# AGENDA REPORT

CITY OF MAYWOOD

## AGENDA ITEM NO. 2.

---

**DATE:** May 11, 2022

**TO:** HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

**FROM:** JENNIFER VASQUEZ, CITY MANAGER

**BY:** ANTHONY RAINEY, INTERIM DIRECTOR OF FINANCE

**SUBJECT:** A RESOLUTION 6238 OF THE CITY COUNCIL OF THE CITY OF MAYWOOD AND SUCCESSOR AGENCY TO THE MAYWOOD COMMUNITY REDEVELOPMENT AGENCY APPROVING THE WARRANTS FOR PAYMENT

---

### RECOMMENDATION:

It is staff's recommendation that the City Council receive, approve and file the warrant registers, wire transfers dated 04/28/2022 through 05/04/2022, and net payrolls dated 04/10/22 through 04/23/2022.

### BACKGROUND:

Management Controls are the policies, procedures and practices conceived and put in place that assure City Management that ensure:

- the economical, efficient, and effective achievement of the City's objectives.
- adherence to laws, regulations, rules to policies.
- the safeguarding of assets and information.
- the prevention and detection of fraud and error; and
- the quality of accounting records and the timely production of reliable financial and management information.

Internal Controls are a set of rules, procedures and practices developed and employed to facilitate the safeguarding of City's assets be they liquid (cash or investments) or fixed (infrastructure or equipment) or intangible (credit rating or information).

The City utilizes resolutions for approving warrants for payment to comply with Section 3-2.06 of the Municipal Code regarding Warrants for Payments. Exhibit A entitled Summary of Warrants and Wire Transfers/ACH Transactions serves as a Management Control for complying with Section 3-2.06. Exhibit B entitled Detail of Warrants serves as evidence of Internal Controls utilized by City Finance staff that support these Management Controls for payments made by the City. These controls are carried out through the submission of all required documents supporting the invoices submitted for payment. Prior to payment, Finance staff reviews all disbursement documents to ensure that they meet the approval requirements.

## DISCUSSION:

**A - PAYMENT APPROVAL** - Pursuant to paragraph 37202 of the California Government Code, demands (called *Warrant Demand*) against the City for payment shall be audited and thereafter submitted to the City Council for approval or rejection prior to payment, either separately or in a register of audited demands and shall have attached thereto affirmation of the City Treasurer and City Finance Director certifying the accuracy of the demands and the availability of funds for payment. This is accomplished using:

**A1 - Warrants Registers** or checks certified or approved by the City Treasurer and Finance Director as conforming to authorized expenditures set forth in the City Council adopted City Budget.

**A1.1 Prepayments** – pre-paying allows the City to take advantage of allowable prompt payment discounts and make payments on due dates of invoices, this involves the issuance of checks prior to final warrant approval. *Automated Clearing House* (ACH) transactions are made using a network that electronically moves money between the City's bank accounts to a payee's bank account. This is reflected in the ***Summary Warrants for Payment and Wire Transfers/ACH Transactions as Accounts Payable prepaid warrants for payment***. Wire Transfer is a method of electronic funds transfer from the City of Maywood to one person or organization (payrolls and fees for electronic transfers).

**A1.2 Regular Payment** – To avoid late fees for payments made beyond due dates of invoices, checks are prepared prior to final warrant approval by the City Council. This is reflected in the ***Summary Warrants for Payment and Wire Transfers/ACH Transactions as Accounts Payable regular warrants for payment***. After City Council approval, the checks are signed and distributed.

**B - DOCUMENTATION** – The City uses a Management Control by producing a *summary document* (Exhibit A - Summary Warrants for Payment and Wire Transfers/ACH transactions) that represents the cash disbursements required and the City uses an Internal Control by producing a detailed document (Exhibit B – Detail Warrants for Payment) that details information about each check issued for Prepays and or to-be-paid for Regular Payments. These “disbursements” are accounted for in the FY 2021-22 budget.

**B1 – SUMMARY WARRANTS FOR PAYMENT AND WIRE TRANSFERS/ACH TRANSACTIONS** provide an accounting of the Accounts Payable Registers, wire transfers (*method of electronic funds transfer from the City of Maywood to one person or organization*), and Automated Clearing House (ACH) transactions.

# AGENDA REPORT

## CITY OF MAYWOOD

### AGENDA ITEM NO. 3.

---

**DATE:** May 11, 2022

**TO:** HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

**FROM:** JENNIFER VASQUEZ, CITY MANAGER

**BY:** MIGUEL LEON, ADMINISTRATIVE ANALYST

**SUBJECT:** AUTHORIZE THE ISSUANCE OF A REQUEST FOR PROPOSALS (RFP) FOR A CLIMATE ACTION, ADAPTATION, AND RESILIENCE PLAN (CAARP)

---

#### RECOMMENDATION:

Staff recommends that the City Council authorize the issuance of a Request For Proposals (RFP) for a Climate Action, Adaptation, and Resilience Plan (CAARP).

#### BACKGROUND:

The City considers greenhouse gas (GHG) emissions and the impacts of climate change to be a significant risk to the environment, public health, economic welfare, and the community. Innumerable cities have committed to taking aggressive action to mitigate the impacts of climate change with the adaptation of climate action plans, policies, and associated objectives to be consistent with the state emissions reduction goals.

In 2019, the Gateway Cities Council of Governments developed a Climate Action Planning Framework to support Gateway Cities in developing a Climate Action Plan for reducing greenhouse gas (GHG) emissions in their communities, including a 2010 greenhouse gas GHG inventory and report for the City. The framework offered guidance and tool kits on GHG reduction measures, Climate Adaptation and Public Engagement.

#### DISCUSSION:

The City, similar to other cities in Los Angeles County, is facing an array of climate-related impacts. In the Gateway Cities subregion, global climate change is expected to result in higher average temperatures, lengthier and more severe droughts punctuated by high-precipitation years, heatwaves, flooding in low-lying areas from more intense storms, and higher levels of air pollution.

The 2010 Greenhouse Gas (GHG) emissions report indicated that on-road transportation was responsible for 52% of the City's GHG emissions. Electricity and natural gas (total energy) used by residential buildings was the second biggest contributor at 15.4 percent, followed by total energy expended by aging commercial/industrial buildings (15.2 percent). The 2020 projected estimates yield similar results. While some climate action strategies seem obvious, other typical solutions may not be designed equitably or meet the needs of Maywood residents.

A community-driven Climate Action, Adaptation, and Resilience Plan (CAARP) will be the City's first guiding document and serve to ensure that all stakeholders and project implementers are in alignment and working together toward a shared vision for "Environmental Sustainability," Climate Action, and Resilience in the

community of Maywood. Staff recommends the release of the request for proposal (RFP) for the Climate Action, Adaptation, and Resilience Plan (CAARP).

