engineer's report, confirming the diagram and assessments, either as originally proposed or as modified (provided that the assessments are not increased). The adoption of this resolution is the final step in the annual process to authorize the levy of SLAD assessments for Fiscal Year 2019/20.

DISCUSSION

Without the collection of the annual SLAD assessments, maintenance activities would be greatly reduced, and the funding would be a burden on the City's General Fund. At this meeting, a modification to the engineer's report has been presented to the City Council. The modification is to Part B, Estimate of Costs, and consists of allocating \$200,000 to a conversion capital improvement project in Loma Vista, which results in a decrease to the ending fund balances for operating and capital reserves. Staff has reviewed the attached final engineer's report, as modified, and is satisfied with the report, including the assessments, budget items, and diagram. Staff recommends City Council conduct a public hearing, approve the final engineer's report, as modified, and order the levy and collection of assessments as the final step to authorize the placement of the SLAD assessments on the Los Angeles County property tax bills.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MAYWOOD (HEREAFTER REFERRED TO AS "CITY COUNCIL") HEREBY DETERMINES, FINDS AND RESOLVES AS FOLLOWS:

WHEREAS, this City Council, by previous Resolutions, initiated proceedings and declared its intention to levy and collect assessments against lots and parcels of land within an existing assessment district known and designated as "THE CITY OF MAYWOOD STREET LIGHTING ASSESSMENT DISTRICT" (hereinafter referred to as the "District") for the fiscal year commencing July 1, 2019 and ending June 30, 2020 pursuant to the provisions of the Landscaping and Lighting Act of 1972, Division 15, Part 2 of the Streets and Highways Code of the State of California (hereinafter referred to as the "Act"); and

WHEREAS, the City previously determined that the annual assessments originally established for the District were for the maintenance and operation of street lights within the public street right-of-way. As such, pursuant to Article XIID Section 5(a), the pre-existing assessment amount has been exempted from the procedural requirements of Article XIID Section 4 since the amount of the assessment has not increased since the passage of Proposition 218; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, the Fiscal Year 2019/20 Engineer's Report in connection with the proposed levy and collection of assessments against lots and parcels of land within the District, and the City Council did by previous Resolution approve such report on June 28, 2019;

WHEREAS, at this meeting the Engineer has filed with the City Clerk, and the City Clerk has presented to the City Council, a modification to the Engineer's Report to allocate \$200,000 to a conversion capital improvement project in Loma Vista, which results in a decrease to the ending fund balances for operating and capital reserves.; and

WHEREAS, the City Council desires to levy and collect assessments against lots and parcels of land within the District for the fiscal year commencing July 1, 2019 and ending June 30, 2020, to pay for the costs and expenses for the improvements described in Section 5 below.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE CITY OF MAYWOOD STREET LIGHTING ASSESSMENT DISTRICT, AS FOLLOWS:

Section 1. That the above recitals are all true and correct.

Section 2. Following notice duly given, the City Council has held a full and fair public hearing, and all interested persons were afforded the opportunity to hear and be heard. The City Council considered all oral and written statements, protests and communications made or filed by interested persons. All protests and objections to the levy and collection of the proposed assessment for the fiscal year commencing on July 1, 2019 and ending on June 30, 2020 are hereby overruled by the City Council. The City Council now declares the levy of proposed assessments against lots and parcels of land within the District for Fiscal Year 2019/20 to pay for the costs and expenses for the improvements described in Section 5 below pursuant to the terms and provisions of the Act.

Section 3. The City Council hereby approves the modifications to the Engineer's Report, as modified, described in the recitals hereof. Based upon its review of the Fiscal Year 2019/20 Engineer's Report and other reports and information, the City Council hereby finds and determines that (i) the lands within the District will be benefited by the improvements described in Section 5 below, (ii) the District includes all of the lands so benefited, and (iii) the net amount to be assessed upon the lands within the District for the 2019/20 fiscal year in accordance with the Engineer's Report, as modified, is apportioned by a formula and method which fairly distributes the net amount among all assessable lots and parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.

Section 4. The diagram and assessment as presented to the City Council and on file in the office of the City Clerk are hereby confirmed as filed.

Section 5. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the installation, maintenance and servicing of street lighting and traffic signal facilities and appurtenant facilities throughout the District, including the replacement of existing street lighting and traffic signal facilities at various locations throughout the District.

Section 6. The assessment is in compliance with the provisions of the Act, the provisions of the California Constitution Article XIID and the City Council has complied with all laws pertaining to the levy of an annual assessment.

