SUBJECT: CONSIDERATION OF ESTABLISHING SECTION 115 TRUST FUNDS WITH THE CALIFORNIA PUBLIC EMPLOYEES' RETIREMENT SYSTEM FOR THE CITY'S UNFUNDED PENSION AND OTHER POST EMPLOYMENT BENEFIT (OPEB) LIABILITIES

RECOMMENDATION:

Staff recommends that the City Council approve the City's establishment of Section 115 California Employers' Pension Prefunding Trust (CEPPT) and California Employers' Retiree Benefit Trust (CERBT) with California Public Employees' Retirement System (CalPERS), appointing the Finance Director as the City's Plan Administrator and authorizing the City Manager and Finance Director to take all actions, including the execution of agreements or required documents, to implement the program.

BACKGROUND:

As of the most current CalPERS report the City has an unfunded liability of \$18,273,177 for its pension obligation and an unfunded liability of 2,765,162 for its Other Post Employment Benefits (OPEB) obligation. Establishing the CEPPT and CERBT funds provides the City the opportunity to manage its pension and OPEB costs and liabilities. Section 115 trust funds are a funding vehicle to prefund the future costs of retiree benefits. These trusts will provide the City with a fiscally sound option for ensuring that the City is able to meet the liability in the most cost-effective manner.

DISCUSSION:

Unfunded pension liability

In 2012 the Government Accounting Standards Board (GASB) issued Statement No. 68, *Accounting and Financial Reporting for Pensions*. GASB 68 requires that governmental employers that sponsor Defined Benefit plans (i.e. CalPERS) recognize a

net pension liability (unfunded accrued liability) on their balance sheet. This is the difference between the City's total pension liability and the market value of plan assets. The current unfunded liability as of June 30, 2019 is \$18,273,177.

Unfunded OPEB

In 2015 the GASB issued Statement no. 75, Accounting and Financial Reporting for Postemployment Benefits other than Pensions, which also requires the City to report its OPEB liabilities on its balance sheet. The current unfunded liability as of June 30, 2019 is \$2,765,162.

IRC Section 115 Trusts can be used by cities to fund essential governmental functions. Funds deposited into a Section 115 Trust are irrevocable and can only be used for the specific purpose for which the trust was created for. The advantage of a Section 115 is that the funds deposited may be invested in higher-yielding instruments than the City's Investment Policy allows.

Managing Unfunded Liabilities

In an effort to help Cities address and manage their pension and OPEB liabilities, CalPERS has created section 115 trust funds for both Pension and OPEB liabilities, which will provide the City with the necessary services required under one program to pre-fund pension and OPEB liabilities through the IRS reviewed program.

Some Benefits of Prefunding with Section 115 Trusts:

- Assets in the trust can be used to manage growing pension liabilities, including future normal costs and UAL payments.
- Contributions to the trust are controlled by the City and are voluntary.
- Promotes fiscal responsibility and accountability for the City to manage long term pension and OPEB liabilities and costs.
- The City can select an asset allocation strategy that matches its tolerance for risk given the investment time horizon.
- Assets held in trust allow for greater investment flexibility and risk diversification compared to other investments such as LAIF.
- Potentially favorable bond ratings if the City ever needed to take on debt.
- The City has access to the trust assets any time, as long as they are used to pay employer pension or OPEB obligations.

- Provides effective cost management, low administrative fees, investment management, GASB compliant financial reporting, streamlined transfers, and an established working relationship with CalPERS.

LEGAL REVIEW:

The City Attorney has reviewed this staff report.

FISCAL IMPACT:

The CERBT and CEPPT trust funds are both established as multiple employer programs so that public agencies, regardless of size, can join the program to receive the necessary economies of scale to keep the administrative fees low, avoid any set up costs, and leverage the investment power opportunities of CalPERS and its staff. The trust will allow the City to maximize investment returns long term which will help reduce the City's pension and OPEB costs and liabilities.

The management fees associated for each of these funds is as follows:

- 10 basis points (0.1%) – CERBT
- 25 basis points (0.25%) – CEPPT

Both fees are very low as compared to other comparable investments and apply to the account balance on an annual basis.

The expected potential yield for an annual investment of \$500,000 would be \$20,000 as opposed to an estimated \$6,150 if invested in State LAIF.

NOW, THEREFORE, BE IT RESOLVED THAT EMPLOYER HEREBY MAKES THE FOLLOWING REPRESENTATION AND WARRANTY AND THAT THE BOARD AND EMPLOYER AGREE TO THE FOLLOWING TERMS AND CONDITIONS:

Any such amendment or modification to this Agreement shall be adopted and executed in the same manner as required for the Agreement. Upon receipt of the executed amendment or modification, the Board shall fix the effective date of the amendment or modification.

(4) The Board shall institute such procedures and processes as it deems necessary to administer the Prefunding Plan, to carry out the purposes of this Agreement, and to maintain the tax exempt status of the Prefunding Plan. Employer agrees to follow such procedures and processes.

C. Other Post-Employment Benefits (OPEB) Cost Reports and Employer Contributions

(1) Employer shall provide to the Board an OPEB cost report on the basis of the actuarial assumptions and methods prescribed by the Board. Such report shall be for the Board's use in financial reporting, and shall be prepared at least as often as the minimum frequency required by applicable GASB OPEB Standards. This OPEB cost report may be prepared as an actuarial valuation report or, if the employer is qualified under GASB OPEB Standards, may be prepared as an Alternative Measurement Method (AMM) report.

- (a) Unless qualified under GASB OPEB Standards, to provide an AMM report, Employer shall provide to the Board an actuarial valuation report. Such report shall be for the Board's use in financial reporting, and shall be prepared at least as often as the minimum frequency required by GASB OPEB Standards, and shall be:
 - 1) prepared and signed by a Fellow or Associate of the Society of Actuaries who is also a Member of the American Academy of Actuaries or a person with equivalent qualifications acceptable to the Board;
 - 2) prepared in accordance with generally accepted actuarial practice and GASB OPEB Standards; and,
 - 3) provided to the Board prior to the Board's acceptance of contributions for the valuation period or as otherwise required by the Board.
- (b) If qualified under GASB OPEB Standards, Employer may provide to the Board an AMM report. Such report shall be for the Board's use in financial reporting, shall be prepared at least as often as the minimum frequency required by GASB OPEB Standards, and shall be:
 - 1) affirmed by Employer's external auditor, or by a Fellow or Associate of the Society of Actuaries who is also a Member of the American Academy of Actuaries or a person with equivalent qualifications acceptable to the Board, to be consistent with the AMM process described in GASB OPEB Standards;
 - 2) prepared in accordance with GASB OPEB Standards; and,
 - 3) provided to the Board prior to the Board's acceptance of contributions for the valuation period or as otherwise required by the Board.

(2) The Board may reject any OPEB cost report for financial reporting purposes submitted to it, but shall not unreasonably do so. In the event that the Board

determines, in its sole discretion, that the OPEB cost report is not suitable for use in the Board's financial statements or if Employer fails to provide a required OPEB cost report, the Board may obtain, at Employer's expense, an OPEB cost report that meets the Board's financial reporting needs. The Board may recover from Employer the cost of obtaining such OPEB cost report by billing and collecting from Employer or by deducting the amount from Employer's account in the Prefunding Plan.

(3) Employer shall notify the Board of the amount and time of contributions which contributions shall be made in the manner established by the Board.

(4) Employer contributions to the Prefunding Plan may be limited to the amount necessary to fully fund Employer's actuarial present value of total projected benefits, as supported by the OPEB cost report for financial reporting purposes acceptable to the Board. As used throughout this document, the meaning of the term "actuarial present value of total projected benefits" is as defined in GASB OPEB Standards. If Employer's contribution causes its assets in the Prefunding Plan to exceed the amount required to fully fund the actuarial present value of total projected benefits, the Board may refuse to accept the contribution.

(5) No contributions are required. Contributions can be made at any time following the effective date of the Agreement provided that Employer has first complied with the requirements of Paragraph C.

D. Administration of Accounts, Investments, Allocation of Income

(1) The Board has established the Prefunding Plan as an agent plan consisting of an aggregation of single-employer plans, with pooled administrative and investment functions, under the terms of which separate accounts are maintained for each employer so that the Employer's assets will provide benefits only under the Employer's post-employment benefit plan(s).

(2) All Employer contributions and assets attributable to Employer contributions shall be separately accounted for in the Prefunding Plan (Employer's Prefunding Account).

(3) Employer's Prefunding Account assets may be aggregated with prefunding account assets of other employers and may be co-invested by the Board in any asset classes appropriate for a Section 115 Trust.

(4) The Board may deduct the costs of administration of the Prefunding Plan from the investment income or Employer's Prefunding Account in a manner determined by the Board.

(5) Investment income shall be allocated among participating employers and posted to Employer's Prefunding Account as determined by the Board but no less frequently than annually.

(6) If Employer's assets in the Prefunding Plan exceed the amount required to fully fund the actuarial present value of total projected benefits, the Board, in compliance with applicable accounting and legal requirements, may return such excess to Employer.

E. Reports and Statements

(1) Employer shall submit with each contribution a contribution report in the form and containing the information prescribed by the Board.

(2) The Board shall prepare and provide a statement of Employer's Prefunding Account at least annually reflecting the balance in Employer's Prefunding Account, contributions made during the period and income allocated during the period, and such other information as the Board determines.

F. Disbursements

(1) Employer may receive disbursements not to exceed the annual premium and other costs of post-employment healthcare benefits and other post-employment benefits as defined in GASB OPEB Standards.

(2) Employer shall notify CalPERS in writing in the manner specified by CalPERS of the persons authorized to request disbursements from the Prefunding Plan on behalf of Employer.

(3) Employer's request for disbursement shall be in writing signed by Employer's authorized representative, in accordance with procedures established by the Board. The Board may require that Employer certify or otherwise establish that the monies will be used for the purposes of the Prefunding Plan.

(4) Requests for disbursements that satisfy the requirements of paragraphs (2) and (3) will be processed monthly.

(5) CalPERS shall not be liable for amounts disbursed in error if it has acted upon the written instruction of an individual authorized by Employer to request disbursements. In the event of any other erroneous disbursement, the extent of CalPERS' liability shall be the actual dollar amount of the disbursement, plus interest at the actual earnings rate but not less than zero.

(6) No disbursement shall be made from the Prefunding Plan which exceeds the balance in Employer's Prefunding Account.

G. Costs of Administration

Employer shall pay its share of the costs of administration of the Prefunding Plan, as determined by the Board.

H. Termination of Employer Participation in Prefunding Plan

(1) The Board may terminate Employer's participation in the Prefunding Plan if:

- (a) Employer gives written notice to the Board of its election to terminate;
- (b) The Board finds that Employer fails to satisfy the terms and conditions of this Agreement or of the Board's rules or regulations.

(2) If Employer's participation in the Prefunding Plan terminates for any of the foregoing reasons, all assets in Employer's Prefunding Account shall remain in the Prefunding Plan, except as otherwise provided below, and shall continue to be invested and accrue income as provided in Paragraph D.

(3) After Employer's participation in the Prefunding Plan terminates, Employer may not make contributions to the Prefunding Plan.

(4) After Employer's participation in the Prefunding Plan terminates, disbursements from Employer's Prefunding Account may continue upon Employer's instruction or otherwise in accordance with the terms of this Agreement.

(5) After the Employer's participation in the Prefunding Plan terminates, the governing body of the Employer may request either:

- (a) A trustee to trustee transfer of the assets in Employer's Prefunding Account; provided that the Board shall have no obligation to make such transfer unless the Board determines that the transfer will satisfy applicable requirements of the Internal Revenue Code, other law and accounting standards, and the Board's fiduciary duties. If the Board determines that the transfer will satisfy these requirements, the Board shall then have one hundred fifty (150) days from the date of such determination to effect the transfer. The amount to be transferred shall be the amount in the Employer's Prefunding Account as of the date of the transfer (the "transfer date") and shall include investment earnings up to an investment earnings allocation date preceding the transfer date. In no event shall the investment earnings allocation date precede the transfer date by more than 150 days.
- (b) A disbursement of the assets in Employer's Prefunding Account; provided that the Board shall have no obligation to make such disbursement unless the Board determines that, in compliance with the Internal Revenue Code, other law and accounting standards, and the Board's fiduciary duties, all of Employer's obligations for payment of post-employment health care benefits and other post-employment benefits and reasonable administrative costs of the Board have been satisfied. If the Board determines that the disbursement will satisfy these requirements, the

Board shall then have one hundred fifty (150) days from the date of such determination to effect the disbursement. The amount to be disbursed shall be the amount in the Employer's Prefunding Account as of the date of the disbursement (the "disbursement date") and shall include investment earnings up to an investment earnings allocation date preceding the disbursement date. In no event shall the investment earnings allocation date precede the disbursement date by more than 150 days.

(6) After Employer's participation in the Prefunding Plan terminates and at such time that no assets remain in Employer's Prefunding Account, this Agreement shall terminate.

(7) If, for any reason, the Board terminates the Prefunding Plan, the assets in Employer's Prefunding Account shall be paid to Employer after retention of (i) amounts sufficient to pay post-employment health care benefits and other post-employment benefits to annuitants for current and future annuitants described by the employer's current substantive plan (as that term is used in GASB OPEB Standards), and (ii) amounts sufficient to pay reasonable administrative costs of the Board.

(8) If Employer ceases to exist but Employer's Prefunding Plan continues to exist and if no provision has been made by Employer for ongoing payments to pay post-employment health care benefits and other post-employment benefits to annuitants for current and future annuitants, the Board is authorized to and shall appoint a third party administrator to carry out Employer's Prefunding Plan. Any and all costs associated with such appointment shall be paid from the assets attributable to contributions by Employer.

(9) If Employer should breach the representation and warranty set forth in Paragraph A., the Board shall take whatever action it deems necessary to preserve the tax-exempt status of the Prefunding Plan.

I. General Provisions

(1) Books and Records.

Employer shall keep accurate books and records connected with the performance of this Agreement. Employer shall ensure that books and records of subcontractors, suppliers, and other providers shall also be accurately maintained. NOW, THEREFORE, BE IT RESOLVED THAT EMPLOYER HEREBY MAKES THE FOLLOWING REPRESENTATION AND WARRANTY AND THAT THE BOARD AND EMPLOYER AGREE TO THE FOLLOWING TERMS AND CONDITIONS:

(3) The terms of this Agreement may be amended only in writing upon the agreement of both the Board and Employer, except as otherwise provided herein. Any such amendment or modification to this Agreement shall be adopted and executed in the same manner as required for the Agreement. Upon receipt of the executed amendment or modification, the Board shall fix the effective date of the amendment or modification.

(4) The Board shall institute such procedures and processes as it deems necessary to administer the CEPPT, to carry out the purposes of this Agreement, and to maintain the tax-exempt status of the CEPPT. Employer agrees to follow such procedures and processes.

C. Employer Reports Provided for the Board's Use in Trust Administration and Financial Reporting and Employer Contributions

(1) Employer shall provide to the Board a defined benefit pension plan cost report on the basis of the actuarial assumptions and methods prescribed by Actuarial Standards of Practice (ASOP) or prescribed by GASB. Such report shall be for the Board's use in trust administration and financial reporting and shall be prepared at least as often as the minimum frequency required by applicable GASB Standards. This defined benefit pension plan cost report may be prepared as an actuarial valuation report or as a GASB compliant financial report. Such report shall be:

- 1) prepared and signed by a Fellow or Associate of the Society of Actuaries who is also a Member of the American Academy of Actuaries or a person with equivalent qualifications acceptable to the Board;
- 2) prepared in accordance with ASOP or with GASB; and
- 3) provided to the Board prior to the Board's acceptance of contributions for the reporting period or as otherwise required by the Board.

(2) In the event that the Board determines, in its sole discretion, that Employer's cost report is not suitable for the Board's purposes and use or if Employer fails to provide a required report, the Board may obtain, at Employer's expense, a report that meets the Board's trust administration and financial reporting needs. At the Board's option, the Board may recover the costs of obtaining the report either by billing and collecting such amount from Employer or through a deduction from Employer's Prefunding Account (as defined in Paragraph D(2) below).

(3) Employer shall notify the Board in writing of the amount and timing of contributions to the CEPPT, which contributions shall be made in the manner established by the Board and in accordance with the terms of this Agreement and any procedures adopted by the Board.