The key milestones identified in the draft RFP are as follows:

05/12/2022: Release of Request for Proposals (RFP)  
06/03/2022: Proposals Due Date  
06/12/2022: Proposal Review/Evaluation  
June/July 2022: (Award of Contract) Recommendation by City Council

#### **LEGAL REVIEW:**

The City Attorney has reviewed this report.

#### **FISCAL IMPACT:**

There are no fiscal impacts in authorizing the Request for Proposal (RFP) for the Climate Action, Adaptation and Resilience Plan (CAARP). Once awarded, the budget appropriation will be made for the service contract. The funding will be utilized with the SoCal Gas Climate Adaptation & Resiliency Grant.

## **I. PURPOSE**

The City of Maywood is inviting Request for Proposals (RFP) from qualified firms for the preparation of the City's first Climate Action, Adaptation, and Resilience Plan (CAARP) as a standalone document. The purpose of this Request for Proposals (RFP) is to select a qualified consultant to support the City of Maywood in developing its Climate Action, Adaptation, and Resilience Plan (CAARP). The CAARP will provide a roadmap; including goals, strategies, and actions, to accelerate greenhouse gas (GHG) reduction ("climate action") as well as build the capacity of the City and its residents to prepare for and mitigate the impacts of climate change ("climate adaptation").

## **II. BACKGROUND**

The City of Maywood is recognized as the densest city in the state of California, with a density population of 23,347.5/sq miles. The City features a significant Latino population (97% of residents are Latino), with 25% of the population living in poverty. Overall, the City's poverty rate is in the 87th percentile for California. According to the California Office of Environmental Health Hazard Assessment CalEnviroScreen 3.0, the pollution burden index in all eight of Maywood's census tracts, ranges from 85% to 95%, indicating residents are highly exposed to pollution. In the California Healthy Places Index Score, which takes into consideration social, economic, and health conditions to measure overall health outcomes, the City is placed in the lowest tier.

The City of Maywood, similar to other cities in Los Angeles County, is facing an array of climate-related impacts. In the Gateway Cities subregion, global climate change is expected to result in higher average temperatures, longer and more severe droughts punctuated by high-precipitation years (as was the case in the winter of 2016/2017), heat waves, flooding in low-lying areas from more intense storms, and higher levels of air pollution. Given the high percentage of climate-vulnerable populations, (i.e., the elderly, low-income families, communities of color, and individuals already suffering from chronic diseases) City residents face significant health risks from climate hazards, particularly extreme heat events and associated poor air quality. The City is also among the park poverty-stricken in Los Angeles County, and the impact of several droughts and insect-borne diseases had severely reduced the City's urban forest. Moreover, the challenge to green the City is impeded by its built-out infrastructure, narrow parkways infrastructure, and resources.

In 2019, the Gateway Cities Council of Governments developed a Climate Action Planning Framework to support Gateway Cities in developing a Climate Action Plan for reducing greenhouse gas emissions in their communities, including a 2010 GHG inventory and report for the City. While the framework offers guidance and toolkits on GHG reduction measures, Climate Adaptation and Public Engagement, the City of Maywood's limited staff capacity and technical expertise has prevented the City from developing this important planning document.

## GENERAL REQUIREMENTS

- A. Respondents shall have at least three (3) years of consecutive experience in executing Climate Action and Resilience Plans.
- B. Insurance Requirements Vendor will provide Certificate of Insurance(s) for Professional Liability, Commercial General Liability, Auto Liability, and Workers' Compensation as stated in the City's standard terms and conditions.
- C. The City shall select an Individual/Consultant based on a combination of factors, such as: responsiveness and comprehensiveness of the Proposer with respect to this Request for Proposals (RFP); technical background and experience; the number and nature of exceptions taken to the agreement (Attachment 1); previous work performed for other public agencies; information obtained from references; and cost.
  - 1. In addition, the following factors will be considered:
    - a) Completeness of the proposal and ability of the Proposer to comply with the mandatory requirements proposed under this RFP.
    - b) Whether the Contractor has the financial resources and facilities to perform or provide the required services promptly, or within the time specified without delay or interference.
    - c) Experience implementing similar programs.
    - d) Proven knowledge of Climate Action, Adaptation, and Resilience Plan (CAARP) requirements.
    - e) Recommendations from prior clients and record of performance on previous contracts or services.
    - f) Cost reasonableness
- D. The City is not liable for any expenses incurred by any proposer prior to issuing the contract
- E. The submittal should be typed and as brief as possible while adequately describing the qualifications of the Consultant.
- F. Proposals are to be submitted in the same envelope, clearly marked with the Consultant name, address and phone number. Only one proposal per Contractor will be considered
- G. All work product generated by the Agreement will be owned by the City.

### **III. SCOPE OF SERVICES**

The City seeks to develop an equitable and collaborative plan that reflects the unique cultural and economic attributes of our community. This effort will be designed to engage and educate residents so that they become active participants in community solutions, not just a means to inform a planning document.

The City of Maywood has recently been chosen as one of the seven BOOST Program communities. This designation means that the City will be supported by the Institute for Local Government and the project team, composed of community engagement and technical experts, to accelerate the City's climate and equity goals over the next two years. The BOOST Program can provide capacity-building support for a robust community engagement effort, in alignment with the consultant-provided services outlined below.

The consultant will produce a CAARP that will:

- Build on the Gateway Cities CAP Framework
- Outline the social, environmental, and economic benefits of reducing community GHG emissions
- Prioritize measures that foster stronger communities, healthier lifestyles, a stronger local economy, and increased resilience to climate change
- Be accessible and relevant to the community, by using graphs, charts, and images to present a complex topic in a way that will relate to the reader and explain why residents should care.

Development of the CAARP will include the following tasks:

- Task 1: Policy and Program Alignment
- Task 2: Analyze GHG Emissions
- Task 3: Recommend GHG Emission Reduction Target(s); Develop High-Level GHG Strategies
- Task 4: Develop and Quantify Detailed GHG Reduction Measures
- Task 5: Develop CAARP Document
- Task 6: Climate Change Vulnerability / Adaptation Strategies

#### **Task 1: Policy and Program Alignment**

The consultant will review the City's existing and upcoming plans, policies, and resources relevant to the CAARP. This includes but is likely not limited to:

- General Plan Update

- Local Road Safety Plan (LRSP)
- Clean California Grant
- Connected Communities Resilience Program – Dr. Lucy Jones
- Urban and Community Forestry Grant
- Bicycle Masterplan, Pedestrian Plan, and Safe Routes to School Plan
- Other greening, renewables, and environmental initiatives

The purpose of this review is to identify current programs and policies that reduce GHG emissions and/or increase climate change resilience, and to identify opportunities for new or expanded initiatives.