Section 7. The assessment is levied for the purpose of paying the costs and expenses of the improvements described in Section 5 above for Fiscal Year 2019/20.

Section 8. Installation, maintenance and servicing of the street lighting and traffic signal facilities and appurtenant facilities described in Section 5 above shall be performed pursuant to law.

Section 9. The County Auditor of Los Angeles County shall enter on the County Assessment Roll opposite each lot or parcel of land the amount of the assessment and such assessments shall then be collected at the same time and in the same manner as the County taxes are collected. After collection by the County, the net amount of the assessments, after deduction of any compensation due the county for collection, shall be paid to the City Treasurer.

Section 10. Public property owned by any public agency and in use for a public function and which is included within the District shall not be subject to the assessment to pay for any of the costs and expenses associated with the improvements.

Section 11. The City Treasurer shall deposit all moneys representing assessments collected by the County to the credit of a special fund known as "THE CITY OF MAYWOOD STREET LIGHTING ASSESSMENT DISTRICT FUND" and such moneys shall be expended only for the improvements described in Section 5 above.

Section 12. The adoption of this Resolution constitutes the levy of assessments for the fiscal year commencing July 1, 2019 and ending June 30, 2020.

Section 13. The City Clerk is hereby authorized and directed to file the diagram and assessments, or a certified copy of the diagram and assessments, with the County Auditor, together with a certified copy of this Resolution upon its adoption.

Section 14. A certified copy of the diagram and assessment shall be filed in the office of the City Engineer, with a duplicate copy on file in the office of the City Clerk and open for public inspection.

PASSED, APPROVED, AND ADOPTED this 24th day of July, 2019.

SECTION I

INTRODUCTION

Adequate lighting on public streets and traffic signals to control the flow of traffic and pedestrians are considered important for public convenience and safety. Protection of property and reduction of traffic accidents are specific benefits that properties realize within the City. The lighting benefit is directly related to safety and property protection and therefore increases the perceived and actual usability and enhancement of residential, commercial and industrial properties.

To ensure a flow of funds for a portion of the ongoing maintenance and servicing of street lighting facilities and traffic signals within the boundaries of the City of Maywood (hereafter referred to as "City"), the City Council formed the Street Lighting Assessment District (hereafter referred to as the "District") and annually levies and collects special assessments to maintain these improvements. The formation of the District and the annual levy of assessments have been made pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (hereafter referred to as the "1972 Act").

This Engineer's Report (hereafter referred to as the "Report") presents the engineering analysis for the District for Fiscal Year 2019-20. The assessment rates applied for the fiscal year will be the same as those assessed in the previous fiscal year. The proposed lighting assessment for Fiscal Year 2019-20, as described in this Report, is approximately \$174,519.

Authority for the Report

This Report is prepared in compliance with the requirement of Chapter 1, Article 4, Landscaping and Lighting Act of 1972, being Part 2, Division 15, sections 22500 through 22679 of the Streets and Highways Code, State of California. The 1972 Act authorizes the maintenance and servicing of public improvements. As applicable or may be applicable to this District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or construction of public lighting facilities;
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities;
- The maintenance or servicing, or both, of any of the foregoing;
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incident expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;

- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5;
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines “maintain” or “maintenance” to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement;
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

This Report includes plans and specifications for the improvements, an estimate of the costs of the improvements, a diagram of the District showing the boundary of the District; (the boundaries of the District are coterminous with the City boundaries and, by reference, are hereby made part of this Report), the method of apportioning costs to properties that benefit from the public improvements and services provided, and a listing of the proposed assessment amounts against the parcels or lots that benefit from the improvements. The Report is hereby presented to the City Council for its review and approved as presented or, as the City Council may determine, it should be modified, before approval.

After the Report is preliminarily approved, the City Council may adopt a resolution of intention that describes the improvements, refers to the Report for details of the District, and sets a time and place for a public hearing on the proposed levy of assessments.

Assessments for this District are being levied for the following improvements within the District:

- The maintenance and servicing of arterial streetlights that provide a special benefit to all the assessable parcels within the District;
- The maintenance and servicing of local street lights in close proximity to certain lots and parcels which provide a direct special benefit to these lots or parcels;
- The maintenance and servicing of traffic signals that contribute to traffic flow, thereby providing a measure of safety and pedestrian and vehicular accessibility to residential, commercial and industrial properties.