(4) The Board may limit Employer's contributions to the CEPPT to the amount necessary to fully fund the actuarial present value of total projected benefit payments not otherwise prefunded through the applicable Employer Pension Plan (Unfunded PVFB), as set forth in Employer's cost report for the applicable period. If Employer's contribution would cause the assets in Employer's Prefunding Account to exceed the Unfunded PVFB, the Board may refuse to accept the contribution. If Employer's cost report for the applicable period does not set forth the Unfunded PVFB, the Board may

refuse to accept a contribution from Employer if the contribution would cause the assets in Employer's Prefunding Account to exceed Employer's total pension liability, as set forth in Employer's cost report.

(5) No contributions are required. Contributions can be made at any time following the effective date of this Agreement if Employer has first complied with the requirements of this Agreement, including Paragraph C.

(6) Employer acknowledges and agrees that assets held in the CEPPT are not assets of any Employer Pension Plan or any plan qualified under Code Section 401(a), and will not become assets of such a plan unless and until such time as they are distributed from the CEPPT and deposited into an Employer Pension Plan.

D. Administration of Accounts; Investments; Allocation of Income

(1) The Board has established the CEPPT as a trust fund consisting of an aggregation of separate single-employer accounts, with pooled administrative and investment functions.

(2) All Employer contributions and assets attributable to Employer contributions shall be separately accounted for in the CEPPT (Employer's Prefunding Account). Assets in Employer's Prefunding Account will be held for the exclusive purpose of funding Employer's contributions to its Employer Pension Plan(s) and defraying the administrative expenses of the CEPPT.

(3) The assets in Employer's Prefunding Account may be aggregated with the assets of other participating employers and may be co-invested by the Board in any asset classes appropriate for a Code Section 115 trust, subject to any additional requirements set forth in applicable law, including, but not limited to, subdivision (d) of GC Section 21711. Employer shall select between available investment strategies in accordance with applicable Board procedures.

(4) The Board may deduct the costs of administration of the CEPPT from the investment income of the CEPPT or from Employer's Prefunding Account in a manner determined by the Board.

(5) Investment income earned shall be allocated among participating employers and posted to Employer's Prefunding Account daily Monday through Friday, except on holidays, when the allocation will be posted the following business day.

(6) If, at the Board's sole discretion and in compliance with accounting and legal requirements applicable to an Investment Trust Fund and to a Code Section 115 compliant trust, the Board determines to its satisfaction that all obligations to pay defined benefit pension plan benefits in accordance with the applicable Employer Pension Plan terms have been satisfied by payment or by defeasance with no remaining risk regarding the amounts to be paid or the value of assets held in the

CEPPT, then the residual Employer assets held in Employer's Prefunding Account may be returned to Employer.

E. Reports and Statements

(1) Employer shall submit with each contribution a contribution report in the form and containing the information prescribed by the Board.

(2) The Board, at its discretion but at least annually, shall prepare and provide a statement of Employer's Prefunding Account reflecting the balance in Employer's Prefunding Account, contributions made during the period covered by the statement, investment income allocated during such period, and such other information as the Board may determine.

F. Disbursements

(1) Employer may receive disbursements from the CEPPT not to exceed, on an annual basis, the amount of the total annual Employer contributions to Employer's Pension Plan for such year.

(2) Employer shall notify the Board in writing in the manner specified by the Board of the persons authorized to request disbursements from the CEPPT on behalf of Employer.

(3) Employer's request for disbursement shall be in writing signed by Employer's authorized representative, in accordance with procedures established by the Board, and the Board may rely conclusively upon such writing. The Board may, but is not required to, require that Employer certify or otherwise demonstrate that amounts disbursed from Employer's Prefunding Account will be used solely for the purposes of the CEPPT. However, in no event shall the Board have any responsibility regarding the application of distributions from Employer's Prefunding Account.

(4) No disbursement shall be made from the CEPPT which exceeds the balance in Employer's Prefunding Account.

(5) Requests for disbursements that satisfy the above requirements will be processed on at least a monthly basis.

(6) The Board shall not be liable for amounts disbursed in error if it has acted upon the written instruction of an individual authorized by Employer to request disbursements, and is under no duty to make any investigation or inquiry about the correctness of such instruction. In the event of any other erroneous disbursement, the extent of the Board's liability shall be the actual dollar amount of the disbursement, plus interest at the actual earnings rate but not less than zero.

G. Costs of Administration

Employer shall pay its share of the costs of administration of the CEPPT, as determined by the Board and in accordance with Paragraph D.

H. Termination of Employer's Participation in the CEPPT

(1) The Board may terminate Employer's participation in the CEPPT if:

- (a) Employer's governing body gives written notice to the Board of its election to terminate; or
- (b) The Board determines, in its sole discretion, that Employer has failed to satisfy the terms and conditions of applicable law, this Agreement or the Board's rules, regulations or procedures.

(2) If Employer's participation in the CEPPT terminates for either of the foregoing reasons, all assets in Employer's Prefunding Account shall remain in the CEPPT, except as otherwise provided below, and shall continue to be invested and accrue income as provided in Paragraph D, and Employer shall remain subject to the terms of this Agreement with respect to such assets.

(3) After Employer's participation in the CEPPT terminates, Employer may not make further contributions to the CEPPT.

(4) After Employer's participation in the CEPPT terminates, disbursements from Employer's Prefunding Account may continue upon Employer's instruction or otherwise in accordance with the terms of this Agreement.

(5) After Employer's participation in the CEPPT terminates, the governing body of Employer may request either:

- (a) A trustee to trustee transfer of the assets in Employer's Prefunding Account to a trust dedicated to prefunding Employer's required pension contributions; provided that the Board shall have no obligation to make such transfer unless the Board determines that the transfer will satisfy applicable requirements of the Code, other law and accounting standards, and the Board's fiduciary duties. If the Board determines that the transfer will satisfy these requirements, the Board shall then have one hundred fifty (150) days from the date of such determination to effect the transfer. The amount to be transferred shall be the amount in Employer's Prefunding Account as of the date of the transfer (the "transfer date") and shall include investment earnings up to an investment earnings allocation date preceding the transfer date. In no event shall the investment earnings allocation date precede the transfer date by more than 150 days.

- (b) A disbursement of the assets in Employer's Prefunding Account; provided that the Board shall have no obligation to make such disbursement unless the Board determines that, in compliance with the Code, other law and accounting standards, and the Board's fiduciary duties, all of Employer's obligations for payment of defined benefit pension plan benefits and reasonable administrative costs of the Board have been satisfied. If the Board determines that the disbursement will satisfy these requirements, the Board shall then have one hundred fifty (150) days from the date of such determination to effect the disbursement. The amount to be disbursed shall be the amount in Employer's Prefunding Account as of the date of the disbursement (the "disbursement date") and shall include investment earnings up to an investment earnings allocation date preceding the disbursement date. In no event shall the investment earnings allocation date precede the disbursement date by more than 150 days.

(6) After Employer's participation in the CEPPT terminates and at such time that no assets remain in Employer's Prefunding Account, this Agreement shall terminate. To the extent that assets remain in Employer's Prefunding Account, this Agreement shall remain in full force and effect.

(7) If, for any reason, the Board terminates the CEPPT, the assets in Employer's Prefunding Account shall be paid to Employer to the extent permitted by law and Code Section 115 after retention of (i) an amount sufficient to pay the Unfunded PVFB as set forth in a current defined benefit pension plan(s) cost report prepared in compliance with ASOP and the requirements of Paragraph C(1), and (ii) amounts sufficient to pay reasonable administrative costs of the Board. Amounts retained by the Board to pay the Unfunded PVFB shall be transferred to (i) another Code Section 115 trust dedicated to prefunding Employer's required pension contributions, subject to the Board's determination that such transfer will satisfy applicable requirements of the Code, other law and accounting standards, and the Board's fiduciary duties or (ii) Employer's Pension Plan, subject to acceptance by Employer's Pension Plan.

(8) If Employer ceases to exist but Employer's Prefunding Account continues to exist, and if no provision has been made to the Board's satisfaction by Employer with respect to Employer's Prefunding Account, the Board shall be permitted to identify and appoint a successor to Employer under this Agreement, provided that the Board first determines, in its sole discretion, that there is a reasonable basis upon which to identify and appoint such a successor and provided further that such successor agrees in writing to be bound by the terms of this Agreement. If the Board is unable to identify or appoint a successor as provided in the preceding sentence, then the Board is authorized to appoint a third-party administrator or other successor to act on behalf of Employer under this Agreement and to otherwise carry out the intent of this Agreement with respect to Employer's Prefunding Account. Any and all costs associated with such appointment shall be paid from the assets attributable to Employer's Prefunding Account. At the Board's option, and subject to acceptance by Employer's Pension Plan,

the Board may instead transfer the assets in Employer's Prefunding Account to Employer's Pension Plan and terminate this Agreement.

(9) If the Board determines, in its sole discretion, that Employer has breached the representation and warranty set forth in Paragraph A., the Board shall take whatever action it deems necessary to preserve the tax-exempt status of the CEPPT.

I. Indemnification

Employer shall indemnify, defend, and hold harmless CalPERS, the Board, the CEPPT, and all of the officers, trustees, agents and employees of the foregoing from and against any loss, liability, claims, causes of action, suits, or expense (including reasonable attorneys' fees and defense costs, lien fees, judgments, fines, penalties, expert witness fees, appeals, and claims for damages of any nature whatsoever) not charged to the CEPPT and imposed as a result of, arising out of, related to or in connection with (1) the performance of the Board's duties or responsibilities under this Agreement, except to the extent that such loss, liability, suit or expense results or arises from the Board's own gross negligence, willful misconduct or material breach of this Agreement, or (2) without limiting the scope of Paragraph F(6) of this Agreement, any acts taken or transactions effected in accordance with written directions from Employer or any of its authorized representatives or any failure of the Board to act in the absence of such written directions to the extent the Board is authorized to act only at the direction of Employer.

J. General Provisions

STAFF REPORT CITY OF MAYWOOD

DATE: JUNE 24, 2020

TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

FROM: JENNIFER E. VASQUEZ, CITY MANAGER *JV*

BY: HRANT MANUELIAN, FINANCE DIRECTOR

SUBJECT: RESOLUTION APPROVING THE ASSIGNMENT AGREEMENT FOR THE EXCHANGE OF PROPOSITION A FUNDS BETWEEN THE CITY OF MAYWOOD AND THE CITY OF WEST HOLLYWOOD

RECOMMENDATION

That the City Council adopt the Resolution approving the Assignment Agreement for the exchange of Proposition A funds for the sale of \$276,027 of Los Angeles County Metropolitan Transportation Authority Proposition A funds to the City of West Hollywood in exchange for \$195,979 of unrestricted General Fund dollars.

BACKGROUND

Under Proposition A (Prop A), the City receives a portion of the ½ cent sales tax levied in Los Angeles County to develop and improve local public transit, paratransit and related transportation infrastructure. Prop A Local Return Funds are restricted and can only be used for transit operations such as Dial-A-Ride, new equipment acquisition and transit related infrastructure needs. The Los Angeles County Metropolitan Transit Authority (MTA) allows cities to exchange their Prop A funds between cities in Los Angeles County, provided that the City identifies a transit need for the exchange. If Local Return Funds are not spent within (4) years of receiving the allocation, unspent funds lapse and revert to the County.

DISCUSSION

The City's transit operation program does not typically expend the full allocation each fiscal year and has an accumulated reserve balance of Prop A funds of \$550,000. These restricted funds are available for exchange at a lesser amount for unrestricted general fund dollars that can be used for any purpose.

In Fiscal Year 2018-19, the City approved the exchange of \$950,000 Proposition A funds with the City West Hollywood for unrestricted General Fund dollars of \$665,000 at a rate of \$.70/\$1.00 on the dollar.

In Fiscal Year 2019-20, the City was successful in negotiating the exchange of \$276,027 Proposition A funds with the City of West Hollywood in exchange for unrestricted General Fund dollars of \$195,979. The exchange will be made in one segment: \$276,027 will be exchanged at a rate of \$.71/\$1.00 on the dollar in June 2020.

On July 31, 2019, MTA approved the exchange with the City of West Hollywood, but the Fund exchange agreements must be approved by Council action of both cities. Once both City Councils have approved this agreement, the respective staffs will coordinate the exchange of funds.

Staff recommends that the City Council adopt the Resolution authorizing the execution of the Proposition A Assignment Agreement for the sale of \$276,027 of Prop A funds to the City of West Hollywood in exchange for \$195,979 of unrestricted General Fund dollars.

LEGAL REVIEW

The City Attorney has reviewed this report.

FISCAL IMPACT

The exchange will result in a decrease in the fund balance to the City's Prop A fund in the amount of \$276,027 and an increase to the General Fund in the amount of \$195,979. This exchange of Prop A funds is included in the FY 2019-20 adopted budget as a one-time revenue balancing measure.

ASSIGNMENT AGREEMENT
PROP A LOCAL RETURN FUND EXCHANGE

This Assignment Agreement is made and entered into this 24th day of June 2020, by the City of West Hollywood, California and the 24th day of June 2020, by the City of Maywood, California with respect to the following facts:

A. The City of West Hollywood provides community shuttles, demand-response services and bus pass and on-demand subsidies to serve seniors, people with disabilities and the general public. Given the grave traffic congestion and parking problems of the City, West Hollywood is committed to reducing auto dependency by providing alternative modes of transportation. Adequate Proposition A Local Return funding for transit services are not available given the limited amount of West Hollywood's Local Return allocation and the needs of other priority transit-related projects in the City.

B. The City of Maywood has an accumulation of uncommitted Proposition A Local Return funds which could be made available to the City of West Hollywood to assist in providing the services discussed in Section A of this Agreement. In exchange for the assignment by the City of West Hollywood of the amount of its general funds indicated in Section 1 below, the City of Maywood is willing to assign uncommitted Proposition A Local Return funds to West Hollywood for the purpose identified in Section A.

Now, therefore, in consideration of the mutual benefits to be derived by the parties and of the premises herein contained, it is mutually agreed as follows:

1. Exchange. The City of Maywood agrees to assign a total of \$276,027 of its uncommitted Proposition A Local Return funds to the City of West Hollywood in Fiscal Year 2019-2020. In return, the City of West Hollywood agrees to assign \$195,979 of its general funds to the City of Maywood in Fiscal Year 2019-2020. The rate of exchange is \$0.71/\$1.00.

2. Consideration. The City of Maywood shall assign the agreed upon Proposition A Local Return funds to West Hollywood in one lump-sum payment. The City of West Hollywood shall likewise assign the agreed upon general funds to the City of Maywood in one lump-sum payment. The payment shall be due and payable upon execution of this Agreement, and upon approval by Los Angeles County Metropolitan Transportation Authority (LACMTA) of the City of Maywood's project description. The exchange shall occur at a time mutually agreed upon by both parties, but no later than June 30, 2020. The payments shall be based on the exchange rate described in Section 1 of this Agreement.

3. Term. This Agreement is effective on the date above written and for such time as is necessary for both parties to complete their mutual obligations under this Agreement.

4. Termination. Termination of this Agreement may be made by either party so long as written notice of intent to terminate is given to the other party at least five (5) days prior to the termination.

5. Notice. Notices shall be given pursuant to this Agreement by personal service on the party to be notified, or by written notice upon such party deposited in the custody of the United States Postal Service addressed as follows:

A. Paul Arevalo
City Manager
City of West Hollywood
8300 Santa Monica Blvd.
West Hollywood, CA 90069

B. Jennifer E. Vasquez
City Manager

6. Assurances

A. West Hollywood shall use the assigned Proposition A Local Return funds only for the purpose of providing the services discussed in Paragraph A of this Agreement and within the time limits specified in LA Metro's Proposition A Local Return Program Guidelines.

B. Concurrently with the execution of this Agreement, City of Maywood shall provide LA Metro with the Standard Assurances and Understandings Regarding Receipt and Use of Proposition A funds specified in the Guidelines regarding the use of the assigned Proposition A Local Return funds.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their respective officers, duly authorized, by the CITY OF WEST HOLLYWOOD on June 24, 2020 and by the CITY OF MAYWOOD on June 24, 2020.

CITY COUNCIL STAFF REPORT

BY: JENNIFER E. VASQUEZ, CITY MANAGER *Jm*

SUBJECT: CONSIDERATION OF APPROVING RESOLUTION NO. 6124,
IN SUPPORT OF THE SCHOOLS AND LOCAL COMMUNITIES
FIRST FUNDING ACT

STAFF RECOMMENDATION

Staff recommends that the City Council approve Resolution No. 6124 in Support of The Schools and Local Communities First Funding Act.

BACKGROUND

The City received a request from Alliance for a Better Community (ABC) to support The Schools and Local Communities First Funding Act. ABC's mission is to promote the prosperity of the Latino community and the Los Angeles region, inclusive of an improved quality of life for Latinos in education, health, economic opportunity, and civic participation. Additionally, they are a founding organization of The SELA Collaborative. ABC strives to engage residents, community members, and elected officials to create, promote, and implement policies and advocacy efforts that support Latinos in Los Angeles County.