#### Task 1 Deliverables:

- Memo presenting a summary of existing conditions and the findings of our policy and program analysis and recommendations for addressing policy inconsistencies, consolidating or leveraging existing programs, and expanding and/or developing new programs

### **Task 2: Analyze GHG Emissions**

The consultant shall develop current inventory data to measure the City's progress in reducing GHG emissions against the baseline and develop GHG emission reduction forecasts under a business-as-usual model. Analysis should include an evaluation and impact summary of anticipated state and federal policies and programs on GHG emission reductions.

#### Task 2 Deliverables:

- Current GHG Inventory

### **Task 3: Recommend GHG Emission Reduction Target(s); Develop High-Level GHG Strategies**

Based on the results of the GHG inventory, the consultant should recommend GHG emission targets that align with Senate Bill 32 and Executive Order B-30-15, which require the state to achieve emission reductions of 40% by 2030 and 80% by 2050 when compared to 1990 levels. The consultant will work with the City to identify a GHG target that is most appropriate to the City's objectives, capacity, and ability.

#### Task 3 Deliverables:

- Memo recommending appropriate GHG target(s) and identifying types of reduction measures needed to achieve that target

## **Task 4: Develop and Quantify Detailed GHG Reduction Measures**

Using the Gateway Cities CAP Framework, the consultant will develop and prioritize tailored actions for Maywood based on the targets and measures identified in Task 2. The CAP Framework's GHG Toolkit lets users establish GHG reduction targets and then select and prioritize GHG reduction measures based on their effectiveness in reducing emissions and their alignment with local planning objectives and available funding sources. The GHG Toolkit includes an Excel tool that quantifies the GHG reductions associated with measures currently being implemented at the state and regional scales, as well as proven measures that can be implemented locally. Using this toolkit, the consultant will evaluate and prioritize GHG reduction measures for potential cost savings, creating local jobs and improving the local economy, improving public health, improving social equity, and increasing resilience to climate change. The specific strategies and priority actions selected to meet the recommended target reductions will be summarized into a strategic framework with specific near-term implementation plans, a financing approach that evaluates the potential for funding the strategies, and a schedule for longer-term implementation plan development. Measures will identify agencies and departments responsible, indicators for success, potential partnerships, recommended funding sources, and appropriate methods to assess progress.

### Task 4 Deliverables:

- Complete set of fully developed, quantified, and prioritized GHG reduction measures

## **Task 5 – Climate Change Vulnerability / Adaptation Strategies**

The consultant will assess the climate change risks the City of Maywood and its residents face and develop detailed strategies the City can adopt to create a more resilient community. The consultant shall prepare a vulnerability assessment to comply with amended Government Code Section 65302 in accordance with Senate Bill 379. This vulnerability assessment will consider a broad range of potential impacts to human populations and infrastructure resulting from higher temperatures and changes in precipitation, including increased hazards related to extreme heat, wildfire, air quality, drought, flooding, and vector-borne illness. Building from the Gateway Cities CAP Framework's Adaptation Toolkit, the consultant will work with the City to develop adaptation strategies that may relate to existing initiatives such as urban greening, energy resiliency, and emergency preparedness.

### Task 5 Deliverables:

- CAARP chapter detailing vulnerability assessment that describes the risks that Maywood is likely to face as the impacts of climate change become more severe, including the risks to critical infrastructure and vulnerable populations

- List of feasible implementation strategies that prepare and adapt the City and residents for the impacts of identified risks.
- Review of long and short-term funding opportunities for recommended actions
- Adaptation Strategies

## Task 6 – Develop CAARP Document

The consultant will develop a Draft CAARP that consolidates the components developed in Tasks 1 through 5, using accessible text along with well-designed graphs, charts, and images to make the issues of climate change accessible to the residents and businesses in Maywood. The CAARP will be designed to maximize the utility of information for City staff and the community. The consultant will structure the CAARP to be easily navigable, and tailor writing for the average reader (with detailed appendices for a more technically savvy audience). The Plan will also include recommendations for adequate staffing and organizational structures needed to ensure the successful implementation of the CAARP.

### Task 6 Deliverables:

- Internal Draft CAARP
- Public Draft CAARP
- and Final CAARP document

## Primary Schedule

The City of Maywood expects the project to begin upon selection of a technical consultant and to last approximately Preliminary Schedule: 28 weeks (6 months). More robust community engagement could extend the timeline, which would be preferred, but will remain in adherence to SoCalGas' grant guidelines. An approximate timeline is as follows:

Each Respondent understands and agrees that the City, its departments, its officers, employees or agents are not responsible for:

- Any costs incurred by a Respondent in the preparation, delivery or presentation of a proposal.
- Any costs incurred by a Respondent in meeting the criteria as a result of making or submitting a proposal or subsequently in entering into a formal agreement with the City; and

The City's final selection will not be dictated on any single factor or criteria including price. The City reserves the right to award the contract(s) in any manner it deems to be in the best interest of the City and make the selection based on its sole discretion, notwithstanding the criteria set forth herein, including negotiating with one or more of the Respondents for the same services.

The City will evaluate the proposals provided in response to this RFP based on the following weighted criteria: City will evaluate the proposals provided in response to this RFP based on the following criteria:

Following the preliminary review of all proposals submitted by the deadline, the Evaluation Committee may, at its discretion, interview one or more Bidder by phone. The interview, if applicable will be an opportunity for the Bidders to respond to the questions and to clarify its proposal. If interviews of the top scoring Bidders or Bidders are conducted, the City of Maywood will conduct a post-interview review of the proposals using both the weighted criteria above to include any further clarification as conveyed through the interview process and may also award or subtract points from the original scoring in the sole discretion of the City.

D. Survival of Terms. Consultant's indemnifications and obligations under this Section shall survive the expiration or termination of this Agreement.

## **9. INSURANCE.**

A. Minimum Scope and Limits of Insurance. Consultant shall procure and at all times during the term of this Agreement carry, maintain, and keep in full force and effect, insurance as follows:

Any insurance or self-insurance maintained by City, its elected and appointed officials, officers, employees, agents or volunteers, shall be in excess of Consultant's insurance and shall not contribute with it.

E. Consultant's Waiver of Subrogation. The insurance policies required under this Section shall not prohibit Consultant and Consultant's employees, agents or subconsultants from waiving the right of subrogation prior to a loss. Consultant hereby waives all rights of subrogation against City.