The 1972 Act, in Section 22573, states that the “net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements. Details of the formula being used to spread the assessments throughout this District are found in Part D of this Report.

Compliance with the California Constitution

In November 1996, voters of the State of California passed Proposition 218 that added Article XIIIID to the California Constitution requiring certain substantive and procedural requirements for the imposition of assessments. Article XIIIID requires that assessments comply with stated provisions by July 1, 1997, unless an assessment meets certain exemptions. The exemptions from the procedural and approval requirements are set forth in Section 5 of the Article and include the following:

“(a) Any assessment imposed exclusively to finance the capital costs or maintenance and operation expenses for sidewalks, streets, sewers, water, flood control, drainage systems or vector control.”

This District qualifies as an existing assessment because the District is funding items that are considered exempt under provision (a) quoted above, specifically street improvements. Using the definition provided by the Office of the Controller for the State of California in the Guidelines Relating to Gas Tax Expenditures published by the Division of Local Government Fiscal Affairs, street improvements include street lighting and traffic signals.

SECTION II

ENGINEER'S REPORT PREPARED PURSUANT TO THE PROVISIONS OF LANDSCAPING AND LIGHTING ACT OF 1972 SECTION 22500 THROUGH 22679 OF THE CALIFORNIA STREETS AND HIGHWAYS CODE

CITY OF MAYWOOD

STREET LIGHTING ASSESSMENT DISTRICT FISCAL YEAR 2019-20

Pursuant to the Landscaping and Lighting Act of 1972 (Part 2 Division 15 of the Streets and Highways Code of the State of California, commencing with Section 22500), and in accordance with the Resolution of Intention, adopted by the City Council of the City of Maywood on June 28, 2019, the duly appointed Engineer of Work, Assessment Engineer for the City of Maywood Street Lighting Assessment District (the "District") submit the following Report, consisting of Section I (Introduction), and this, Section II (Engineer's Report), which consists of five (5) parts as follows:

PART A: PLANS AND SPECIFICATIONS

This part describes the improvements maintained by the District. A plan showing the size and location of streetlights and traffic signals to be maintained and serviced in each zone of the District is on file in the Engineering Department and by reference is hereby incorporated into this Report.

PART B: ESTIMATE OF COST

This part contains an estimate of the cost of the proposed improvements to be maintained for Fiscal Year 2019-20, including incidental costs and expenses in connection therewith. The estimate is attached hereto and is on file in the Engineering Department of the City of Maywood.

PART C: ASSESSMENT DISTRICT DIAGRAM

This part incorporates a Diagram of the District showing the exterior boundaries of the District, the boundaries of any zones within the District and the lines and dimensions of each lot or parcel of land within the District. The exterior boundary of the District is coterminous with the exterior boundary of the City of Maywood. This Diagram has been prepared by the Engineer of Work and is on file in the Office of the Director of Public Works of the City of Maywood.

PART D: METHOD OF APPORTIONMENT OF ASSESSMENTS

This part describes the method of apportionment of assessments, based upon each parcel's land use classification within the District in proportion to the estimated special benefits to be received. Furthermore, the benefit received from existing District improvements by any assessable lot or parcel in the District has been determined to be in accordance with the following classifications:

- Residential Level of Benefit
- Industrial Level of Benefit
- Commercial Level of Benefit

All lots or parcels receiving the same level of benefit have been incorporated into a rate zone, the boundaries of which are defined by the equivalent land use zoning boundary established by the City Planning Commission and approved by the City Council, or as otherwise established by the City and shown on official City records. Lots or parcels presently shown as residential land use are deemed to receive no greater level of benefit than the Residential Level of Benefit. A Similar description of rate zone boundaries applies to the Industrial and Commercial Level of Benefits.

The cost for maintenance and servicing of the District improvements for the Fiscal Year 2019-20 have been estimated for all existing streetlights and traffic signals in the City and are shown in Part B. The improvement costs have been distributed to all assessable lots or parcels in the city that have abutting footage on streets in accordance with the method of apportionment and benefit received.

PART E: ASSESSMENT ROLL

This part contains an assessment of the estimated cost of the improvements on each benefited parcel of land within the District. The Assessment Roll is filed in the Office of the City Clerk of the City of Maywood and is incorporated in this Report. The list is keyed to the records of the Los Angeles County Assessor, which are incorporated herein by reference.