DISCUSSION

ABC is requesting the City of Maywood to support the Schools and Local Communities First Funding Act (SCF) because of the devastating effect that the current pandemic (COVID-19) has had on the Latino community. According to the US Census, 98% of the City of Maywood's residents identify as Hispanic or Latino. SCF will play a crucial role

in the recovery for low-income and communities of color in California and Los Angeles County. Through the research of ABC and advocacy, we know that the Southeast Los Angeles region is home to working-class Latino and a large immigrant population that make up 98% of the region and will be hit the hardest as we begin a path to recovery.

Supporting SCF is an opportunity to reclaim \$12 billion every year for students and local neighborhoods by closing the property tax loopholes that benefit a fraction of large corporations and wealthy real estate investors.

In summary, SCF will bring the following:

- Reclaims \$12 billion for K-12 schools, community colleges, and local governments
- Closes commercial property tax loopholes and ends shady schemes that big corporations and wealthy investors use to avoid paying their fair share of property taxes
- Invests in educating our kids and providing critical services to our neighborhoods
- Protects all homeowners and renters from property tax increases
- Provides tax incentives for small businesses
- Levels the playing field for all businesses to ensure all pay their fair share
- Ensures accountability, equity, and transparency so that the funds go to our students and communities

Furthermore, the local benefit is significant. If SCF passes, Los Angeles County could receive \$3.75 billion, which could be used for schools, city, and community services or programs – at zero cost for residents.

CITY COUNCIL STAFF REPORT

DATE: JUNE 24, 2020

TO: HONORABLE MAYOR, AND MEMBERS OF THE CITY COUNCIL

FROM: JENNIFER E. VASQUEZ, CITY MANAGER *je*

BY: ROXANNE DIAZ, CITY ATTORNEY

SUBJECT: CONSIDERATION OF AN ORDINANCE DESIGNATING THE POSITION OF FINANCE DIRECTOR AS A DEPARTMENT HEAD AND REMOVING THE POSITION FROM THE CIVIL SERVICE SYSTEM AND AMENDING THE MAYWOOD MUNICIPAL CODE

STAFF RECOMMENDATION

Staff recommends that the City Council read Ordinance No. 20-05, "An Ordinance of the City Council of the City of Maywood Designating the Position of Finance Director as a Department Head and Removing the Position from the Civil Service System and Amending Title 2 of the Maywood Municipal Code" by title only, waive further reading, and introduce the ordinance.

BACKGROUND

The position of Finance Director is a department head position in municipal government and the City of Maywood has had a Finance Director for many years. The City recently hired a new Finance Director and during the process determined that for some unknown reason, the Finance Director was not listed as a Department Head and thus defaulted as part of the civil service system. The proposed ordinance amends the City's Municipal Code to add the Finance Director position to the list of department heads in addition to eliminating department head positions that do not exist (such as the Police Chief).

DISCUSSION

The City Council hired a professional City Manager in the last year. Since then, the City Manager has hired a new Finance Director with years of experience in municipal government and finance. During the hiring process, the City Manager learned that the Finance Director was not listed as a department head in the City's Municipal Code. As the City appreciates the importance of a high-functioning City Hall staff who are appropriately placed in their roles to serve its citizens, it is necessary to formalize the City's treatment of the Finance Director position as a Department Head.

Currently, section 2-3.120 of the City of Maywood Municipal Code lists the Department Heads that are exempt from the civil service system. The Department Heads in such section include only the Director of Building and Planning, the Director of Community Service, the Chief of Police, and the Street Superintendent. The City of Maywood, however, has had for many years a Director of Finance who functions as part of the City's executive team, similar to other cities throughout California. Accordingly, Staff is recommending that the Municipal Code be amended to add the Finance Director to the list of Department Heads.

The proposed ordinance would update the Municipal Code and eliminate the positions of Street Superintendent and Chief of Police since the City now contracts with the Los Angeles County Sheriff's Department and outsources street functions, and would add the position of Finance Director to the remaining list of Department Heads. Pursuant to Government Code Section 45007, the City Council has authority to take such action.

ORDINANCE NO. 20-05

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF MAYWOOD DESIGNATING THE POSITION OF FINANCE DIRECTOR AS A DEPARTMENT HEAD AND REMOVING THE POSITION FROM THE CIVIL SERVICE SYSTEM AND AMENDING TITLE 2 OF THE MAYWOOD MUNICIPAL CODE

THE CITY COUNCIL OF THE CITY OF MAYWOOD DOES ORDAIN AS FOLLOWS:

Section 1. It is the intent of the City Council in adopting this Ordinance to remove the position of Finance Director from the City's civil service system, as authorized by Government Code Section 45007, and to re-designate that position as an at-will department head.

Section 2. Section 2-3.120 of Article 1 (Civil Service System) of Chapter 3 (Officers and Employees) of Title 2 (Administration) of the Maywood Municipal Code is hereby amended to read as follows:

"2-3.120 - Department heads: Exemption from civil service status.

For the purposes of this article, the Council hereby finds and determines that the following are full-time, at-will department head positions in the City:

- (a) The Director of Building and Planning;
- (b) The Director of Community Services;
- (c) The Director of Finance.

Subject to the provisions hereinafter set forth in this article, said department heads are not a part of the classified service of the City."

Section 3. If any section, subsection, subdivision, paragraph, sentence, clause or phrase of this Ordinance or its application to any person or circumstance, is for any reason held to be invalid or unenforceable by a court of competent jurisdiction, such invalidity or unenforceability shall not affect the validity or enforceability of the remaining sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases of this Ordinance, or its application to any other person or circumstance. The City Council declares that it would have adopted each section, subsection, subdivision, paragraph, sentence, clause, phrase hereof, irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases hereof be declared invalid or unenforceable.

Section 4. The City Council hereby finds that it can be seen with certainty that there is no possibility that the adoption and implementation of this Ordinance may have a significant effect on the environment. This Ordinance is therefore exempt from the environmental review requirements of the California Environmental Quality Act (CEQA) pursuant to Section 15061(b)(3) of Title 14 of the California Code of Regulations.

CITY COUNCIL STAFF REPORT

DATE: JUNE 24, 2020

TO: HONORABLE MAYOR, AND MEMBERS OF THE CITY COUNCIL

FROM: JENNIFER E. VASQUEZ, CITY MANAGER *JV*

BY: ROXANNE DIAZ, CITY ATTORNEY

SUBJECT: CONSIDERATION OF A RESOLUTION DESIGNATING DIANE R. GLADWELL AS THE ELECTIONS OFFICIAL FOR THE CITY'S GENERAL MUNICIPAL ELECTION TO BE HELD ON NOVEMBER 3, 2020

STAFF RECOMMENDATION

Staff recommends that the City Council adopt the Resolution appointing and designating Diane R. Gladwell as the City's Elections Official for the General Municipal Election to be held on November 3, 2020.

BACKGROUND

The proposed resolution appoints and designates Diane R. Gladwell as the City's Election Official for the City's General Municipal Election on November 3, 2020 which has been called for the purpose of electing two Members of the City Council each for the full term of four years; a City Clerk for the full term of four years; and a City Treasurer for the full term of four years. The City has in the past appointing an Elections Official that is separate from the City Clerk.

DISCUSSION

The duties of conducting an election are rendered by the "Elections Official," which is defined by the Elections Code as the city clerk or any person who is charged with the duty of conducting an election. In that role, the Elections Official serves as an independent and impartial official regarding the conduct of the City's elections beginning with the

nomination process and concluding with the certification of the election. The City of Maywood in the past has appointed a person separate from the City Clerk to act as the City's "Election Official."

The City Manager has procured the services as Gladwell Governmental Services, Inc. under her contract authority as an elections consultant. Gladwell Governmental Services, Inc. is owned by Diane R. Gladwell, a Master Municipal Clerk with over 30 years of experience both as a City Clerk for the City of San Luis Obispo and Assistant City Clerk in Glendale but also as a consultant to cities, special districts and counties in the areas of elections management, records retention and other city clerk functions. Ms. Gladwell is highly regarded in her field and has been the recipient of numerous awards recognizing excellence in municipal clerk administration.

At the November 2020 election, the voters will be electing not only two council members but also a City Treasurer and a City Clerk. As the City Clerk is the person that generally provide election duties that are not provided by the County, the City Manager conferred with Ms. Gladwell and determined that she was available to undertake the duties of the Elections Official. Thereafter, the City Manager contacted and consulted with the City's elected City Clerk, the Honorable Gerardo Mayagoitia, regarding the possible appointment of Ms. Gladwell as the elections official for the November 2020 election. The City Manager provided City Clerk Mayagoitia with Ms. Gladwell's resume and after discussion, City Clerk Mayagoitia had no objection to the designation of Ms. Gladwell to serve as the Elections Official for the November 2020 election.

The proposed resolution will appoint and designate Ms. Gladwell as the Elections Official. The City Council has authority under the Elections Code and the Government Code to appoint an Elections Official separate from the City Clerk.

LEGAL REVIEW

The City Attorney has drafted and reviewed this report.

FISCAL IMPACT

A professional services agreement with Gladwell Government Services, Inc. has been entered by the City Manager for an amount not to exceed \$10,000. An informal search was conducted prior to selecting Gladwell Government Services. The funds are included in the general fund budget.

The scope of work includes elections management support services and if so, desired the City Council may designate Ms. Gladwell as the Elections Official. Ms. Gladwell will accept the designation at no additional cost.

CITY COUNCIL STAFF REPORT

DATE: JUNE 24, 2020

TO: HONORABLE MAYOR, AND MEMBERS OF THE CITY COUNCIL

FROM: JENNIFER E. VASQUEZ, CITY MANAGER *JV*

BY: HRANT MANUELIAN, FINANCE DIRECTOR

RE: CONSIDERATION OF RESOLUTION NO. 6125 ESTABLISHING AN APPROPRIATIONS LIMIT PURSUANT TO ARTICLE XIIIB OF THE CALIFORNIA CONSTITUTION FOR FISCAL YEAR 2020-2021.

RECOMMENDATION

Staff recommends that the City Council adopt Resolution No. 6125 that establishes the appropriations limit for Fiscal Year 2020-2021 at \$ 9,437,898.

BACKGROUND

An annual appropriations limit of tax proceeds of the General Fund, established by the City Council through a resolution, is required as a result of the 1979 Proposition 4, Gann Initiative, Article XIIIB of the State Constitution and Section 7910 of the Government Code. This limit, referred to as the Gann Limit, limits the level of appropriations from tax sources that state and local governments are

permitted to make in one given year. It also requires these agencies to return to taxpayers any tax revenues in excess of the limit.

DISCUSSION

Staff has prepared a series of worksheets to support the calculation of the FY 2020-2021 Gann Limit. Using the FY 2020-2021 Proposed Budget Revenues, each worksheet serves to carefully document the analysis of proceeds versus

non-proceed of tax, including an allocation of interest between all sources of revenue.

Worksheet No.6, for example, provides last year's (FY 2019-2020) limit \$9,341,291, the annual adjustment to the limit based on a weighted composite of population and inflation growth, and the new limit for FY 2020-2021, or \$ 9,437,898.

Worksheet No.4 shows how much the City expects to receive in proceeds of taxes subject to limitation for FY 2020-2021 at \$8,326,457 and its relation to the Gann Limit. These worksheets have been made available to the public for inspection.

It is important to mention that the City is safely within its Gann Limit by \$1,111,441 and that only 88% of the Gann Limit capacity is expected to be met in FY 2020-2021.

The City Council's goal of maintaining fiscal responsibility and stability will be advanced through the review and adoption of the Gann Appropriations Limit for Fiscal Year 2020-2021.

LEGAL REVIEW

The City Attorney has reviewed this report

FISCAL IMPACT

There is no fiscal impact as a result of this action and there will be no indirect or support cost requirements.

FY 2020-2021 ADJUSTMENT FACTORS & CALCULATION OF APPROPRIATIONS LIMIT

Under Proposition 111, each of the major adjustment factors have two options. The available options for these factors for the purpose of calculating the Fiscal Year 2020-2021 adjustments are as follows:

Price Factors:

A) Percent change in State per Capital Personal Income: 3.73%

Price Factor A 1.0373

B) Percent change in Assessed Valuation in non-residential new construction

4.61%

Price Factor A 1.0461

Populaton factors:

C) Percent change in County Population: 0.22%

Population factor C 1.0022

D) Percent change in City Population -0.30%

Population factor D 0.997

Annual Adjustment Factors:

Based upon the actual data, the four possible adjustments factors are as follows:

$$(A \times C) = (1.0373) \times (1.0022) = \mathbf{1.039582 \text{ Recommended}}$$

$$(A \times D) = (1.0373) \times (.997) = 1.034188$$

$$(B \times C) = (1.0461 \times (1.0022) = 1.048401$$

$$(B \times D) = (1.0461 \times .997) = 1.042962$$

CITY COUNCIL STAFF REPORT

DATE: JUNE 24, 2020

TO: HONORABLE MAYOR, AND MEMBERS OF THE CITY COUNCIL

FROM: JENNIFER E. VASQUEZ, CITY MANAGER *JV*

BY: KEVIN KO, CONTRACT CITY ENGINEER

RE: CONSIDERATION OF AWARDING A CONTRACT FOR
CONSTRUCTION OF THE CITYWIDE STREET NAME SIGN
REPLACEMENT PROJECT TO STERND AHL ENTERPRISES,
INC.

RECOMMENDATION

- 1) It is recommended that the City Council award a contract to Sterndahl Enterprises, Inc. for the construction of the Citywide Street Name Sign Replacement Project for a total amount not-to-exceed (NTE) \$195,240 and approve the plans and specifications for the project.; and
- 2) It is recommended that the City Council provide direction to staff on the preferred color scheme for the street name signs.

BACKGROUND

Between August 2018 and June 2019, City staff conducted a thorough inventory and survey of street signs throughout the City which included regulatory signs, warning signs, guide signs, and school signs. A component of the guide signs surveyed were street name signs. The inventory and survey revealed there were many street name signs in very poor condition and were extremely faded. Due to these conditions, the City considered a redesign and replacement of the existing

street name signs to add improved aesthetics and character to the streets of Maywood.

On July 10, 2019, the City Council was presented with street name sign design concepts for the City. At the conclusion of the presentation and discussion, the City Council directed staff to post a survey to obtain resident input. Subsequently, staff posted a survey on the City's website and Facebook page for two weeks from August 5, 2019 to August 19, 2019 to allow residents to vote on a preferred design concept.

On September 25, 2019, staff presented the results of the survey to the City Council which favored Concept A and requested the City Council provide direction on the preferred color scheme of the new design. The City Council accepted Concept A and directed staff to obtain quotes for white signs with black lettering and blue signs with white lettering. It was also discussed that the existing street name signs would be salvaged to be raffled or sold on a later date, as requested by numerous residents.

DISCUSSION

On April 22, 2020, staff issued a Notice Inviting Bids (Attachment 1) to solicit informal bids for the construction of the Citywide Street Name Sign Replacement Project pursuant to the Uniform Public Construction Cost Accounting Act (UPCCA) as defined in Chapter 7, Section 3-7.04 of the City's municipal code. On May 15, 2020, two (2) bids were received with Sterndahl Enterprises, Inc. as the low bidder.

Company Name	Bid Amount
Sterndahl Enterprises, Inc.	\$195,240
Safety Network Traffic Signs, Inc.	\$199,985

The City Contract Engineer reviewed the specifications for this project, which were attached as part of the bid package. In his opinion, the specifications are reasonable and meet professional engineering standards. Therefore, the City's Contract Engineer recommends that the City Council approve the specifications for the Citywide Street Name Sign Replacement Project.

It is staff's recommendation to award a contract to Sterndahl Enterprises, Inc. for the construction of the Citywide Street Name Sign Replacement Project for a total amount not-to-exceed \$195,240. It is also staff's recommendation that the City Council provide direction on the preferred color scheme for the signs (Attachment 4). There is no difference in cost between the two color schemes.

LEGAL REVIEW

The City Attorney has reviewed this report.

FISCAL IMPACT

Funding for this project will be budgeted in the special revenue funds with the adoption of the fiscal year 2020-2021 budget.