F. Deductibles and Self-Insured Retentions. Any deductibles or self-insured retentions must be declared to and approved by City. If any insurance policy required under this Section is canceled or reduced in coverage or limits, Consultant shall, within two Business Days of notice from the insurer, phone, fax or notify City via certified mail, return receipt requested, of the cancellation of or changes to the policy.

H. City Remedy for Noncompliance. If Consultant does not maintain the policies of insurance required under this Section in full force and effect during the term of this Agreement, or in the event any of Consultant's policies do not comply with the requirements under this Section, City may either immediately terminate this Agreement or, if insurance is available at a reasonable cost, City may, but has no duty to, take out the necessary insurance and pay, at Consultant's expense, the premium thereon. Consultant shall promptly reimburse City for any premium paid by City or City may withhold amounts sufficient to pay the premiums from payments due to Consultant.

I. Evidence of Insurance. Prior to the performance of Services under this Agreement, Consultant shall furnish City's Risk Manager or such other official designed by the City Manager with a certificate or certificates of insurance and all original endorsements evidencing and effecting the coverages required under this Section. The endorsements are subject to City's approval. Consultant may provide complete, certified copies of all required insurance policies to City. Consultant shall maintain current endorsements on file with City's Risk Manager. Consultant shall provide proof to City's Risk Manager that insurance policies expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage.

Consultant shall furnish such proof at least two weeks prior to the expiration of the coverages.

J. Indemnity Requirements not Limiting. Procurement of insurance by Consultant shall not be construed as a limitation of Consultant's liability or as full performance of Consultant's duty to indemnify City under Section 8 of this Agreement.

K. SubConsultant Insurance Requirements. Consultant shall require each of its subconsultants that perform Services under this Agreement to maintain insurance coverage that meets all of the requirements of this Section.

## **10. MUTUAL COOPERATION.**

ALL SUCH RECORDS SHALL BE MAINTAINED IN ACCORDANCE WITH GENERALLY ACCEPTED ACCOUNTING PRINCIPLES AND SHALL BE CLEARLY IDENTIFIED AND READILY ACCESSIBLE. CONSULTANT SHALL PROVIDE FREE ACCESS TO CITY, ITS DESIGNEES AND REPRESENTATIVES AT REASONABLE TIMES, AND SHALL ALLOW CITY TO EXAMINE AND AUDIT THE BOOKS AND RECORDS, TO MAKE TRANSCRIPTS THEREFROM AS NECESSARY, AND TO INSPECT ALL WORK, DATA, DOCUMENTS, PROCEEDINGS AND ACTIVITIES RELATED TO THIS AGREEMENT. **13. FORCE MAJEURE.** CONSULTANT SHALL NOT BE LIABLE FOR ANY FAILURE TO PERFORM ITS OBLIGATIONS UNDER THIS AGREEMENT IF CONSULTANT PRESENTS ACCEPTABLE EVIDENCE, IN CITY'S SOLE JUDGMENT, THAT SUCH FAILURE WAS DUE TO ACTS OF GOD, EMBARGOES, INABILITY TO OBTAIN LABOR OR MATERIALS OR REASONABLE SUBSTITUTES FOR LABOR OR MATERIALS, GOVERNMENTAL RESTRICTIONS, GOVERNMENTAL REGULATIONS, GOVERNMENTAL CONTROLS, JUDICIAL ORDERS, ENEMY OR HOSTILE GOVERNMENTAL ACTION, CIVIL COMMOTION, FIRE OR OTHER CASUALTY, OR OTHER CAUSES BEYOND CONSULTANT'S REASONABLE CONTROL AND NOT DUE TO ANY ACT BY CONSULTANT.

**14. DEFAULT.**

A. Consultant's failure to comply with the provisions of this Agreement shall constitute a default. In the event that Consultant is in default for cause under the terms of this Agreement, City shall have no obligation or duty to continue compensating Consultant for any work performed after the date of default.

B. In addition to the right to terminate pursuant to Section 12, if the City Manager determines that Consultant is in default in the performance of any of the terms or conditions of this Agreement, City shall serve Consultant with written notice of the default. Consultant shall have ten calendar days after service upon it of the notice in which to cure the default by rendering a satisfactory performance. ## AGENDA REPORT

CITY OF MAYWOOD

## AGENDA ITEM NO. 5.

---

**DATE:** May 11, 2022

**TO:** HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

**FROM:** JENNIFER VASQUEZ, CITY MANAGER

**BY:** JENNIFER VASQUEZ, CITY MANAGER

**SUBJECT:** INITIATE FISCAL YEAR 2021/22 PROCEEDINGS FOR THE ANNUAL LEVY OF ASSESSMENTS, PRELIMINARILY APPROVE THE FISCAL YEAR 2022/23 ENGINEER'S REPORT, DECLARE INTENT TO LEVY ASSESSMENTS IN FISCAL YEAR 2022/23, AND SET A TIME AND PLACE FOR THE PUBLIC HEARING ASSOCIATED WITH THE CITY OF MAYWOOD STREET LIGHTING ASSESSMENT DISTRICT

---

### RECOMMENDATION:

It is recommended that the City Council:

1. Adopt a Resolution initiating Fiscal Year 2022/23 proceedings for the annual levy of assessments for the City of Maywood Street Lighting Assessment District for Fiscal Year 2022/23 and,
1. Adopt a Resolution approving the Preliminary Annual Engineer's Report for the City of Maywood Street Lighting Assessment District for Fiscal Year 2022/23 and,
1. Adopt a Resolution declaring its intention to levy annual assessments for the City of Maywood Street Lighting Assessment District for Fiscal Year 2022/23 and setting the time and place of Public Hearing.

### BACKGROUND:

The City of Maywood currently levies and collects special assessments through the City of Maywood Street Lighting Assessment District (SLAD) to offset the cost of providing streetlighting and traffic signal improvements and maintenance services within the City.

Per Proposition 18, passed by California voters in November 1996, there can be no new or increased assessments without approval by affected property owners. When there is an increase, Proposition 218 provides for a ballot and voting process that seeks the approval from the majority of affected property owners.

Since there is no increase in rates or any new assessments for Fiscal Year 2022/23, the ballot process is not required.

The Landscaping and Lighting Act of 1972 (the Act) requires that an annual review and updated Engineer's Report be prepared and approved to set assessment rates for the ensuing fiscal year. Francisco & Associates was retained to assist the City with the preparation of the annual Engineer's Report and submittal of the annual assessments to the County for inclusion on the property tax bills.