ASSESSMENT DISTRICT DIAGRAM

The boundaries of the District are shown herein. The exterior boundaries of the District are coterminous with the exterior boundaries of the City. There are three (3) street lighting benefit zones within the District:

- The Zone 1 level of benefit is defined as the residential benefit.
- The Zone 2 level of benefit is defined as the industrial benefit.
- The Zone 3 level of benefit is defined as the commercial benefit.

The boundaries of the preceding three zones are the boundaries of residential, industrial and commercial land use zones as shown on the official zoning map and/or in the zoning records of the City of Maywood. A reduced copy of the zoning map is on file with the Engineering Department of the City and is open for public inspection. It is understood that the term "official zoning map" shall include those zone changes approved but not currently plotted on the map.

The lines and dimension of each lot or parcel within the District are those lines and dimensions shown on the maps of the Los Angeles County Assessor for the year when this Report was prepared. The Assessor's maps and records are incorporated by reference herein and made a part of this Report.

PART D

METHOD OF APPORTIONMENT OF ASSESSMENTS

General

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIIID addresses several key criteria for the levy of assessments, notably:

Article XIIIID Section 2d defines District as:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service";

Article XIIIID Section 2i defines Special Benefit as:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIIIID Section 4a defines proportional special benefit assessments as:

"An agency which proposes to levy an assessment shall identify all parcels which a special benefit will have conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

The method of apportionment described in this Report for allocation of special benefit assessments utilizes commonly accepted engineering practices and have been established pursuant to the 1972 Act at the time the District was established. The formulas used for calculating assessments reflects the composition of parcels within the District and the improvements and services provided, to fairly apportion the costs based on the special benefits to each parcel.

Basis of Benefit

Each of the improvements have been carefully reviewed by the City and the corresponding assessments have been proportionately spread to each parcel based on special benefits received from the improvements as determined at the time the District was established.

The special benefits conferred on property from the District's improvements and services were determined to differ for varying types of land uses. All assessable property within the District is to receive one of the three following levels of benefit based on their land use classification:

- Residential Level of Benefit
- Industrial Level of Benefit
- Commercial Level of Benefit

All lots or parcels receiving the same level of benefit have been incorporated into a zone of benefit based on each properties land use. As result, the three (3) zones of benefit were established: Zone 1 (Residential), Zone 2 (Industrial), and Zone 3 (Commercial). The boundaries of each zone of benefit are defined by the equivalent land use zoning boundary established by the City Planning Commission and approved by the City Council, or as otherwise established by the City and shown on official City records. Lots or parcels presently shown as residential land use are deemed to receive no greater level of benefit than the Residential Level of Benefit. A Similar description of the parcels subject to both Zone 2 and Zone 3 applies to the parcels identified as having an Industrial and Commercial Level of Benefit.

The cost for maintenance and servicing of the District improvements for the Fiscal Year 2019-20 have been estimated for all existing streetlights and traffic signals in the City and is shown in Part B. The improvement costs have been distributed to all assessable lots or parcels in the city that have abutting footage on streets in accordance with the method of apportionment herein and benefit received.

The District costs are to be apportioned to each assessable property based on the special benefits conferred on such property. The method of apportioning costs based on benefit for lighting to each assessable property is based on the number of linear feet of abutting public street footage of a property multiplied by a rate based on the zone of the benefit and each parcel's land use.

The linear feet of abutting public street footage for each parcel is the length in feet shown on the current Los Angeles County Assessor maps or as previously established by the City Engineer (or their designee) for each parcel. In addition, it was determined that lighting along the side or rear of a property confers a differing level of benefit on the property, then lighting that fronts a property. For this reason, any abutting public street footage along the side or rear of a property is determined to be one-half (1/2) of the benefit of the parcel's abutting street footage along the front of a property.

Each zone of benefit was assigned a maximum assessment rate per linear foot at the time the District was established. Rate factors were utilized to apportion the costs based on the differing levels of benefit conferred on the differing types of properties and their associated land uses. The methodology for determination of the rate factors for residential, industrial and commercial

parcels were determined as shown below.

Local Residential	0.4 f.c.* Level 1 (Residential)
Collector	1.2 f.c.* Level 3 (Industrial)
Major Intermediate	1.4 f.c.* Level 3.5 (Commercial)

*f.c. = foot candle

**The information shown above was extracted from the American National Standard Practice for Roadway Lighting, RP-8, Page 11, Table I, Recommendation for Average Maintained Horizontal Illumination.

For the purposes of apportioning the special benefit conferred on property within the District, the average illumination for the following land uses were utilized:

- The Residential level selected was determined to be the lowest average illumination recommended for a City street.
- The Industrial level selected is the next highest average illumination recommended for a City street.
- The Commercial level selected is the highest average illumination recommended for a City street.