PREVAILING WAGES. In accordance with Labor Code Section 1770 *et seq.*, the Project is a “public work.” The selected Bidder (Contractor) and any Subcontractors shall pay wages in accordance with the determination of the Director of the Department of Industrial Relations (“DIR”) regarding the prevailing rate of per diem wages. Copies of those rates are on file with the Director of Public Works, and are available to any interested party upon request. The Contractor shall post a copy of the DIR’s determination of the prevailing rate of per diem wages at each job site. This Project is subject to compliance monitoring and enforcement by the DIR.

BONDS. Each Bid must be accompanied by a cash deposit, cashier’s check, certified check or Bidder’s Bond issued by a Surety insurer, made payable to the City and in an amount not less than ten percent (10%) of the total Bid submitted. Personal or company checks are not acceptable. Upon Contract award, the Contractor shall provide faithful performance and payment Bonds, each in a sum equal to the Contract Price. All Bonds must be issued by a California admitted Surety insurer using the forms set forth in the Contract Documents, or in any other form approved by the City Attorney. Failure to enter into the Contract with the City, including the submission of all required Bonds and insurance coverages, within fifteen (15) Days

after the date of the mailing of written notice of contract award to the Bidder, shall subject the Bid security to forfeiture to the extent provided by law.

LICENSES. Each Bidder shall possess a valid Class A or Class C-32 Contractor's license issued by the California State Contractors License Board at the time of the Bid submission, unless this Project has any federal funding, in which case the successful Bidder must possess such a license at the time of Contract award. The successful Contractor must also possess a current City business license.

RETENTION SUBSTITUTION. Five percent (5%) of any progress payment will be withheld as retention. In accordance with Public Contract Code Section 22300, and at the request and expense of the Contractor, securities equivalent to the amount withheld may be deposited with the City or with a State or federally chartered bank as escrow agent, which shall then pay such moneys to the Contractor. Upon satisfactory completion of the Project, the securities shall be returned to the Contractor. Alternatively, the Contractor may request that the City make payments of earned retentions directly to an escrow agent at the Contractor's expense. No such substitutions shall be accepted until all related documents are approved by the City Attorney.

BIDDING PROCESS. The City reserves the right to reject any Bid or all Bids, and to waive any irregularities or informalities in any Bid or in the bidding, as deemed to be in its best interest.

13. State Labor Code.

a. This Contract calls for work to be performed constituting public works. Contractor and all subcontractors shall pay the general prevailing rate of per diem wages as determined and as published by the State Director of the Department of Industrial Relations pursuant to Article 2 of Chapter 1 of Part 7, of Division 2 of the State Labor Code, including, but not limited to, Sections 1770, 1771, 1773, 1773.2 and 1774.

b. This is a public work and requires the payment of prevailing wages for the work or craft in which the worker is employed for any public work done under the contract by Contractor or by any subcontractor pursuant to Section 1771 of the Labor Code. Pursuant to the provisions of Section 1773 of the Labor Code of the State of California, the City has obtained the general prevailing rate of per diem wages and the general rate for holiday and overtime work in this locality for each craft, classification, or type of workman needed to execute this contract from the Director of the Department of Industrial Relations. These rates are on file with the City Clerk or may be obtained at <http://www.dir.ca.gov/OPRL/DPreWageDetermination.htm>.

Contractor shall post a copy of such wage rates at the job site and shall pay the adopted prevailing wage rates as a minimum. Contractor shall comply with the provisions of Sections 1775, 1776, 1777.5, 1777.6, and 1813 of the Labor Code. Pursuant to the provisions of 1775 of the Labor Code, Contractor shall forfeit to the City, as a penalty, not more than \$200.00 for each calendar day, or portion thereof, for each laborer, worker, or mechanic employed, paid less than the stipulated prevailing rates for any work done under this Contract, by him or by any subcontractor under him, in violation of the provisions of this Agreement.

c. Contractors and subcontractors who are ineligible to bid for work on, or be awarded, a public works project pursuant to Labor Code Sections 1777.1 and 1777.7 are prohibited from bidding on, being awarded, or performing work as a subcontractor, on this Project pursuant to Public Contract Code Section 6109.

d. Contractor's attention is directed to the provisions in Sections 1774, 1775, 1776, 1777.5 and 1777.6 of the Labor Code. Contractor shall comply with the provisions in these Sections. The statutory provisions for penalties for failure to comply with the State's wage and hours laws will be enforced. Pursuant to Section 1775 of the Labor Code, the Contractor and any subcontractors, shall, as a penalty to the City forfeit the prescribed amounts per calendar day, or portion thereof, for each worker paid less than the prevailing wage rates.

e. Pursuant to Labor Code Section 1771.4, the Project is subject to compliance monitoring and enforcement by the California Department of Industrial Relations.

f. Each Contractor and subcontractor shall furnish the records specified in Labor Code Section 1776 directly to the State Labor Commissioner at least monthly in the format prescribed by the State Labor Commissioner.

g. Sections 1774 and 1775 require the Contractor and all subcontractors to pay not less than the prevailing wage rates to all workmen employed in the execution of the Contract and specify forfeitures and penalties for failure to do so. The minimum wages to be paid are those determined by the State Director of the Department of Industrial Relations. Section 1776 requires the Contractor and all subcontractors to keep accurate payroll records, specifies the contents thereof, their inspection and duplication procedures and certain notices required of the Contractor pertaining to their location.

h. Section 1777.5 of the Labor Code requires Contractor or subcontractor employing workers in any apprenticeable occupation to apply to the Joint Apprenticeship Committee nearest the site of the public works project, which administers the apprenticeship program in that trade for a certificate of approval. The certificate will also fix the ratio of apprentices to journeymen to be used in the performance of the Contract. The Contractor is required to make contributions to funds established for the administration of apprenticeship programs if he employs registered apprentices or journeymen in any apprenticeable trade and if other contractors on the public works site are making such contributions. Information relative to apprenticeship standards, contributions, wage schedules and other requirements may be obtained from the State Director of Industrial Relations or from the Division of Apprenticeship Standards. Section 1777.6 of the Labor Code provides that it shall be unlawful to refuse to accept otherwise

qualified employees as registered apprentices solely on the grounds of race, religious creed, color, national origin, ancestry, sex, or age.

i. Eight hours labor constitutes a legal day's work, as set forth in Labor Code Section 1810. The statutory provisions for penalties for failure to comply with the State's wage and hour laws will be enforced as set forth in Labor Code Section 1813.

14. Antitrust Claims. In entering into this Agreement, Contractor offers and agrees to assign to the City all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the California Business and Professions Code) arising from purchases of goods, services, or materials pursuant to the Agreement. This assignment shall be made and become effective at the time the City tenders final payment to Contractor without further acknowledgment by the parties.

15. Trenching and Excavations. Pursuant to Public Contract Code Section 7104, if the project involves trenching more than four (4) feet deep, Contractor shall promptly and before the following conditions are disturbed notify the City in writing of any:

a. Material that Contractor believes may be material that is hazardous waste, as defined in California Health and Safety Code Section 25117, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law; and/or

b. Subsurface or latent physical conditions at the site differing from those indicated; and/or

c. Unknown physical conditions at the site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract.

d. As required by Labor Code Section 6705 and in addition thereto, whenever work under the Contract that involves an estimated expenditure in excess of twenty-five thousand dollars (\$25,000) for the excavation of any trench or trenches five (5) feet or more in depth, Contractor shall submit for acceptance by City in advance of excavation, a detailed plan showing the design of shoring, bracing, sloping, or other provisions to be made for worker protection from the hazard of caving ground during the excavation, of such trench or trenches. If such plan varies from the shoring system standards established by the Construction Safety Orders of the Division of Industrial Safety, the plan shall be prepared by a registered civil or structural engineer employed by Contractor, and all costs therefor shall be included in the price of the Contract. Nothing in this provision shall be deemed to allow the use of a shoring, sloping, or other protective system less effective than that required by the Construction Safety Orders. Nothing in this provision shall be construed to impose tort liability on the City or on any City officer, agent, consultant, representative, or employee. All plans, processing and shoring costs are Contractor's responsibility and must be included in Contractor's bid.

16. Location of Existing Elements. Pursuant to Government Code Sections 4216 to 4216.9, the methods used and costs involved to locate existing elements, points of connection and all construction methods are Contractor's sole responsibility. Accuracy of information

furnished, as to existing conditions, is not guaranteed. Contractor, at its sole expense, must make all investigations necessary to determine locations of existing elements, which may include,

without limitation, contacting U.S.A. alert and other private underground locating firm(s), and/or utilizing potholes, specialized locating equipment and/or hand trenching.

17. **Third Party Claims.** Pursuant to Public Contract Code Section 9201, the City has full authority to compromise or otherwise settle any claim relating to this Contract at any time. The City shall timely notify Contractor of the receipt of any third-party claim relating to the Contract. The City shall be entitled to recover its reasonable costs incurred in providing the notification required by Public Contract Code Section 9201(b).

18. **Non-Collusion.** Contractor hereby certifies that this bid is genuine and not a sham or collusive, or made in the interest or on behalf of any person or business not herein named. Contractor further certifies that Contractor has not directly or indirectly induced or solicited any other bidder to furnish a sham bid, or any other person or business to refrain from bidding, and Contractor has not in any manner sought by collusion to secure itself an advantage over any other bidder. Contractor also affirms that it has signed and submitted with its bid to the City a Non-collusion Declaration as required by Public Contract Code Section 7106.

19. **Conflicts of Interest.** Contractor agrees not to accept any employment or representation during the term of this Contract or within twelve (12) months after completion of the work under this Contract which is or may likely make Contractor "financially interested," as provided in Government Code Section 1090 and 87100, in any decisions made by City on any matter in connection with which Contractor has been retained pursuant to this Contract.

20. **Audit.** The City or its representative shall have the option of inspecting and/or auditing all records and other written materials used by Contractor in preparing its billings to the City as a condition precedent to any payment to Contractor. Contractor will promptly furnish documents requested by the City. Additionally, pursuant to Government Code Section 8546.7, if this Contract involves the expenditure of public funds in excess of ten thousand dollars (\$10,000), Contractor shall be subject to State Auditor examination and audit at the request of the City or as part of any audit of the City, for a period of three (3) years after final payment under this Contract.

21. **Substitute Security.** Pursuant to Public Contract Code Section 22300, the substitution of securities for any moneys withheld by the City to ensure performance under a contract is permitted, except where financing will be provided by the Farmers Home Administration of the United States Department of Agriculture pursuant to the Consolidated Farm and Rural Development Act (7 U.S.C. Sec. 1921 *et seq.*) or where federal regulations or policies, or both, do not allow the substitution of securities. At the request and expense of Contractor, securities equivalent to the amount withheld shall be deposited with the City, or with a state or federally chartered bank in the State of California as the escrow agent, that shall then pay those moneys to Contractor. Upon satisfactory completion of the Contract, the securities shall be returned to Contractor.

Alternatively, Contractor may request and the City shall make payment of retentions earned directly to the escrow agent at the expense of Contractor. At the expense of Contractor,

Contractor may direct the investment of the payments into securities, and Contractor shall receive the interest earned on the investments upon the same terms provided for securities deposited by Contractor. Upon satisfactory completion of the Contract, Contractor shall receive from the escrow agent all securities, interest, and payments received by the escrow agent from the City, pursuant to the terms of this section.

Securities eligible for investment shall include those listed in California Government Code Section 16430, bank or savings and loan certificates of deposit, interest-bearing demand deposit accounts, standby letters of credit, or any other security to which Contractor and the City agree in writing. Contractor shall be the beneficial owner of any securities substituted for moneys withheld and shall receive any interest thereon.

If Contractor elects to receive interest on moneys withheld in retention by the City, it shall, at the request of any subcontractor performing more than five percent (5%) of Contractor's total bid, make that option available to the subcontractor regarding any moneys withheld in retention by Contractor from the subcontractor. If Contractor elects to receive interest on any moneys withheld in retention by the City, then the subcontractor shall receive the identical rate of interest received by Contractor on any retention moneys withheld from the subcontractor by Contractor, less any actual pro rata costs associated with administering and calculating that interest. In the event that the interest rate is a fluctuating rate, the rate for the subcontractor shall be determined by calculating the interest rate paid during the time that retentions were withheld from the subcontractor. If Contractor elects to substitute securities in lieu of retention, then, by mutual consent of Contractor and its subcontractor, the subcontractor may substitute securities in exchange for the release of moneys held in retention by Contractor. No Contractor shall require any subcontractor to waive any provision of this paragraph.

The escrow agreement for security deposits in lieu of retention shall be substantially similar to the form provided in Public Contract Code Section 22300(f).

22. Claims Dispute Resolution. In the event of any dispute or controversy with the City over any matter whatsoever, the Contractor shall not cause any delay or cessation in or of Work, but shall proceed with the performance of the Work in dispute. The Contractor shall retain any and all rights provided that pertain to the resolution of disputes and protests between the parties. The Disputed Work will be categorized as an "unresolved dispute" and payment, if any, shall be as later determined by mutual agreement or a court of law. The Contractor shall keep accurate, detailed records of all Disputed Work, claims and other disputed matters.

All claims arising out of or related to the Contract documents or this Project, and the consideration and payment of such claims, are subject to the Government Claims Act (Government Code Section 810 et seq.) with regard to filing claims. All such claims are also subject to Public Contract Code Section 9204 and Public Contract Code Section 20104 et seq. (Article 1.5), where applicable. This Contract hereby incorporates those provisions as though fully set forth herein. Thus, the Contractor or any Subcontractor must file a claim in accordance with the Government Claims Act as a prerequisite to filing a construction claim in compliance with Section 9204 and Article 1.5 (if applicable), and must then adhere to Section 9204 and Article 1.5 (as applicable), pursuant to the definition of "claim" as individually defined therein.

23. Nondiscrimination by Contractor. Contractor represents and agrees that Contractor, its affiliates, subsidiaries, or holding companies do not and will not discriminate against any subcontractor, consultant, employee, or applicant for employment because of race, religion, color, sex, handicap, or national origin. Such nondiscrimination shall include, but not be limited to, the following: employment, upgrading, demotion, transfers, recruitment, recruitment advertising, layoff, termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

24. Integration. This Contract supersedes any and all agreements, either oral or written, between the parties hereto with respect to the construction of the Project by Contractor for City and contains all of the covenants and agreements between the parties with respect to the construction of the Project. Each party to this Contract acknowledges that no representations, inducements, promises, or agreements, orally or otherwise, have been made with regard to the construction of the Project by any party, or anyone acting on behalf of any party, which are not embodied herein, and that no other agreement, statement, or promise regarding work not contained in this Contract shall be valid or binding. Any modification or amendment of this Contract will be effective only if it is in writing and signed by the parties to this Contract. Any changes to the work required by this Contract will be by change order signed by the parties.

25. Governing Law. This Contract will be governed by and construed in accordance with the laws of the State of California without reference to change of venue laws. Any legal action in which enforcement of the terms and conditions of this Contract is requested, or in which it is alleged that a breach of this Contract has taken place, shall be filed and prosecuted in the County of Los Angeles, California.

26. Successors and Assigns. The terms and conditions of this Contract shall be binding on the successors and assigns of the parties to this Contract.

27. Exhibits. The exhibits and attachments referenced in this Contract are attached hereto and incorporated herein by this reference as though set forth in full in the Contract.

28. Authority to Sign. The person or persons executing this Contract on behalf of the Contractor warrant and represent that they have the authority to execute this Contract on behalf of the Contractor and have the authority to bind Contractor to the construction of the project.

29. Time is of the Essence. Time is of the essence of every provision of this Agreement in which time to perform is a factor.

CITY OF MAYWOOD

FAITHFUL PERFORMANCE BOND

KNOW ALL PERSONS BY THESE PRESENTS:

WHEREAS, the City of Maywood, California (“hereinafter referred to as CITY”), awarded to _____, hereinafter referred to as the “Contractor/Principal” a contract for the work described as _____ in the amount of _____ (“Penal Sum”);

WHEREAS, said Contractor/Principal is required under the terms of said contract to furnish a bond for the faithful performance of said contract which contract is incorporated herein by reference;

NOW, THEREFORE, we, the undersigned Contractor, as Principal, and _____, as Surety, a California admitted surety insurer, are held and firmly bound unto the CITY for one hundred percent (100%) of the total amount payable by the CITY under the terms of the contract awarded by CITY to the Contractor/Principal, lawful money of the United States of America for payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that if said Contractor/Principal, its heirs, executors, administrators, successors, or assigns, or a subcontractor, shall in all things stand to and abide by and well and truly keep and perform all the undertakings, terms, covenants, conditions, and agreements in the said contract which is attached hereto and incorporated herein by reference and any alteration and/or amendments thereof, made as therein provided, including, but not limited to, the provisions regarding contract duration and liquidated damages, all within the time and in the manner therein designated in all respects according to their true intent and meaning, then this obligation shall become null and void; otherwise, it shall be and remain in full force and effect.