The first step in establishing assessments for Fiscal Year 2022/23 is for City Council to adopt a Resolution of Initiation. The Resolution of Initiation generally describes any proposed new improvements or any substantial changes in existing improvements and orders the Engineer to prepare and to file a Preliminary Engineer's Report with the City Clerk. City Council may approve the Preliminary Engineer's Report as filed or may modify the report so long as the assessments are not increased above their authorized maximum amounts. Staff has reviewed the attached the Preliminary Engineer's Report and is satisfied with the Report, including the budget items, diagram, and levy amounts.

Therefore, staff recommends that City Council adopt the Resolutions initiating proceedings for the annual levy of assessments for the Street Lighting Assessment District, approving the Preliminary Engineer's Report, declaring the intention to levy annual assessments and setting June 8, 2022 at 7:00 pm in City Council Chambers as the time and place of the Public Hearing.

Proper notice of the Public Hearing will be given by publishing a notice in the newspaper ten days prior to the scheduled public hearing. Upon conclusion of the Public Hearing, City Council may adopt a resolution confirming the diagram and assessments, either as originally proposed or as modified. The adoption of this final resolution shall authorize the levy of assessments for Fiscal Year 2022/23.

#### **DISCUSSION:**

The Preliminary Engineer's Report was prepared and is presented herein to the City Council. While there are no changes in the current assessment rates or the improvements to be maintained, the preparation of an Engineer's Report and holding a public hearing are still required for submittal of the assessments to the County. The adoption of the attached resolutions are the first steps in the annual proceedings to place the annual assessments on the Los Angeles County property tax bills for Fiscal Year 2022/23.

#### **LEGAL REVIEW:**

This item has been reviewed by the City Attorney.

#### **FISCAL IMPACT:**

There is no fiscal impact at this time. If assessments are not levied as proposed, then there would be a loss of revenue of approximately <\$174,520> for Fiscal Year 2022/23.

## **SECTION I**

### **INTRODUCTION**

Adequate lighting on public streets and traffic signals to control the flow of traffic and pedestrians are considered important for public convenience and safety. Protection of property and reduction of traffic accidents are specific benefits that properties realize within the City. The lighting benefit is directly related to safety and property protection and therefore increases the perceived and actual usability and enhancement of residential, commercial and industrial properties.

To ensure a flow of funds for a portion of the ongoing maintenance and servicing of streetlighting facilities and traffic signals within the boundaries of the City of Maywood (hereafter referred to as “City”), the City Council formed the Street Lighting Assessment District (hereafter referred to as the “District”) and annually levies and collects special assessments to maintain these improvements. The formation of the District and the annual levy of assessments have been made pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (hereafter referred to as the “1972 Act”).

This Engineer’s Report (hereafter referred to as the “Report”) presents the engineering analysis for the District for Fiscal Year 2022-23. The assessment rates applied for the fiscal year will be the same as those assessed in the previous fiscal year. The proposed lighting assessment for Fiscal Year 2022-23, as described in this Report, is approximately \$174,520.

#### **Authority for the Report**

This Report is prepared in compliance with the requirement of Chapter 1, Article 4, Landscaping and Lighting Act of 1972, being Part 2, Division 15, sections 22500 through 22679 of the Streets and Highways Code, State of California. The 1972 Act authorizes the maintenance and servicing of public improvements. As applicable or may be applicable to this District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or construction of public lighting facilities;
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities;
- The maintenance or servicing, or both, of any of the foregoing;
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5;
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines “maintain” or “maintenance” to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement;
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

This Report includes plans and specifications for the improvements, an estimate of the costs of the improvements, a diagram of the District showing the boundary of the District; (the boundaries of the District are coterminous with the City boundaries and, by reference, are hereby made part of this Report), the method of apportioning costs to properties that benefit from the public improvements and services provided, and a listing of the proposed assessment amounts against the parcels or lots that benefit from the improvements. The Report is hereby presented to the City Council for its review and approved as presented or, as the City Council may determine, it should be modified, before approval.

After the Report is preliminarily approved, the City Council may adopt a resolution of intention that describes the improvements, refers to the Report for details of the District, and sets a time and place for a public hearing on the proposed levy of assessments.

Assessments for this District are being levied for the following improvements within the District:

- The maintenance and servicing of arterial streetlights that provide a special benefit to all the assessable parcels within the District;
- The maintenance and servicing of local streetlights in close proximity to certain lots and parcels which provide a direct special benefit to these lots or parcels;
- The maintenance and servicing of traffic signals that contribute to traffic flow, thereby providing a measure of safety and pedestrian and vehicular accessibility to residential, commercial and industrial properties.

- The 1972 Act, in Section 22573, states that the “net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.” Details of the formula being used to spread the assessments throughout this District are found in Part D of this Report.

### **Compliance with the California Constitution**

In November 1996, voters of the State of California passed Proposition 218 that added Article XIID to the California Constitution requiring certain substantive and procedural requirements for the imposition of assessments. Article XIID requires that assessments comply with stated provisions by July 1, 1997, unless an assessment meets certain exemptions. The exemptions from the procedural and approval requirements are set forth in Section 5 of the Article and include the following:

“(a) Any assessment imposed exclusively to finance the capital costs or maintenance and operation expenses for sidewalks, streets, sewers, water, flood control, drainage systems or vector control.”

This District qualifies as an existing assessment because the District is funding items that are considered exempt under provision (a) quoted above, specifically street improvements. Using the definition provided by the Office of the Controller for the State of California in the Guidelines Relating to Gas Tax Expenditures published by the Division of Local Government Fiscal Affairs, street improvements include streetlighting and traffic signals.

## **SECTION II**

### **ENGINEER'S REPORT PREPARED PURSUANT TO THE PROVISIONS OF LANDSCAPING AND LIGHTING ACT OF 1972 SECTION 22500 THROUGH 22679 OF THE CALIFORNIA STREETS AND HIGHWAYS CODE**

#### **CITY OF MAYWOOD**

#### **STREET LIGHTING ASSESSMENT DISTRICT FISCAL YEAR 2022-23**

Pursuant to the Landscaping and Lighting Act of 1972 (Part 2 Division 15 of the Streets and Highways Code of the State of California, commencing with Section 22500), and in accordance with the Resolution of Intention, adopted by the City Council of the City of Maywood on May 11, 2022, I, Mohammad Mostahkami, P.E., the duly appointed Engineer of Work for the City of Maywood Street Lighting Assessment District (the "District"), submit the following Report, consisting of Section I (Introduction), and this, Section II (Engineer's Report), which consists of five (5) parts as follows:

#### **PART A: PLANS AND SPECIFICATIONS**

This part describes the improvements maintained by the District. A plan showing the size and location of streetlights and traffic signals to be maintained and serviced in each zone of the District is on file in the Engineering Department and by reference is hereby incorporated into this Report.