In view of variations in the magnitude of the existing street lighting from the above recommended values, ratios between residential, industrial and commercial levels were reduced to more closely reflect an estimate of the benefits to be conferred. The following ratios were assigned to the various zones and used to derive the maximum annual assessment rates for each zone of benefit:

• Zone 1 level of benefit (Residential)	=	1.0
• Zone 2 level of benefit (Industrial)	=	1.5
• Zone 3 level of benefit (Commercial)	=	2.0

Each assessable property within the District's boundaries are to be categorized as being subject to one (1) of the three (3) zones of benefit based upon each parcel's Los Angeles County Assessor assigned land use code, or the City's land use zoning map.

Within the boundaries of the District, there are several types of properties that are considered to receive no special benefit from the District improvements and are therefore not assessed. These parcels include:

- All publicly owned parcels;
- Certain public utility parcels utilized for rights-of way;
- Privately owned open space parcels; and
- Privately owned "sliver" parcels that have resulted from a lot line adjustment with an adjacent larger parcel. The adjacent larger parcel, of which these "sliver" parcels are a part, are assessed at the residential rate.

Maximum Assessment Rates

The Fiscal Year 2019-20 Maximum and Proposed Assessment Rates for each zone of benefit are shown below.

Zone of Benefit	Approved Maximum Assessment Rates	Proposed Fiscal Year 2019-20 Assessment Rates
Zone 1 (Residential)	\$0.746	\$0.746
Zone 2 (Industrial)	\$1.119	\$1.119
Zone 3 (Commercial)	\$1.492	\$1.492

Note: The rates shown in the table above are to be applied by Zone to each parcel's assigned street front footage.

The Maximum Assessment Rates for each zone of benefit are the same maximum rates that have been historically applied and that were previously approved. Any future increase in the maximum assessment rates or substantial changes in the services provided would require that the District be brought into compliance with all the requirements of Article XIID and would require the approval of the property owners subject to the assessment based upon a mailed ballot which would be sent to each property owner. It should be noted that an increased assessment to an individual property resulting from changes in development or land use does not constitute an increased assessment.

Sample Annual Levy Calculation

Sample annual levy calculations for each zone of benefit as described in the *Method of Apportionment* above, has been outlined for illustration purposes.

Zone 1 (Residential)

Individual Parcel's Annual Assessment = $(RF + (SR_1/2) + (SR_2/2) + (SR_3/2)) \times$
Zone 1 Rate (or other applicable rate for mixed use property)

Zone 2 (Industrial)

Individual Parcel's Annual Assessment = $(IF + (SR_1/2) + (SR_2/2) + (SR_3/2)) \times$
Zone 2 Rate (or other applicable rate for mixed use property)

Zone 3 (Commercial)

Individual Parcel's Annual Assessment = $(CF + (SR_1/2) + (SR_2/2) + (SR_3/2)) \times$
Zone 3 Rate (or other applicable rate for mixed use property)

If a parcel is zoned for mixed-use, and consists of multiple land use classifications, all public street footage surrounding the parcel will be assessed at the applicable zone(s) rate(s), or a combination thereof, as determined by the Assessment Engineer.

The following abbreviations used in the Sample Annual Levy Calculations shall have the following meanings:

- RF All residential parcels with public street footage along the front of the property.
- IF All industrial parcels with public street footage along the front of the property.
- CF All commercial parcels with public street footage along the front of the property.

ASSESSMENT ROLL

Parcel Identification, for each lot or parcel within the District, shall be the parcel as shown on the Los Angeles County Assessor Parcel Maps and/or the Los Angeles County Secured Tax roll for the year in which this Report is prepared. A listing of parcels to be assessed within this District along with the proposed assessment amounts is included in the following pages.

Upon approval of the Engineer's Annual Levy Report, and confirmation of the proposed assessments, the assessment information will be submitted to the County Auditor/Controller and included on the property tax roll in Fiscal Year 2019-20. If the parcels within the District and referenced in this Report, are re-numbered, re-apportioned or changed by the County Assessor's Office after approval of the Report, the new parcel along with the appropriate assessment amount will be submitted to the County Auditor/Controller. If the parcel change made by the County includes a parcel split, parcel merger or change in tax status, the assessment amount submitted on the new parcels will be based on the method of apportionment and applied levy rates approved in this Report by the City Council.