As a condition precedent to the satisfactory completion of the contract, the above obligation shall hold good for a period of one (1) year(s) after the acceptance of the work by CITY, during which time if Contractor/Principal shall fail to make full, complete, and satisfactory repair and replacements and totally protect the CITY from loss or damage made evident during the period of one (1) year(s) from the date of completion of the work, and resulting from or caused by defective materials or faulty workmanship, the above obligation in penal sum thereof shall remain in full force and effect. The obligation of Surety hereunder shall continue so long as any obligation of Contractor remains.

Whenever Contractor/Principal shall be, and is declared by the CITY to be, in default under the contract, the CITY having performed the CITY's obligations thereunder, the Surety shall promptly remedy the default in a manner mutually agreeable to both CITY and SURETY:

1. SURETY's takeover of the performance obligations to complete the contract by entering into an agreement with a completion contractor with terms and conditions consistent with the original contract between CITY and Contractor ; or

2. SURETY shall obtain a bid or bids for completing the contract in accordance with its terms and conditions, and upon determination by Surety of the lowest responsive and responsible bidder, prepare a contract between such bidder and the CITY (to the CITY's satisfaction), and make available as work progresses sufficient funds to pay the cost of completion less the balance of the contract price, but not exceeding, including other costs and damages for which Surety may be liable hereunder, the Penal Sum.

The term "balance of the contract price" as used in this paragraph shall mean the total amount payable to Contractor/Principal by the CITY under the contract and any modifications thereto, less the amount previously properly paid by the CITY to the Contractor/Principal.

Surety expressly agrees that the CITY may reject any contractor or subcontractor, which may be proposed by Surety in fulfillment of its obligations in the event of default by the Principal. Surety shall not utilize Contractor/Principal in completing the contract nor shall Surety accept a bid from Contractor/Principal for completion of the work if the CITY, when declaring the Contractor/Principal in default, notifies Surety of the CITY's objection to Contractor's/Principal's further participation in the completion of the work.

No right of action shall accrue on this bond to or for the use of any person or corporation other than the CITY named herein or the successors or assigns of the CITY.

The said Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or modification of the Project documents, or of the work to be performed thereunder, shall in any way affect its obligations on this bond; and it does hereby waive notice of any change, extension of time, alteration or modification of the Project documents or of work to be performed thereunder.

The prevailing party on any dispute (whether legal, equitable, or otherwise) regarding the interpretation, enforcement, and respective rights and obligations under this Performance Bond shall be entitled to recovery of reasonable attorney's fees and costs (including but not limited to consultant's and/or expert fees and costs). .

IN WITNESS HEREOF, we have hereto set our hands and seals on this _____ day of _____, 2020.

**ADDENDUM No. 1
for
CITYWIDE STREET NAME SIGN REPLACEMENT PROJECT**

April 29, 2020

NOTICE TO ALL PLAN HOLDERS/BIDDER

This addendum and its attachments shall become a part of the plans and specifications and shall apply to the Bid Proposals for the above named project.

The Bidder(s) shall notify all affected subcontractors, material suppliers, and others to incorporate necessary cost updates, to the bid proposal and the work changes by this Addendum.

In the event of conflict between plans and specifications and this addendum, the addendum shall take precedence.

The following additions and amendments attached herein shall be made to part of the Contract Specifications for the Citywide Street Name Sign Replacement Project, and shall be included in the proposal to be submitted.

The bid due date has been extended to May 15, 2020 at 2:00 p.m.

**Attachments: Revised Notice Inviting Informal Bids
 Revised Project Bid Sheet**

Below are responses to questions submitted by bidder(s).

Please acknowledge receipt of this and all addenda within your proposal.

1. Would a D-42 contractor's license be accepted for the work on this project?

Yes.

2. I do not find a Bid Bond Form. The performance and payment bonds are there, but I do not see a bid bond form.

A bid bond will not be required for informal bids.

3. What is the contract duration (working days allotted for the Project), and LDs? Our surety typically asks for this information as part of procuring the bid bond.

A bid bond will not be required, but the contract duration will be 90 working days and liquidated damages will be assessed at \$250 per day.

4. What is the Engineer's Estimate for the Project? It appears to me, given the amount of work on the project, that bids would most likely be more than the \$200,000 amount mentioned in the construction contract for informal bids.

The Engineer's Estimate is \$115,000.

5. On the bid schedule (items 1-3, including alternates), Unit Prices are requested, but multiple estimated quantities are given on most line items, typically quantifying signs and posts. Which quantity should be used, to multiply against the unit price, which results in an extended amount? Or, should each line item be treated as lump sum?

For bid items 1, 2, and 3, the unit price is per location as follows:

Bid Item 1 – unit price is per each sign and post combination at 220 locations (some posts only have 1 sign and some have 2)

Bid Item 2 – unit price is per each sign and post combination at 16 locations (16 signs and poles)

Bid Item 3 – unit price is per each sign at 17 locations (17 signs)

6. Can you please provide the approximate start date of the project?

The approximate start date of the project will be in July 2020.

Upon satisfactory completion of the Project, the securities shall be returned to the Contractor. Alternatively, the Contractor may request that the City make payments of earned retentions directly to an escrow agent at the Contractor's expense. No such substitutions shall be accepted until all related documents are approved by the City Attorney.

The Contractor shall sign a Workers' Compensation Insurance Certificate, using the form attached hereto and incorporated by reference herein, and submit the signed Certificate to the City prior to commencing work under this Contract.

13. State Labor Code.

a. This Contract calls for work to be performed constituting public works. Contractor and all subcontractors shall pay the general prevailing rate of per diem wages as determined and as published by the State Director of the Department of Industrial Relations pursuant to Article 2 of Chapter 1 of Part 7, of Division 2 of the State Labor Code, including, but not limited to, Sections 1770, 1771, 1773, 1773.2 and 1774.

b. This is a public work and requires the payment of prevailing wages for the work or craft in which the worker is employed for any public work done under the contract by Contractor or by any subcontractor pursuant to Section 1771 of the Labor Code. Pursuant to the provisions of Section 1773 of the Labor Code of the State of California, the City has obtained the general prevailing rate of per diem wages and the general rate for holiday and overtime work in this locality for each craft, classification, or type of workman needed to execute this contract from the Director of the Department of Industrial Relations. These rates are on file with the City Clerk or may be obtained at <http://www.dir.ca.gov/OPRL/DPreWageDetermination.htm>.

Contractor shall post a copy of such wage rates at the job site and shall pay the adopted prevailing wage rates as a minimum. Contractor shall comply with the provisions of Sections 1775, 1776, 1777.5, 1777.6, and 1813 of the Labor Code. Pursuant to the provisions of 1775 of the Labor Code, Contractor shall forfeit to the City, as a penalty, not more than \$200.00 for each calendar day, or portion thereof, for each laborer, worker, or mechanic employed, paid less than the stipulated prevailing rates for any work done under this Contract, by him or by any subcontractor under him, in violation of the provisions of this Agreement.

c. Contractors and subcontractors who are ineligible to bid for work on, or be awarded, a public works project pursuant to Labor Code Sections 1777.1 and 1777.7 are prohibited from bidding on, being awarded, or performing work as a subcontractor, on this Project pursuant to Public Contract Code Section 6109.

d. Contractor's attention is directed to the provisions in Sections 1774, 1775, 1776, 1777.5 and 1777.6 of the Labor Code. Contractor shall comply with the provisions in these Sections. The statutory provisions for penalties for failure to comply with the State's wage and hours laws will be enforced. Pursuant to Section 1775 of the Labor Code, the Contractor and any subcontractors, shall, as a penalty to the City forfeit the prescribed amounts per calendar day, or portion thereof, for each worker paid less than the prevailing wage rates.

e. Pursuant to Labor Code Section 1771.4, the Project is subject to compliance monitoring and enforcement by the California Department of Industrial Relations.

f. Each Contractor and subcontractor shall furnish the records specified in Labor Code Section 1776 directly to the State Labor Commissioner at least monthly in the format prescribed by the State Labor Commissioner.

g. Sections 1774 and 1775 require the Contractor and all subcontractors to pay not less than the prevailing wage rates to all workmen employed in the execution of the Contract and specify forfeitures and penalties for failure to do so. The minimum wages to be paid are those determined by the State Director of the Department of Industrial Relations. Section 1776 requires the Contractor and all subcontractors to keep accurate payroll records, specifies the contents thereof, their inspection and duplication procedures and certain notices required of the Contractor pertaining to their location.

h. Section 1777.5 of the Labor Code requires Contractor or subcontractor employing workers in any apprenticeable occupation to apply to the Joint Apprenticeship Committee nearest the site of the public works project, which administers the apprenticeship program in that trade for a certificate of approval. The certificate will also fix the ratio of apprentices to journeymen to be used in the performance of the Contract. The Contractor is required to make contributions to funds established for the administration of apprenticeship programs if he employs registered apprentices or journeymen in any apprenticeable trade and if other contractors on the public works site are making such contributions. Information relative to apprenticeship standards, contributions, wage schedules and other requirements may be obtained from the State Director of Industrial Relations or from the Division of Apprenticeship Standards. Section 1777.6 of the Labor Code provides that it shall be unlawful to refuse to accept otherwise

qualified employees as registered apprentices solely on the grounds of race, religious creed, color, national origin, ancestry, sex, or age.

i. Eight hours labor constitutes a legal day's work, as set forth in Labor Code Section 1810. The statutory provisions for penalties for failure to comply with the State's wage and hour laws will be enforced as set forth in Labor Code Section 1813.

14. Antitrust Claims. In entering into this Agreement, Contractor offers and agrees to assign to the City all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the California Business and Professions Code) arising from purchases of goods, services, or materials pursuant to the Agreement. This assignment shall be made and become effective at the time the City tenders final payment to Contractor without further acknowledgment by the parties.

15. Trenching and Excavations. Pursuant to Public Contract Code Section 7104, if the project involves trenching more than four (4) feet deep, Contractor shall promptly and before the following conditions are disturbed notify the City in writing of any:

a. Material that Contractor believes may be material that is hazardous waste, as defined in California Health and Safety Code Section 25117, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law; and/or

b. Subsurface or latent physical conditions at the site differing from those indicated; and/or

c. Unknown physical conditions at the site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract.

d. As required by Labor Code Section 6705 and in addition thereto, whenever work under the Contract that involves an estimated expenditure in excess of twenty-five thousand dollars (\$25,000) for the excavation of any trench or trenches five (5) feet or more in depth, Contractor shall submit for acceptance by City in advance of excavation, a detailed plan showing the design of shoring, bracing, sloping, or other provisions to be made for worker protection from the hazard of caving ground during the excavation, of such trench or trenches. If such plan varies from the shoring system standards established by the Construction Safety Orders of the Division of Industrial Safety, the plan shall be prepared by a registered civil or structural engineer employed by Contractor, and all costs therefor shall be included in the price of the Contract. Nothing in this provision shall be deemed to allow the use of a shoring, sloping, or other protective system less effective than that required by the Construction Safety Orders. Nothing in this provision shall be construed to impose tort liability on the City or on any City officer, agent, consultant, representative, or employee. All plans, processing and shoring costs are Contractor's responsibility and must be included in Contractor's bid.

16. Location of Existing Elements. Pursuant to Government Code Sections 4216 to 4216.9, the methods used and costs involved to locate existing elements, points of connection and all construction methods are Contractor's sole responsibility. Accuracy of information

furnished, as to existing conditions, is not guaranteed. Contractor, at its sole expense, must make all investigations necessary to determine locations of existing elements, which may include,

without limitation, contacting U.S.A. alert and other private underground locating firm(s), and/or utilizing potholes, specialized locating equipment and/or hand trenching.

17. **Third Party Claims.** Pursuant to Public Contract Code Section 9201, the City has full authority to compromise or otherwise settle any claim relating to this Contract at any time. The City shall timely notify Contractor of the receipt of any third-party claim relating to the Contract. The City shall be entitled to recover its reasonable costs incurred in providing the notification required by Public Contract Code Section 9201(b).

18. **Non-Collusion.** Contractor hereby certifies that this bid is genuine and not a sham or collusive, or made in the interest or on behalf of any person or business not herein named. Contractor further certifies that Contractor has not directly or indirectly induced or solicited any other bidder to furnish a sham bid, or any other person or business to refrain from bidding, and Contractor has not in any manner sought by collusion to secure itself an advantage over any other bidder. Contractor also affirms that it has signed and submitted with its bid to the City a Non-collusion Declaration as required by Public Contract Code Section 7106.

19. **Conflicts of Interest.** Contractor agrees not to accept any employment or representation during the term of this Contract or within twelve (12) months after completion of the work under this Contract which is or may likely make Contractor "financially interested," as provided in Government Code Section 1090 and 87100, in any decisions made by City on any matter in connection with which Contractor has been retained pursuant to this Contract.

20. **Audit.** The City or its representative shall have the option of inspecting and/or auditing all records and other written materials used by Contractor in preparing its billings to the City as a condition precedent to any payment to Contractor. Contractor will promptly furnish documents requested by the City. Additionally, pursuant to Government Code Section 8546.7, if this Contract involves the expenditure of public funds in excess of ten thousand dollars (\$10,000), Contractor shall be subject to State Auditor examination and audit at the request of the City or as part of any audit of the City, for a period of three (3) years after final payment under this Contract.

21. **Substitute Security.** Pursuant to Public Contract Code Section 22300, the substitution of securities for any moneys withheld by the City to ensure performance under a contract is permitted, except where financing will be provided by the Farmers Home Administration of the United States Department of Agriculture pursuant to the Consolidated Farm and Rural Development Act (7 U.S.C. Sec. 1921 *et seq.*) or where federal regulations or policies, or both, do not allow the substitution of securities. At the request and expense of Contractor, securities equivalent to the amount withheld shall be deposited with the City, or with a state or federally chartered bank in the State of California as the escrow agent, that shall then pay those moneys to Contractor. Upon satisfactory completion of the Contract, the securities shall be returned to Contractor.

Alternatively, Contractor may request and the City shall make payment of retentions earned directly to the escrow agent at the expense of Contractor. At the expense of Contractor,

Contractor may direct the investment of the payments into securities, and Contractor shall receive the interest earned on the investments upon the same terms provided for securities deposited by Contractor. Upon satisfactory completion of the Contract, Contractor shall receive from the escrow agent all securities, interest, and payments received by the escrow agent from the City, pursuant to the terms of this section.

Securities eligible for investment shall include those listed in California Government Code Section 16430, bank or savings and loan certificates of deposit, interest-bearing demand deposit accounts, standby letters of credit, or any other security to which Contractor and the City agree in writing. Contractor shall be the beneficial owner of any securities substituted for moneys withheld and shall receive any interest thereon.

If Contractor elects to receive interest on moneys withheld in retention by the City, it shall, at the request of any subcontractor performing more than five percent (5%) of Contractor's total bid, make that option available to the subcontractor regarding any moneys withheld in retention by Contractor from the subcontractor. If Contractor elects to receive interest on any moneys withheld in retention by the City, then the subcontractor shall receive the identical rate of interest received by Contractor on any retention moneys withheld from the subcontractor by Contractor, less any actual pro rata costs associated with administering and calculating that interest. In the event that the interest rate is a fluctuating rate, the rate for the subcontractor shall be determined by calculating the interest rate paid during the time that retentions were withheld from the subcontractor. If Contractor elects to substitute securities in lieu of retention, then, by mutual consent of Contractor and its subcontractor, the subcontractor may substitute securities in exchange for the release of moneys held in retention by Contractor. No Contractor shall require any subcontractor to waive any provision of this paragraph.

The escrow agreement for security deposits in lieu of retention shall be substantially similar to the form provided in Public Contract Code Section 22300(f).

22. Claims Dispute Resolution. In the event of any dispute or controversy with the City over any matter whatsoever, the Contractor shall not cause any delay or cessation in or of Work, but shall proceed with the performance of the Work in dispute. The Contractor shall retain any and all rights provided that pertain to the resolution of disputes and protests between the parties. The Disputed Work will be categorized as an "unresolved dispute" and payment, if any, shall be as later determined by mutual agreement or a court of law. The Contractor shall keep accurate, detailed records of all Disputed Work, claims and other disputed matters.