#### **PART B: ESTIMATE OF COST**

This part contains an estimate of the cost of the proposed improvements to be maintained for Fiscal Year 2022-23, including incidental costs and expenses in connection therewith. The estimate is attached hereto and is on file in the Engineering Department of the City of Maywood.

#### **PART C: ASSESSMENT DISTRICT DIAGRAM**

This part incorporates a Diagram of the District showing the exterior boundaries of the District, the boundaries of any zones within the District and the lines and dimensions of each lot or parcel of land within the District. The exterior boundary of the District is coterminous with the exterior boundary of the City of Maywood. This Diagram has been prepared by the Engineer of Work and is on file in the Office of the Director of Public Works of the City of Maywood.

## **PART D: METHOD OF APPORTIONMENT OF ASSESSMENTS**

This part describes the method of apportionment of assessments, based upon each parcel's land use classification within the District in proportion to the estimated special benefits to be received. Furthermore, the benefit received from existing District improvements by any assessable lot or parcel in the District has been determined to be in accordance with the following classifications:

- Residential Level of Benefit
- Industrial Level of Benefit
- Commercial Level of Benefit

All lots or parcels receiving the same level of benefit have been incorporated into a rate zone, the boundaries of which are defined by the equivalent land use zoning boundary established by the City Planning Commission and approved by the City Council, or as otherwise established by the City and shown on official City records. Lots or parcels presently shown as residential land use are deemed to receive no greater level of benefit than the Residential Level of Benefit. A Similar description of rate zone boundaries applies to the Industrial and Commercial Level of Benefits.

The cost for maintenance and servicing of the District improvements for the Fiscal Year 2022-23 have been estimated for all existing streetlights and traffic signals in the City and are shown in Part B. The improvement costs have been distributed to all assessable lots or parcels in the city that have abutting footage on streets in accordance with the method of apportionment and benefit received.

## **PART E: ASSESSMENT ROLL**

This part contains an assessment of the estimated cost of the improvements on each benefited parcel of land within the District. The Assessment Roll is filed in the Office of the City Clerk of the City of Maywood and is incorporated in this Report. The list is keyed to the records of the Los Angeles County Assessor, which are incorporated herein by reference.

### **ASSESSMENT DISTRICT DIAGRAM**

The boundaries of the District are shown herein. The exterior boundaries of the District are coterminous with the exterior boundaries of the City. There are three (3) streetlighting benefit zones within the District:

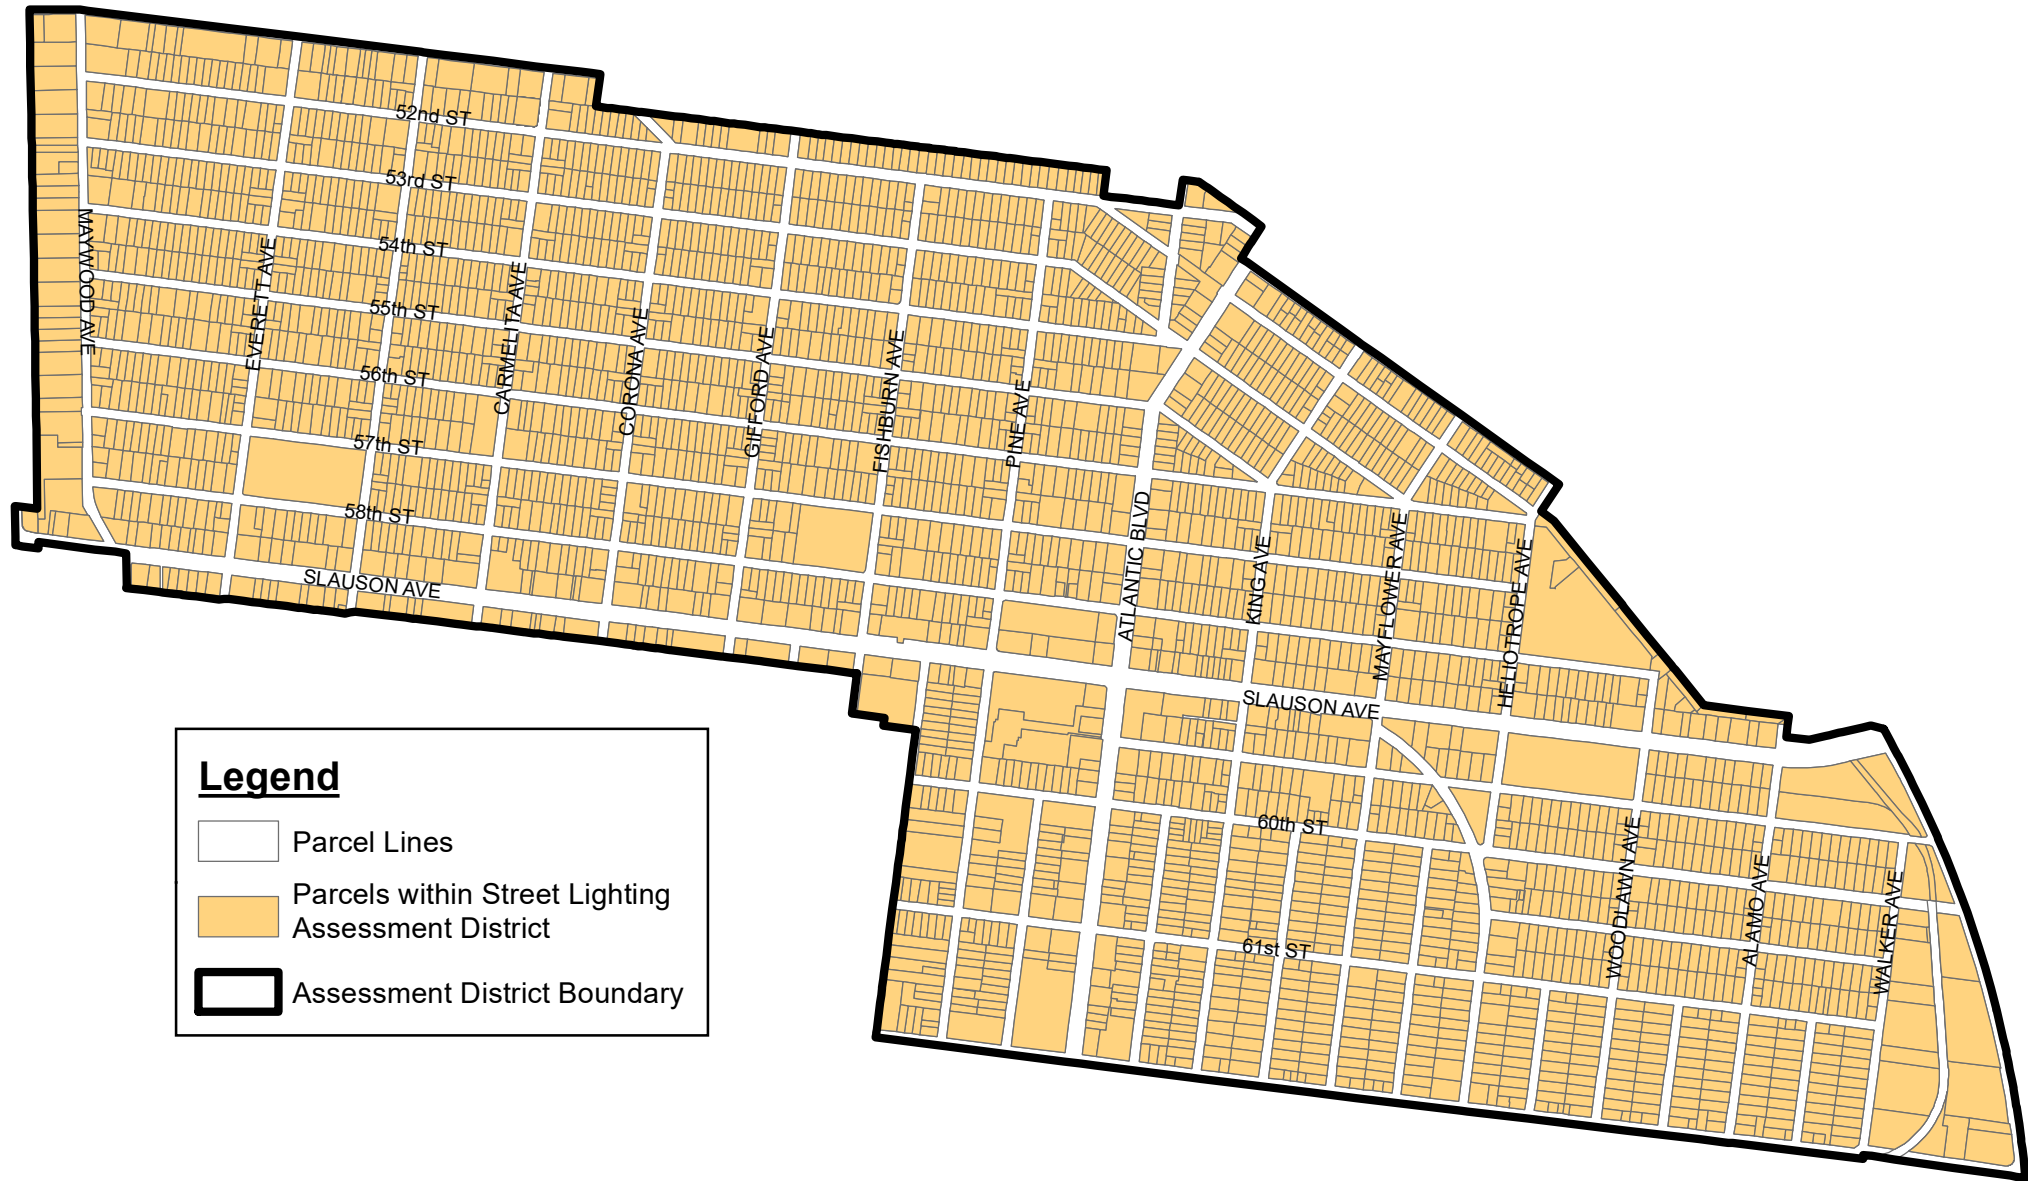

- The Zone 1 level of benefit is defined as the residential benefit.
- The Zone 2 level of benefit is defined as the industrial benefit.
- The Zone 3 level of benefit is defined as the commercial benefit.

The boundaries of the preceding three zones are the boundaries of residential, industrial and commercial land use zones as shown on the official zoning map and/or in the zoning records of the City of Maywood. A reduced copy of the zoning map is on file with the Engineering Department of the City and is open for public inspection. It is understood that the term “official zoning map” shall include those zone changes approved but not currently plotted on the map.

The lines and dimension of each lot or parcel within the District are those lines and dimensions shown on the maps of the Los Angeles County Assessor for the year when this Report was prepared. The Assessor’s maps and records are incorporated by reference herein and made a part of this Report.

A reduced copy of the Assessment Diagram is shown on the following page.

## PART D

### METHOD OF APPORTIONMENT OF ASSESSMENTS

#### General

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

*“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”*

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2d defines District as:

*“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service”;*

Article XIID Section 2i defines Special Benefit as:

*“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”*

Article XIID Section 4a defines proportional special benefit assessments as:

*“An agency which proposes to levy an assessment shall identify all parcels which a special benefit will have conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”*

The method of apportionment described in this Report for allocation of special benefit assessments utilizes commonly accepted engineering practices and have been established pursuant to the 1972 Act at the time the District was established. The formulas used for calculating assessments reflects the composition of parcels within the District and the improvements and services provided, to fairly apportion the costs based on the special benefits to each parcel.

### **Basis of Benefit**

Each of the improvements have been carefully reviewed by the City and the corresponding assessments have been proportionately spread to each parcel based on special benefits received from the improvements as determined at the time the District was established.

The special benefits conferred on property from the District's improvements and services were determined to differ for varying types of land uses. All assessable property within the District is to receive one of the three following levels of benefit based on their land use classification:

- Residential Level of Benefit
- Industrial Level of Benefit
- Commercial Level of Benefit

All lots or parcels receiving the same level of benefit have been incorporated into a zone of benefit based on each properties land use. As result, the three (3) zones of benefit were established: Zone 1 (Residential), Zone 2 (Industrial), and Zone 3 (Commercial). The boundaries of each zone of benefit are defined by the equivalent land use zoning boundary established by the City Planning Commission and approved by the City Council, or as otherwise established by the City and shown on official City records. Lots or parcels presently shown as residential land use are deemed to receive no greater level of benefit than the Residential Level of Benefit. A Similar description of the parcels subject to both Zone 2 and Zone 3 applies to the parcels identified as having an Industrial and Commercial Level of Benefit.

The cost for maintenance and servicing of the District improvements for the Fiscal Year 2022-23 have been estimated for all existing streetlights and traffic signals in the City and is shown in Part B. The improvement costs have been distributed to all assessable lots or parcels in the city that have abutting footage on streets in accordance with the method of apportionment herein and benefit received.