All claims arising out of or related to the Contract documents or this Project, and the consideration and payment of such claims, are subject to the Government Claims Act (Government Code Section 810 et seq.) with regard to filing claims. All such claims are also subject to Public Contract Code Section 9204 and Public Contract Code Section 20104 et seq. (Article 1.5), where applicable. This Contract hereby incorporates those provisions as though fully set forth herein. Thus, the Contractor or any Subcontractor must file a claim in accordance with the Government Claims Act as a prerequisite to filing a construction claim in compliance with Section 9204 and Article 1.5 (if applicable), and must then adhere to Section 9204 and Article 1.5 (as applicable), pursuant to the definition of "claim" as individually defined therein.

23. Nondiscrimination by Contractor. Contractor represents and agrees that Contractor, its affiliates, subsidiaries, or holding companies do not and will not discriminate against any subcontractor, consultant, employee, or applicant for employment because of race, religion, color, sex, handicap, or national origin. Such nondiscrimination shall include, but not be limited to, the following: employment, upgrading, demotion, transfers, recruitment, recruitment advertising, layoff, termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

24. Integration. This Contract supersedes any and all agreements, either oral or written, between the parties hereto with respect to the construction of the Project by Contractor for City and contains all of the covenants and agreements between the parties with respect to the construction of the Project. Each party to this Contract acknowledges that no representations, inducements, promises, or agreements, orally or otherwise, have been made with regard to the construction of the Project by any party, or anyone acting on behalf of any party, which are not embodied herein, and that no other agreement, statement, or promise regarding work not contained in this Contract shall be valid or binding. Any modification or amendment of this Contract will be effective only if it is in writing and signed by the parties to this Contract. Any changes to the work required by this Contract will be by change order signed by the parties.

25. Governing Law. This Contract will be governed by and construed in accordance with the laws of the State of California without reference to change of venue laws. Any legal action in which enforcement of the terms and conditions of this Contract is requested, or in which it is alleged that a breach of this Contract has taken place, shall be filed and prosecuted in the County of Los Angeles, California.

26. Successors and Assigns. The terms and conditions of this Contract shall be binding on the successors and assigns of the parties to this Contract.

27. Exhibits. The exhibits and attachments referenced in this Contract are attached hereto and incorporated herein by this reference as though set forth in full in the Contract.

28. Authority to Sign. The person or persons executing this Contract on behalf of the Contractor warrant and represent that they have the authority to execute this Contract on behalf of the Contractor and have the authority to bind Contractor to the construction of the project.

29. Time is of the Essence. Time is of the essence of every provision of this Agreement in which time to perform is a factor.

///

IN WITNESS WHEREOF, the parties hereto have executed this Contract as of the date first above written.

CITY OF MAYWOOD

FAITHFUL PERFORMANCE BOND

KNOW ALL PERSONS BY THESE PRESENTS:

WHEREAS, the City of Maywood, California (“hereinafter referred to as CITY”), awarded to _____, hereinafter referred to as the “Contractor/Principal” a contract for the work described as _____
_____ in the amount of _____ (“Penal Sum”);

WHEREAS, said Contractor/Principal is required under the terms of said contract to furnish a bond for the faithful performance of said contract which contract is incorporated herein by reference;

NOW, THEREFORE, we, the undersigned Contractor, as Principal, and _____, as Surety, a California admitted surety insurer, are held and firmly bound unto the CITY for one hundred percent (100%) of the total amount payable by the CITY under the terms of the contract awarded by CITY to the Contractor/Principal, lawful money of the United States of America for payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that if said Contractor/Principal, its heirs, executors, administrators, successors, or assigns, or a subcontractor, shall in all things stand to and abide by and well and truly keep and perform all the undertakings, terms, covenants, conditions, and agreements in the said contract which is attached hereto and incorporated herein by reference and any alteration and/or amendments thereof, made as therein provided, including, but not limited to, the provisions regarding contract duration and liquidated damages, all within the time and in the manner therein designated in all respects according to their true intent and meaning, then this obligation shall become null and void; otherwise, it shall be and remain in full force and effect.

As a condition precedent to the satisfactory completion of the contract, the above obligation shall hold good for a period of one (1) year(s) after the acceptance of the work by CITY, during which time if Contractor/Principal shall fail to make full, complete, and satisfactory repair and replacements and totally protect the CITY from loss or damage made evident during the period of one (1) year(s) from the date of completion of the work, and resulting from or caused by defective materials or faulty workmanship, the above obligation in penal sum thereof shall remain in full force and effect. The obligation of Surety hereunder shall continue so long as any obligation of Contractor remains.

Whenever Contractor/Principal shall be, and is declared by the CITY to be, in default under the contract, the CITY having performed the CITY's obligations thereunder, the Surety shall promptly remedy the default in a manner mutually agreeable to both CITY and SURETY:

1. SURETY's takeover of the performance obligations to complete the contract by entering into an agreement with a completion contractor with terms and conditions consistent with the original contract between CITY and Contractor; or

2. SURETY shall obtain a bid or bids for completing the contract in accordance with its terms and conditions, and upon determination by Surety of the lowest responsive and responsible bidder, prepare a contract between such bidder and the CITY (to the CITY's satisfaction), and make available as work progresses sufficient funds to pay the cost of completion less the balance of the contract price, but not exceeding, including other costs and damages for which Surety may be liable hereunder, the Penal Sum.

The term "balance of the contract price" as used in this paragraph shall mean the total amount payable to Contractor/Principal by the CITY under the contract and any modifications thereto, less the amount previously properly paid by the CITY to the Contractor/Principal.

Surety expressly agrees that the CITY may reject any contractor or subcontractor, which may be proposed by Surety in fulfillment of its obligations in the event of default by the Principal. Surety shall not utilize Contractor/Principal in completing the contract nor shall Surety accept a bid from Contractor/Principal for completion of the work if the CITY, when declaring the Contractor/Principal in default, notifies Surety of the CITY's objection to Contractor's/Principal's further participation in the completion of the work.

No right of action shall accrue on this bond to or for the use of any person or corporation other than the CITY named herein or the successors or assigns of the CITY.

The said Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or modification of the Project documents, or of the work to be performed thereunder, shall in any way affect its obligations on this bond; and it does hereby waive notice of any change, extension of time, alteration or modification of the Project documents or of work to be performed thereunder.

The prevailing party on any dispute (whether legal, equitable, or otherwise) regarding the interpretation, enforcement, and respective rights and obligations under this Performance Bond shall be entitled to recovery of reasonable attorney's fees and costs (including but not limited to consultant's and/or expert fees and costs).

IN WITNESS HEREOF, we have hereto set our hands and seals on this _____ day of _____, 2020.

CITY COUNCIL STAFF REPORT

DATE: JUNE 24, 2020

TO: HONORABLE MAYOR, AND MEMBERS OF THE CITY COUNCIL

FROM: JENNIFER E. VASQUEZ, CITY MANAGER *JW*

BY: KEVIN KO, CONTRACT CITY ENGINEER

RE: HOLD A PUBLIC HEARING AND CONSIDER RESOLUTION APPROVING THE FINAL ENGINEER'S REPORT, CONFIRMING THE DIAGRAM AND ASSESSMENTS, AND ORDERING LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE STREET LIGHTING ASSESSMENT DISTRICT FOR FISCAL YEAR 2020/21 PURSUANT TO THE PROVISIONS OF DIVISION 15, PART 2 OF THE STREETS AND HIGHWAYS CODE OF THE STATE OF CALIFORNIA.

RECOMMENDATION

Hold a public hearing and adopt Resolution No. 6117 approving the final engineer's report confirming the diagram and assessments, and ordering the levy and collection of assessments within the City of Maywood Street Lighting Assessment District for Fiscal Year 2020/21 pursuant to the provisions of Division 15, Part 2 of the streets and highways code of the State of California.

BACKGROUND

The City of Maywood currently levies and collects special assessments through the City of Maywood Street Lighting Assessment District (SLAD) to offset the cost of providing street lighting and traffic signal improvements and maintenance services within the City. Per Proposition 218, passed by California voters in November 1996, there can be no new or increased assessments without approval of the affected property owners. When there is an increase proposed, Proposition 218 provides for a ballot and voting process that seeks the approval from the majority of affected property owners based on assessment ballots weighted in accordance with the proposed assessment against each parcel.

Since there is no increase in rates or any new assessments proposed for Fiscal Year 2020/21, the ballot process is not required.

The Landscaping and Lighting Act of 1972 (the Act) requires that an annual review and updated engineer's Report be prepared and approved to set assessment rates for the ensuing fiscal year. Francisco & Associates, Inc. was retained to assist the City with the preparation of the annual engineer's report and submittal of the annual assessments to the County for inclusion on the property tax bills.

On May 27, 2020, City Council adopted resolutions that initiated proceedings, ordered, and approved the preliminary engineer's report, and set the public hearing for June 24, 2020. Proper notice of the public hearing was given by publishing a notice in the newspaper at least ten days prior to the scheduled public hearing.

Upon conclusion of the public hearing, City Council may adopt a resolution approving the final engineer's report, confirming the diagram and assessments, either as originally proposed or as modified (provided that the assessments are not increased). The adoption of this resolution is the final step in the annual process to authorize the levy of SLAD assessments for Fiscal Year 2020/21.

DISCUSSION

Without the collection of the annual SLAD assessments, maintenance activities would be greatly reduced, and the funding would be a burden on the City's General Fund. Staff has reviewed the attached final engineer's report and is satisfied with the report, including the assessments, budget items, and diagram. Staff recommends City Council conduct a public hearing, approve the final engineer's report, and order the levy and collection of assessments as the final step to authorize the placement of the SLAD assessments on the Los Angeles County property tax bills.

LEGAL REVIEW

This item has been reviewed by the City Attorney.

FISCAL IMPACT

There is no fiscal impact at this time. If assessments are not levied as proposed there would be a loss of revenue of approximately \$174,520 for Fiscal Year 2020/21.

ATTACHMENT(S)

1. Resolution No. 6117 of the City Council of the City of Maywood, California, Approving the Final Engineer's Report Confirming the Diagram and Assessments, and Ordering the Levy and Collection of Assessments within the City of Maywood Street Lighting Assessment District for Fiscal Year 2020/21, Pursuant to the Provisions of Division 15, Part 2 of the Streets and Highways Code of the State of California.
2. FY 2020/21 SLAD Final Engineer's Report.

ATTACHMENT NO. 1

RESOLUTION NO. 6117

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MAYWOOD, CALIFORNIA, APPROVING THE FINAL ENGINEER'S REPORT, AS MODIFIED, CONFIRMING THE DIAGRAM AND ASSESSMENTS, AND ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE CITY OF MAYWOOD STREET LIGHTING ASSESSMENT DISTRICT FOR FISCAL YEAR 2020/21 PURSUANT TO THE PROVISIONS OF DIVISION 15, PART 2 OF THE STREETS AND HIGHWAYS CODE OF THE STATE OF CALIFORNIA

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MAYWOOD HEREBY DETERMINES, FINDS AND RESOLVES AS FOLLOWS:

WHEREAS, this City Council, by previous Resolutions, initiated proceedings and declared its intention to levy and collect assessments against lots and parcels of land within an existing assessment district known and designated as "THE CITY OF MAYWOOD STREET LIGHTING ASSESSMENT DISTRICT" (hereinafter referred to as the "District") for the fiscal year commencing July 1, 2020 and ending June 30, 2021 pursuant to the provisions of the Landscaping and Lighting Act of 1972, Division 15, Part 2 of the Streets and Highways Code of the State of California (hereinafter referred to as the "Act"); and

WHEREAS, the City previously determined that the annual assessments originally established for the District were for the maintenance and operation of street lights within the public street right-of-way. As such, pursuant to Article XIID Section 5(a), the pre-existing assessment amount has been exempted from the procedural requirements of Article XIID Section 4 since the amount of the assessment has not increased since the passage of Proposition 218; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, and posted on the City's website, the Fiscal Year 2020/21 Engineer's Report in connection with the proposed levy and collection of assessments against lots and parcels of land within the District, and the City Council did by previous Resolution approve such report on May 27, 2020; and

WHEREAS, at this meeting the Engineer has filed with the City Clerk, and the City Clerk has presented to the City Council, and posted on the City's website, a modification to the Engineer's Report to allocate \$8,000 to undertake an assessment of street lighting needs, which results in a decrease to the ending fund balance for the capital reserve; and

WHEREAS, the City Council desires to levy and collect assessments against lots and parcels of land within the District for the fiscal year commencing July 1, 2020 and ending June 30, 2021, to pay for the costs and expenses for the improvements described in Section 5 below.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE CITY OF MAYWOOD STREET LIGHTING ASSESSMENT DISTRICT, AS FOLLOWS:

Section 1. That the above recitals are all true and correct.

Section 2. Following notice duly given, the City Council has held a full and fair public hearing, and all interested persons were afforded the opportunity to hear and be heard. The City Council considered all oral and written statements, protests and communications made or filed by interested persons.

All protests and objections to the levy and collection of the proposed assessment for the fiscal year commencing on July 1, 2020 and ending on June 30, 2021 are hereby overruled by the City Council. The City Council now declares the levy of proposed assessments against lots and parcels of land within the District for Fiscal Year 2020/21 to pay for the costs and expenses for the improvements described in Section 5 below pursuant to the terms and provisions of the Act.

Section 3. The City Council hereby approves the modifications to the Engineer's Report, and approves the Engineer's Report, as modified, as described in the recitals hereof. Based upon its review of the Fiscal Year 2020/21 Engineer's Report, as modified, and other reports and information, the City Council hereby finds and determines that (i) the lands within the District will be benefited by the improvements described in Section 5 below, (ii) the District includes all of the lands so benefited, and (iii) the net amount to be assessed upon the lands within the District for the 2020/21 fiscal year in accordance with the Engineer's Report, as modified, is apportioned by a formula and method which fairly distributes the net amount among all assessable lots and parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.

Section 4. The diagram and assessment as presented to the City Council and on file in the office of the City Clerk are hereby confirmed as filed.

Section 5. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the installation, maintenance and servicing of street lighting and traffic signal facilities and appurtenant facilities throughout the District, including the replacement of existing street lighting and traffic signal facilities at various locations throughout the District.

Section 6. The assessment is in compliance with the provisions of the Act, the provisions of the California Constitution Article XIII D and the City Council has complied with all laws pertaining to the levy of an annual assessment.

Section 7. The assessment is levied for the purpose of paying the costs and expenses of the improvements described in Section 5 above for Fiscal Year 2020/21.

Section 8. Installation, maintenance and servicing of the street lighting and traffic signal facilities and appurtenant facilities described in Section 5 above shall be

performed pursuant to law.

Section 9. The County Auditor of Los Angeles County shall enter on the County Assessment Roll opposite each lot or parcel of land the amount of the assessment and such assessments shall then be collected at the same time and in the same manner as the County taxes are collected. After collection by the County, the net amount of the assessments, after deduction of any compensation due the county for collection, shall be paid to the City Treasurer.

Section 10. Public property owned by any public agency and in use for a public function and which is included within the District shall not be subject to the assessment to pay for any of the costs and expenses associated with the improvements.

Section 11. The City Treasurer shall deposit all moneys representing assessments collected by the County to the credit of a special fund known as "THE CITY OF MAYWOOD STREET LIGHTING ASSESSMENT DISTRICT FUND" and such moneys shall be expended only for the improvements described in Section 5 above.

Section 12. The adoption of this Resolution constitutes the levy of assessments for the fiscal year commencing July 1, 2020 and ending June 30, 2021.

Section 13. The City Clerk is hereby authorized and directed to file the diagram and assessments, or a certified copy of the diagram and assessments, with the County Auditor, together with a certified copy of this Resolution upon its adoption.

Section 14. A certified copy of the diagram and assessment shall be filed in the office of the City Engineer, with a duplicate copy on file in the office of the City Clerk and open for public inspection.

SECTION I

INTRODUCTION

Adequate lighting on public streets and traffic signals to control the flow of traffic and pedestrians are considered important for public convenience and safety. Protection of property and reduction of traffic accidents are specific benefits that properties realize within the City. The lighting benefit is directly related to safety and property protection and therefore increases the perceived and actual usability and enhancement of residential, commercial and industrial properties.

To ensure a flow of funds for a portion of the ongoing maintenance and servicing of street lighting facilities and traffic signals within the boundaries of the City of Maywood (hereafter referred to as “City”), the City Council formed the Street Lighting Assessment District (hereafter referred to as the “District”) and annually levies and collects special assessments to maintain these improvements. The formation of the District and the annual levy of assessments have been made pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (hereafter referred to as the “1972 Act”).

This Engineer’s Report (hereafter referred to as the “Report”) presents the engineering analysis for the District for Fiscal Year 2020-21. The assessment rates applied for the fiscal year will be the same as those assessed in the previous fiscal year. The proposed lighting assessment for Fiscal Year 2020-21, as described in this Report, is approximately \$174,520.

Authority for the Report

This Report is prepared in compliance with the requirement of Chapter 1, Article 4, Landscaping and Lighting Act of 1972, being Part 2, Division 15, sections 22500 through 22679 of the Streets and Highways Code, State of California. The 1972 Act authorizes the maintenance and servicing of public improvements. As applicable or may be applicable to this District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or construction of public lighting facilities;
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities;
- The maintenance or servicing, or both, of any of the foregoing;
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;

- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5;
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines “maintain” or “maintenance” to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement;
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

This Report includes plans and specifications for the improvements, an estimate of the costs of the improvements, a diagram of the District showing the boundary of the District; (the boundaries of the District are coterminous with the City boundaries and, by reference, are hereby made part of this Report), the method of apportioning costs to properties that benefit from the public improvements and services provided, and a listing of the proposed assessment amounts against the parcels or lots that benefit from the improvements. The Report is hereby presented to the City Council for its review and approved as presented or, as the City Council may determine, it should be modified, before approval.

After the Report is preliminarily approved, the City Council may adopt a resolution of intention that describes the improvements, refers to the Report for details of the District, and sets a time and place for a public hearing on the proposed levy of assessments.

Assessments for this District are being levied for the following improvements within the District:

- The maintenance and servicing of arterial streetlights that provide a special benefit to all the assessable parcels within the District;
- The maintenance and servicing of local street lights in close proximity to certain lots and parcels which provide a direct special benefit to these lots or parcels;
- The maintenance and servicing of traffic signals that contribute to traffic flow, thereby providing a measure of safety and pedestrian and vehicular accessibility to residential, commercial and industrial properties.

The 1972 Act, in Section 22573, states that the “net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.” Details of the formula being used to spread the assessments throughout this District are found in Part D of this Report.

Compliance with the California Constitution

In November 1996, voters of the State of California passed Proposition 218 that added Article XIID to the California Constitution requiring certain substantive and procedural requirements for the imposition of assessments. Article XIID requires that assessments comply with stated provisions by July 1, 1997, unless an assessment meets certain exemptions. The exemptions from the procedural and approval requirements are set forth in Section 5 of the Article and include the following:

“(a) Any assessment imposed exclusively to finance the capital costs or maintenance and operation expenses for sidewalks, streets, sewers, water, flood control, drainage systems or vector control.”

This District qualifies as an existing assessment because the District is funding items that are considered exempt under provision (a) quoted above, specifically street improvements. Using the definition provided by the Office of the Controller for the State of California in the Guidelines Relating to Gas Tax Expenditures published by the Division of Local Government Fiscal Affairs, street improvements include street lighting and traffic signals.

ENGINEER'S REPORT PREPARED PURSUANT TO THE PROVISIONS OF LANDSCAPING AND LIGHTING ACT OF 1972 SECTION 22500 THROUGH 22679 OF THE CALIFORNIA STREETS AND HIGHWAYS CODE

CITY OF MAYWOOD

STREET LIGHTING ASSESSMENT DISTRICT FISCAL YEAR 2020-21

Pursuant to the Landscaping and Lighting Act of 1972 (Part 2 Division 15 of the Streets and Highways Code of the State of California, commencing with Section 22500), and in accordance with the Resolution of Intention, adopted by the City Council of the City of Maywood on May 27, 2020, the duly appointed Engineer of Work, Assessment Engineer for the City of Maywood Street Lighting Assessment District (the "District") submit the following Report, consisting of Section I (Introduction), and this, Section II (Engineer's Report), which consists of five (5) parts as follows:

PART A: PLANS AND SPECIFICATIONS

This part describes the improvements maintained by the District. A plan showing the size and location of streetlights and traffic signals to be maintained and serviced in each zone of the District is on file in the Engineering Department and by reference is hereby incorporated into this Report.

PART B: ESTIMATE OF COST

This part contains an estimate of the cost of the proposed improvements to be maintained for Fiscal Year 2020-21, including incidental costs and expenses in connection therewith. The estimate is attached hereto and is on file in the Engineering Department of the City of Maywood.

PART C: ASSESSMENT DISTRICT DIAGRAM

This part incorporates a Diagram of the District showing the exterior boundaries of the District, the boundaries of any zones within the District and the lines and dimensions of each lot or parcel of land within the District. The exterior boundary of the District is coterminous with the exterior boundary of the City of Maywood. This Diagram has been prepared by the Engineer of Work and is on file in the Office of the Director of Public Works of the City of Maywood.

PART D: METHOD OF APPORTIONMENT OF ASSESSMENTS

This part describes the method of apportionment of assessments, based upon each parcel's land use classification within the District in proportion to the estimated special benefits to be received. Furthermore, the benefit received from existing District improvements by any assessable lot or parcel in the District has been determined to be in accordance with the following classifications:

- Residential Level of Benefit
- Industrial Level of Benefit
- Commercial Level of Benefit

All lots or parcels receiving the same level of benefit have been incorporated into a rate zone, the boundaries of which are defined by the equivalent land use zoning boundary established by the City Planning Commission and approved by the City Council, or as otherwise established by the City and shown on official City records. Lots or parcels presently shown as residential land use are deemed to receive no greater level of benefit than the Residential Level of Benefit. A Similar description of rate zone boundaries applies to the Industrial and Commercial Level of Benefits.

The cost for maintenance and servicing of the District improvements for the Fiscal Year 2020-21 have been estimated for all existing streetlights and traffic signals in the City and are shown in Part B. The improvement costs have been distributed to all assessable lots or parcels in the city that have abutting footage on streets in accordance with the method of apportionment and benefit received.

PART E: ASSESSMENT ROLL

This part contains an assessment of the estimated cost of the improvements on each benefited parcel of land within the District. The Assessment Roll is filed in the Office of the City Clerk of the City of Maywood and is incorporated in this Report. The list is keyed to the records of the Los Angeles County Assessor, which are incorporated herein by reference.

ASSESSMENT DISTRICT DIAGRAM

The boundaries of the District are shown herein. The exterior boundaries of the District are coterminous with the exterior boundaries of the City. There are three (3) street lighting benefit zones within the District:

- The Zone 1 level of benefit is defined as the residential benefit.
- The Zone 2 level of benefit is defined as the industrial benefit.
- The Zone 3 level of benefit is defined as the commercial benefit.

The boundaries of the preceding three zones are the boundaries of residential, industrial and commercial land use zones as shown on the official zoning map and/or in the zoning records of the City of Maywood. A reduced copy of the zoning map is on file with the Engineering Department of the City and is open for public inspection. It is understood that the term “official zoning map” shall include those zone changes approved but not currently plotted on the map.

The lines and dimension of each lot or parcel within the District are those lines and dimensions shown on the maps of the Los Angeles County Assessor for the year when this Report was prepared. The Assessor’s maps and records are incorporated by reference herein and made a part of this Report.

A reduced copy of the Assessment Diagram is shown on the following page.

PART D

METHOD OF APPORTIONMENT OF ASSESSMENTS

General

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIIID addresses several key criteria for the levy of assessments, notably:

Article XIIIID Section 2d defines District as:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service”;

Article XIIIID Section 2i defines Special Benefit as:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIIIID Section 4a defines proportional special benefit assessments as:

“An agency which proposes to levy an assessment shall identify all parcels which a special benefit will have conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

The method of apportionment described in this Report for allocation of special benefit assessments utilizes commonly accepted engineering practices and have been established pursuant to the 1972 Act at the time the District was established. The formulas used for calculating assessments reflects the composition of parcels within the District and the improvements and services provided, to fairly apportion the costs based on the special benefits to each parcel.

Basis of Benefit

Each of the improvements have been carefully reviewed by the City and the corresponding assessments have been proportionately spread to each parcel based on special benefits received from the improvements as determined at the time the District was established.

The special benefits conferred on property from the District's improvements and services were determined to differ for varying types of land uses. All assessable property within the District is to receive one of the three following levels of benefit based on their land use classification:

- Residential Level of Benefit
- Industrial Level of Benefit
- Commercial Level of Benefit

All lots or parcels receiving the same level of benefit have been incorporated into a zone of benefit based on each properties land use. As result, the three (3) zones of benefit were established: Zone 1 (Residential), Zone 2 (Industrial), and Zone 3 (Commercial). The boundaries of each zone of benefit are defined by the equivalent land use zoning boundary established by the City Planning Commission and approved by the City Council, or as otherwise established by the City and shown on official City records. Lots or parcels presently shown as residential land use are deemed to receive no greater level of benefit than the Residential Level of Benefit. A Similar description of the parcels subject to both Zone 2 and Zone 3 applies to the parcels identified as having an Industrial and Commercial Level of Benefit.

The cost for maintenance and servicing of the District improvements for the Fiscal Year 2020-21 have been estimated for all existing streetlights and traffic signals in the City and is shown in Part B. The improvement costs have been distributed to all assessable lots or parcels in the city that have abutting footage on streets in accordance with the method of apportionment herein and benefit received.

The District costs are to be apportioned to each assessable property based on the special benefits conferred on such property. The method of apportioning costs based on benefit for lighting to each assessable property is based on the number of linear feet of abutting public street footage of a property multiplied by a rate based on the zone of the benefit and each parcel's land use.

The linear feet of abutting public street footage for each parcel is the length in feet shown on the current Los Angeles County Assessor maps or as previously established by the City Engineer (or their designee) for each parcel. In addition, it was determined that lighting along the side or rear of a property confers a differing level of benefit on the property, then lighting that fronts a property. For this reason, any abutting public street footage along the side or rear of a property is determined to be one-half (1/2) of the benefit of the parcel's abutting street footage along the front of a property.

Each zone of benefit was assigned a maximum assessment rate per linear foot at the time the District was established. Rate factors were utilized to apportion the costs based on the differing levels of benefit conferred on the differing types of properties and their associated land uses. The methodology for determination of the rate factors for residential, industrial and commercial

parcels were determined as shown below.

Local Residential	0.4 f.c.* Level 1 (Residential)
Collector	1.2 f.c.* Level 3 (Industrial)
Major Intermediate	1.4 f.c.* Level 3.5 (Commercial)

**f.c. = foot candle*

***The information shown above was extracted from the American National Standard Practice for Roadway Lighting, RP-8, Page 11, Table I, Recommendation for Average Maintained Horizontal Illumination.*

For the purposes of apportioning the special benefit conferred on property within the District, the average illumination for the following land uses were utilized:

- The Residential level selected was determined to be the lowest average illumination recommended for a City street.
- The Industrial level selected is the next highest average illumination recommended for a City street.
- The Commercial level selected is the highest average illumination recommended for a City street.

In view of variations in the magnitude of the existing street lighting from the above recommended values, ratios between residential, industrial and commercial levels were reduced to more closely reflect an estimate of the benefits to be conferred. The following ratios were assigned to the various zones and used to derive the maximum annual assessment rates for each zone of benefit:

• Zone 1 level of benefit (Residential)	=	1.0
• Zone 2 level of benefit (Industrial)	=	1.5
• Zone 3 level of benefit (Commercial)	=	2.0

Each assessable property within the District's boundaries are to be categorized as being subject to one (1) of the three (3) zones of benefit based upon each parcel's Los Angeles County Assessor assigned land use code, or the City's land use zoning map.

Within the boundaries of the District, there are several types of properties that are considered to receive no special benefit from the District improvements and are therefore not assessed. These parcels include:

- All publicly owned parcels;
- Certain public utility parcels utilized for rights-of way;
- Privately owned open space parcels; and
- Privately owned "sliver" parcels that have resulted from a lot line adjustment with an adjacent larger parcel. The adjacent larger parcel, of which these "sliver" parcels are a part, are assessed at the residential rate.

Maximum Assessment Rates

The Fiscal Year 2020-21 Maximum and Proposed Assessment Rates for each zone of benefit are shown below.

Zone of Benefit	Approved Maximum Assessment Rates	Proposed Fiscal Year 2020-21 Assessment Rates
Zone 1 (Residential)	\$0.746	\$0.746
Zone 2 (Industrial)	\$1.119	\$1.119
Zone 3 (Commercial)	\$1.492	\$1.492

Note: The rates shown in the table above are to be applied by Zone to each parcel's assigned street front footage.

The Maximum Assessment Rates for each zone of benefit are the same maximum rates that have been historically applied and that were previously approved. Any future increase in the maximum assessment rates or substantial changes in the services provided would require that the District be brought into compliance with all the requirements of Article XIIID and would require the approval of the property owners subject to the assessment based upon a mailed ballot which would be sent to each property owner. It should be noted that an increased assessment to an individual property resulting from changes in development or land use does not constitute an increased assessment.

Sample Annual Levy Calculation

Sample annual levy calculations for each zone of benefit as described in the *Method of Apportionment* above, has been outlined for illustration purposes.

Zone 1 (Residential)

Individual Parcel's Annual Assessment = $(RF + (SR_1/2) + (SR_2/2) + (SR_3/2)) \times$
Zone 1 Rate (or other applicable rate for mixed use property)

Zone 2 (Industrial)

Individual Parcel's Annual Assessment = $(IF + (SR_1/2) + (SR_2/2) + (SR_3/2)) \times$
Zone 2 Rate (or other applicable rate for mixed use property)

Zone 3 (Commercial)

Individual Parcel's Annual Assessment = $(CF + (SR_1/2) + (SR_2/2) + (SR_3/2)) \times$
Zone 3 Rate (or other applicable rate for mixed use property)

If a parcel is zoned for mixed-use, and consists of multiple land use classifications, all public street footage surrounding the parcel will be assessed at the applicable zone(s) rate(s), or a combination thereof, as determined by the Assessment Engineer.

The following abbreviations used in the Sample Annual Levy Calculations shall have the following meanings:

- RF All residential parcels with public street footage along the front of the property.
- IF All industrial parcels with public street footage along the front of the property.
- CF All commercial parcels with public street footage along the front of the property.
- SR_{1,2,3} All parcels (residential, industrial, and commercial) with public street footage along the side and/or rear of the property. SR shall be determined to be ½ of the public street footage.

PART E

ASSESSMENT ROLL

Parcel Identification, for each lot or parcel within the District, shall be the parcel as shown on the Los Angeles County Assessor Parcel Maps and/or the Los Angeles County Secured Tax roll for the year in which this Report is prepared. A listing of parcels to be assessed within this District along with the proposed assessment amounts is included in the following pages.

Upon approval of the Engineer's Annual Levy Report, and confirmation of the proposed assessments, the assessment information will be submitted to the County Auditor/Controller and included on the property tax roll in Fiscal Year 2020-21. If the parcels within the District and referenced in this Report, are re-numbered, re-apportioned or changed by the County Assessor's Office after approval of the Report, the new parcel along with the appropriate assessment amount will be submitted to the County Auditor/Controller. If the parcel change made by the County includes a parcel split, parcel merger or change in tax status, the assessment amount submitted on the new parcels will be based on the method of apportionment and applied levy rates approved in this Report by the City Council.

CITY COUNCIL STAFF REPORT

DATE: JUNE 24, 2020

TO: HONORABLE MAYOR, AND MEMBERS OF THE CITY COUNCIL

RE: HOLD A PUBLIC HEARING AND APPROVE THE ANNUAL SEWER REPORT AND LEVY OF THE ANNUAL SEWER SERVICE CHARGE FOR FISCAL YEAR 2020/21 PURSUANT TO CHAPTER 14 OF TITLE 6 OF THE MAYWOOD MUNICIPAL CODE AND ORDER THE ANNUAL SEWER SERVICE CHARGE TO BE COLLECTED ON THE COUNTY OF LOS ANGELES TAX ROLL

RECOMMENDATION

Hold a public hearing and adopt Resolution No. 6120 approving the annual sewer report and levying an annual sewer service charge for Fiscal Year 2020/21 pursuant to Chapter 14 of Title 6 of the Maywood municipal code and ordering the annual sewer service charge to be collected on the County of Los Angeles tax roll.

BACKGROUND

On June 13, 2018, City Council adopted Ordinance No. 18-05 establishing sewer charges to pay for the operation and maintenance of the City's sewer system, including capital replacement costs. Ordinance No. 18-05 also provides that commencing July 1, 2019 and, on each July 1st, thereafter, through and including July 1, 2022, the annual sewer service charge may be increased annually by an amount equal to the annual increase in the Engineering News Record Construction Cost Index for Los Angeles Area (the "ENRLA"), as of February of each year. For any fiscal year that the sewer service charge is not increased by the allowable increase in the ENRLA for that year, the City may add the increase for that year to the ENRLA increase in subsequent years.

Maywood Municipal Code (MMC) Chapter 14 of Title 6 and California Health and Safety Code, Article 4 of Chapter 6 of Part 3 of Division 5, Section 5470, affirms

that City Council is authorized to levy an annual sewer service charge and to have such charge collected on the tax roll. As required by the California Health and Safety Code, each year that the City levies and collects charges on the tax roll, the City must prepare a report that contains a description of each parcel of real property to which the charge is applicable and the amount of the charge for each parcel and must hold a public hearing. Therefore, staff prepared a report which is on file in the City Clerk's office. City staff is recommending levying the FY 2020/21 sewer service charges at the same rates as FY 2019/20.

DISCUSSION

Notice of the public hearing on the annual sewer report and the proposed levy and collection of the sewer service charges on the property tax roll was published by the City Clerk as required by Section 5473.1 of the Health and Safety Code. The notice of public hearing was published on June 4 and June 13, 2020 in a newspaper of general circulation in the City of Maywood.

Upon conclusion of the public hearing, City staff recommends City Council adopt the attached resolution approving the annual sewer report and sewer service charges for Fiscal Year 2020/21 at the same rates as FY 2019/20 and ordering the charges to be placed on the property tax roll.

FISCAL IMPACT

There is no fiscal impact at this time. If the sewer charges are not levied as proposed there would be a loss of revenue of approximately \$297,600 for Fiscal Year 2020/21.

RESOLUTION NO. 6117

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MAYWOOD, CALIFORNIA, APPROVING THE FINAL ENGINEER'S REPORT, AS MODIFIED, CONFIRMING THE DIAGRAM AND ASSESSMENTS, AND ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE CITY OF MAYWOOD STREET LIGHTING ASSESSMENT DISTRICT FOR FISCAL YEAR 2020/21 PURSUANT TO THE PROVISIONS OF DIVISION 15, PART 2 OF THE STREETS AND HIGHWAYS CODE OF THE STATE OF CALIFORNIA

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF MAYWOOD HEREBY DETERMINES, FINDS AND RESOLVES AS FOLLOWS:

WHEREAS, this City Council, by previous Resolutions, initiated proceedings and declared its intention to levy and collect assessments against lots and parcels of land within an existing assessment district known and designated as "THE CITY OF MAYWOOD STREET LIGHTING ASSESSMENT DISTRICT" (hereinafter referred to as the "District") for the fiscal year commencing July 1, 2020 and ending June 30, 2021 pursuant to the provisions of the Landscaping and Lighting Act of 1972, Division 15, Part 2 of the Streets and Highways Code of the State of California (hereinafter referred to as the "Act"); and

WHEREAS, the City previously determined that the annual assessments originally established for the District were for the maintenance and operation of street lights within the public street right-of-way. As such, pursuant to Article XIID Section 5(a), the pre-existing assessment amount has been exempted from the procedural requirements of Article XIID Section 4 since the amount of the assessment has not increased since the passage of Proposition 218; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, and posted on the City's website, the Fiscal Year 2020/21 Engineer's Report in connection with the proposed levy and collection of assessments against lots and parcels of land within the District, and the City Council did by previous Resolution approve such report on May 27, 2020; and

WHEREAS, at this meeting the Engineer has filed with the City Clerk, and the City Clerk has presented to the City Council, and posted on the City's website, a modification to the Engineer's Report to allocate \$8,000 to undertake an assessment of street lighting needs, which results in a decrease to the ending fund balance for the capital reserve; and

WHEREAS, the City Council desires to levy and collect assessments against lots and parcels of land within the District for the fiscal year commencing July 1, 2020 and ending June 30, 2021, to pay for the costs and expenses for the improvements described in Section 5 below.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE CITY OF MAYWOOD STREET LIGHTING ASSESSMENT DISTRICT, AS FOLLOWS:

Section 1. That the above recitals are all true and correct.

Section 2. Following notice duly given, the City Council has held a full and fair public hearing, and all interested persons were afforded the opportunity to hear and be heard. The City Council considered all oral and written statements, protests and communications made or filed by interested persons.

All protests and objections to the levy and collection of the proposed assessment for the fiscal year commencing on July 1, 2020 and ending on June 30, 2021 are hereby overruled by the City Council. The City Council now declares the levy of proposed assessments against lots and parcels of land within the District for Fiscal Year 2020/21 to pay for the costs and expenses for the improvements described in Section 5 below pursuant to the terms and provisions of the Act.

Section 3. The City Council hereby approves the modifications to the Engineer's Report, and approves the Engineer's Report, as modified, as described in the recitals hereof. Based upon its review of the Fiscal Year 2020/21 Engineer's Report, as modified, and other reports and information, the City Council hereby finds and determines that (i) the lands within the District will be benefited by the improvements described in Section 5 below, (ii) the District includes all of the lands so benefited, and (iii) the net amount to be assessed upon the lands within the District for the 2020/21 fiscal year in accordance with the Engineer's Report, as modified, is apportioned by a formula and method which fairly distributes the net amount among all assessable lots and parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.

Section 4. The diagram and assessment as presented to the City Council and on file in the office of the City Clerk are hereby confirmed as filed.

Section 5. The City Council hereby orders the proposed improvements to be made, which improvements are briefly described as follows: the installation, maintenance and servicing of street lighting and traffic signal facilities and appurtenant facilities throughout the District, including the replacement of existing street lighting and traffic signal facilities at various locations throughout the District.

Section 6. The assessment is in compliance with the provisions of the Act, the provisions of the California Constitution Article XIID and the City Council has complied with all laws pertaining to the levy of an annual assessment.

Section 7. The assessment is levied for the purpose of paying the costs and expenses of the improvements described in Section 5 above for Fiscal Year 2020/21.

Section 8. Installation, maintenance and servicing of the street lighting and traffic signal facilities and appurtenant facilities described in Section 5 above shall be

performed pursuant to law.

Section 9. The County Auditor of Los Angeles County shall enter on the County Assessment Roll opposite each lot or parcel of land the amount of the assessment and such assessments shall then be collected at the same time and in the same manner as the County taxes are collected. After collection by the County, the net amount of the assessments, after deduction of any compensation due the county for collection, shall be paid to the City Treasurer.

Section 10. Public property owned by any public agency and in use for a public function and which is included within the District shall not be subject to the assessment to pay for any of the costs and expenses associated with the improvements.

Section 11. The City Treasurer shall deposit all moneys representing assessments collected by the County to the credit of a special fund known as "THE CITY OF MAYWOOD STREET LIGHTING ASSESSMENT DISTRICT FUND" and such moneys shall be expended only for the improvements described in Section 5 above.

Section 12. The adoption of this Resolution constitutes the levy of assessments for the fiscal year commencing July 1, 2020 and ending June 30, 2021.

Section 13. The City Clerk is hereby authorized and directed to file the diagram and assessments, or a certified copy of the diagram and assessments, with the County Auditor, together with a certified copy of this Resolution upon its adoption.

Section 14. A certified copy of the diagram and assessment shall be filed in the office of the City Engineer, with a duplicate copy on file in the office of the City Clerk and open for public inspection.

Sewer System Management Plan (SSMP) Update

Project Background

California State Water Resources Control Board (SWRCB) Order No. 2006-0003-DWQ requires public sewer collection agencies to develop a SSMP outlining maintenance, rehabilitation, and emergency response plans for its sewer systems to reduce sanitary sewer overflows (SSOs). SSMPs must be self-audited at least every two (2) years and updated every (5) years from the original adoption date by the City Council.

The last SSMP update was adopted by the City Council on August 9, 2017; however, it was deemed incomplete by the Los Angeles Regional Water Quality Control Board (LARWQCB). As a result, staff has been coordinating with LARWQCB over the last 3 years to address missing elements (Operation and Maintenance Program; Fats, Oils and Grease (FOG) Program, System Evaluation and Capacity Assurance Plan (SECAP)) of the SSMP.

Project Status - Ongoing

All missing elements have now been addressed and staff is developing an RFP to audit and complete the SSMP in order to bring the City into compliance by FY 2020-2021.

Project Expenditures

Estimated Expenditures to Date	\$33,000
Estimated Project Needs	\$55,000
Total Estimated Project Cost	\$88,000

Compliance Programs

Sewer Master Plan (SMP) Update

Project Background

The City's SMP presents an assessment of the hydraulic capacity of the City's sewer system. It is a document that should be continuously updated to reflect sewer capacity needs due to subsequent development and improvements within the City. The City's previous SMP was completed in 2008 and needs to be updated.

As part of the requirements for a compliant Sewer System Management Plan (SSMP), a hydraulic analysis was performed to identify hydraulically deficient sewer lines. Based on the results of the study, larger-sized pipes were recommended at various locations throughout the City. Additionally, existing pipes were replaced with larger-sized pipes as part of the City's recent EPA Sewer Replacement Project. Both of the recommendations from the hydraulic analysis and improvements to the sewer system will need to be reflected in an updated SMP.

Project Status - Ongoing

Staff is developing an RFP to update the SMP along with the SSMP.

Project Expenditures

Estimated Expenditures to Date	\$99,000
Estimated Project Needs	\$60,000
Total Estimated Project Cost	\$159,000

Compliance Programs

Hydraulic Analysis

Project Background

As part of the Sewer System Management Plan (SSMP) update, the City needs to include a System Evaluation and Capacity Assurance Plan (SECAP) element. A hydraulic analysis is a component of the SECAP that allows the City to identify hydraulically deficient sewer lines during dry and wet weather peak flow conditions.

Project Status - Completed

The hydraulic analysis began in 2018 and has been deemed complete by the Los Angeles Regional Water Quality Control Board (LARWQCB) as of May 2020. The City can now use the results of the hydraulic analysis to update sewer needs in the City's Sewer Master Plan (SMP) and to develop a short- and long-term capital improvement plan (CIP) to address deficiencies, as a required to be included in the SSMP update.

Project Expenditures

Estimated Expenditures to Date	\$185,000
Estimated Project Needs	\$0
Total Estimated Project Cost	\$185,000

Randolph Street / Heliotrope Avenue Emergency Overflow Project

Project Background

From 2009 to present, there have been eighteen (18) sanitary sewer overflows (SSOs). Six (6) of those SSOs can be attributed to a siphon in Randolph Street / Heliotrope Avenue which has been plagued by grease deposits. This project will install a bypass pipe between the upstream siphon manholes to prevent the likelihood of future SSOs.

Project Status - Ongoing

The project design has been completed and is anticipated to be bid for construction in FY 2020-2021.

Project Expenditures

Estimated Expenditures to Date	\$14,000
Estimated Project Needs (Construction)	\$76,000
Total Estimated Project Cost	\$90,000

52nd Street / 52nd Place Sewer Replacement Project

Project Background

Results from the System Evaluation and Capacity Assurance Plan (SECAP) hydraulic analysis revealed capacity deficiencies along 52nd Street / 52nd Place. This project will increase the pipe size for five (5) 8-inch pipe segments to 10-inch pipe totaling approximately 1,413 LF and will be part of a series of capital improvement plan (CIP) projects to be implemented under the updated Sewer System Management Plan (SSMP).

Project Status - Planned

The project is anticipated to be designed FY 2020-2021 and constructed in FY 2021-2022.

Project Expenditures

Estimated Expenditures to Date	\$0
Estimated Project Needs (Design & Construction)	\$825,500

AGENDA REPORT

CITY OF MAYWOOD

Public Hearing
AGENDA 3
ITEM NO. _____

DATE: JUNE 24, 2020

TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

FROM: JENNIFER E. VASQUEZ, CITY MANAGER *Jew*

BY: HRANT MANUELIAN, FINANCE DIRECTOR

SUBJECT: PUBLIC HEARING TO CONSIDER RESOLUTION 6121, ADOPTING THE FISCAL YEAR 2020-2021 OPERATING AND CAPITAL IMPROVEMENT BUDGETS FOR THE CITY OF MAYWOOD

RECOMMENDATION:

Staff recommends that the City Council adopt Resolution No.6141, Adopting the fiscal year 2020-2021 operating and capital improvement budget; which includes the general fund and special revenue funds.

BACKGROUND:

The City has held two budget workshops to provide direction for the draft budget on May 27th, and June 10th. Based on these workshops and direction provided by Council, adjustments to the budget were made.

DISCUSSION:

Below includes a breakdown of the expenditures being proposed for the City's Operating Budget. Comprehensive booklets will be compiled and distributed after the City Council adopts the Operating Budget and Capital Improvement Program.

General Fund Revenues

Total General Fund revenues for FY 20-21 are estimated to be \$10,597,200 plus transfer in from Los Angeles County Safe, Clean Neighborhood Parks and Beaches Measure of 2016 (Measure A) and Supplemental Law Enforcement Service Fund (SLESF) of \$587,000 for a total of \$11,184,200. See **Attachment No. 2** for detail listing of General Fund revenues.

General Fund Expenditures

Total General Fund expenditures for FY 20-21 are estimated to be \$11,197,171, which is \$361,624 more than was discussed and presented at the second budget workshop. The main reason for the increase was due to the addition of the various park rehabilitation projects as requested by Council, which will be funded by Measure A. Council had also directed staff to add \$25,000 for police suppression services and to budget for a comprehensive fee study which will cost approximately \$40,000. See **Attachment No. 3 and Attachment No. 4** for detailed listings of budgeted General Fund and Special Revenue Funds expenditures.

City Events

A total of \$27,400 has been budgeted for City events. Per Council direction the budget for Virtual Run Events was increased to have budget for multiple events throughout the year. See **Attachment No. 5** for list of city events and budgeted costs.

Capital Improvement Projects

As per direction from Council a budget of \$300,000 was added for various park facility repairs, replacements, and maintenance. The items will be for the replacement of playground equipment, bathroom renovations, and other items as needed. See **Attachment No. 6** for the complete list of projects, associated budgets, and funding sources.

LEGAL REVIEW:

The City Attorney has reviewed this staff report.

FISCAL IMPACT:

The City Council is asked to adopt a budget with a deficit of \$12,971 in the General Fund; however, the General Fund balance is estimated to be \$2,530,840 at the end of FY 20-21. The deficit can be attributed to various one-time expenditures, like the comprehensive fee study and a conservative revenue outlook due to COVID-19.

Below is the summary of estimated fund balances for the General Fund and Combined Special Revenue funds.

AGENDA REPORT

CITY OF MAYWOOD

Public Hearing
AGENDA 4
ITEM NO. _____

DATE: JUNE 24, 2020

TO: HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

FROM: JENNIFER E. VASQUEZ, CITY MANAGER *JV*

BY: HRANT MANUELIAN, FINANCE DIRECTOR

SUBJECT: HOLD A PUBLIC HEARING AND CONSIDER RESOLUTION APPROVING THE FINAL FORM OF THE DELINQUENT CHARGES REPORT FOR PAST DUE AND PAYABLE ACCOUNTS FOR RESIDENTIAL RUBBISH SERVICES RENDERED BY ATHENS SERVICES AND DIRECTING THAT THE SAME BE SUBMITTED TO THE LOS ANGELES COUNTY AUDITOR-CONTROLLER FOR COLLECTION ON THE PROPERTY TAX ROLL TAX YEAR 2020-2021

RECOMMENDATION:

Staff recommends that the City Council conduct the public hearing, deliberate and consider adopting a resolution approving the final form of the Delinquent Charges Report for past due and payable accounts for residential rubbish services rendered by Athens Services and directing that the same be submitted to the Los Angeles County Auditor-Controller for collection on the property tax roll tax year 2020-2021.

BACKGROUND:

Pursuant to Title 6 (Sanitation and Health) Section 6-2.210 (Billing and Collection) of the Maywood Municipal Code, rubbish collection charges become a lien on real property if the owner of the property served does not make payment directly to the rubbish collector.

DISCUSSION:

The City of Maywood, to minimize health, safety and blight risks, requires rubbish collection to continue regardless of a property owner(s) delinquent account status. The owner, to avoid having an assessment or lien placed against real property, may make payment directly to Athens Services by July 4, 2020. The owner also may make arrangements to satisfy their delinquencies within 10 calendar days from the date of the Public Hearing.

The City of Maywood has mailed notices to property owners whose accounts are delinquent, notifying them of the amounts due, and the City has published a notice as required by State law. The public hearing conducted here tonight is to receive testimony, review, and approve assessments against properties with delinquent accounts.

A copy of the delinquent account lists from Athens Services is attached to this report. Athens Services has communicated to the City that their lists were compiled after they made all reasonable efforts to diligently pursue and collect all fees and charges due.

LEGAL REVIEW:

The City Attorney has reviewed this report.

FISCAL IMPACT:

The estimated portion of the total collection corresponding to the City sums \$161,659.31. This amount is composed of 4% Utility User Tax, 10% delinquent Collections fees and 5% administrative fees.