The District costs are to be apportioned to each assessable property based on the special benefits conferred on such property. The method of apportioning costs based on benefit for lighting to each assessable property is based on the number of linear feet of abutting public street footage of a property multiplied by a rate based on the zone of the benefit and each parcel's land use.

The linear feet of abutting public street footage for each parcel is the length in feet shown on the current Los Angeles County Assessor maps or as previously established by the City Engineer (or their designee) for each parcel. In addition, it was determined that lighting along the side or rear of a property confers a differing level of benefit on the property, then lighting that fronts a property. For this reason, any abutting public street footage along the side or rear of a property is determined to be one-half (1/2) of the benefit of the parcel's abutting street footage along the front of a property.

Each zone of benefit was assigned a maximum assessment rate per linear foot at the time the District was established. Rate factors were utilized to apportion the costs based on the differing levels of benefit conferred on the differing types of properties and their associated land uses. The methodology for determination of the rate factors for residential, industrial and commercial parcels were determined as shown below.

|                    |                                  |
|--------------------|----------------------------------|
| Local Residential  | 0.4 f.c.* Level 1 (Residential)  |
| Collector          | 1.2 f.c.* Level 3 (Industrial)   |
| Major Intermediate | 1.4 f.c.* Level 3.5 (Commercial) |

*\*f.c. = foot candle*

*\*\*The information shown above was extracted from the American National Standard Practice for Roadway Lighting, RP-8, Page 11, Table I, Recommendation for Average Maintained Horizontal Illumination.*

For the purposes of apportioning the special benefit conferred on property within the District, the average illumination for the following land uses were utilized:

- The Residential level selected was determined to be the lowest average illumination recommended for a City street.
- The Industrial level selected is the next highest average illumination recommended for a City street.
- The Commercial level selected is the highest average illumination recommended for a City street.

In view of variations in the magnitude of the existing streetlighting from the above recommended values, ratios between residential, industrial and commercial levels were reduced to more closely reflect an estimate of the benefits to be conferred. The following ratios were assigned to the various zones and used to derive the maximum annual assessment rates for each zone of benefit:

|                                         |   |     |
|-----------------------------------------|---|-----|
| • Zone 1 level of benefit (Residential) | = | 1.0 |
| • Zone 2 level of benefit (Industrial)  | = | 1.5 |
| • Zone 3 level of benefit (Commercial)  | = | 2.0 |

Each assessable property within the District's boundaries are to be categorized as being

subject to one (1) of the three (3) zones of benefit based upon each parcel's Los Angeles County Assessor assigned land use code, or the City's land use zoning map.

Within the boundaries of the District, there are several types of properties that are considered to receive no special benefit from the District improvements and are therefore not assessed. These parcels include:

- All publicly owned parcels;
- Certain public utility parcels utilized for rights-of-way;
- Privately owned open space parcels; and
- Privately owned "sliver" parcels that have resulted from a lot line adjustment with an adjacent larger parcel. The adjacent larger parcel, of which these "sliver" parcels are a part, are assessed at the residential rate.

### **Maximum Assessment Rates**

The Fiscal Year 2022-23 Maximum and Proposed Assessment Rates for each zone of benefit are shown below.

| <b>Zone of Benefit</b> | <b>Approved Maximum Assessment Rates</b> | <b>Proposed Fiscal Year 2022-23 Assessment Rates</b> |
|------------------------|------------------------------------------|------------------------------------------------------|
| Zone 1 (Residential)   | \$0.746                                  | \$0.746                                              |
| Zone 2 (Industrial)    | \$1.119                                  | \$1.119                                              |
| Zone 3 (Commercial)    | \$1.492                                  | \$1.492                                              |

Note: The rates shown in the table above are to be applied by Zone to each parcel's assigned street front footage.

The Maximum Assessment Rates for each zone of benefit are the same maximum rates that have been historically applied and that were previously approved. Any future increase in the maximum assessment rates or substantial changes in the services provided would require that the District be brought into compliance with all the requirements of Article XIID and would require the approval of the property owners subject to the assessment based upon a mailed ballot which would be sent to each property owner. It should be noted that an increased assessment to an individual property resulting from changes in development or land use does not constitute an increased assessment.

### **Sample Annual Levy Calculation**

Sample annual levy calculations for each zone of benefit as described in the *Method of Apportionment* above, has been outlined for illustration purposes.

#### **Zone 1 (Residential)**

**Individual Parcel's Annual Assessment = (RF + (SR<sub>1</sub>/2) + (SR<sub>2</sub>/2) + (SR<sub>3</sub>/2)) x Zone 1 Rate (or other applicable rate for mixed use property)**

#### **Zone 2 (Industrial)**

**Individual Parcel's Annual Assessment = (IF + (SR<sub>1</sub>/2) + (SR<sub>2</sub>/2) + (SR<sub>3</sub>/2)) x Zone 2 Rate (or other applicable rate for mixed use property)**

#### **Zone 3 (Commercial)**

**Individual Parcel's Annual Assessment = (CF + (SR<sub>1</sub>/2) + (SR<sub>2</sub>/2) + (SR<sub>3</sub>/2)) x Zone 3 Rate (or other applicable rate for mixed use property)**

If a parcel is zoned for mixed-use, and consists of multiple land use classifications, all public street footage surrounding the parcel will be assessed at the applicable zone(s) rate(s), or a combination thereof, as determined by the Assessment Engineer.

The following abbreviations used in the Sample Annual Levy Calculations shall have the following meanings:

- RF All residential parcels with public street footage along the front of the property.
- IF All industrial parcels with public street footage along the front of the property.
- CF All commercial parcels with public street footage along the front of the property.
- SR<sub>1,2,3</sub> All parcels (residential, industrial, and commercial) with public street footage along the side and/or rear of the property. SR shall be determined to be ½ of the public street footage.

**PART E**

**ASSESSMENT ROLL**

Parcel Identification, for each lot or parcel within the District, shall be the parcel as shown on the Los Angeles County Assessor Parcel Maps and/or the Los Angeles County Secured Tax roll for the year in which this Report is prepared. A listing of parcels to be assessed within this District along with the proposed assessment amounts is included in the following pages.

Upon approval of the Engineer's Annual Levy Report, and confirmation of the proposed assessments, the assessment information will be submitted to the County Auditor/Controller and included on the property tax roll in Fiscal Year 2022-23. If the parcels within the District and referenced in this Report, are re-numbered, re-apportioned or changed by the County Assessor's Office after approval of the Report, the new parcel along with the appropriate assessment amount will be submitted to the County Auditor/Controller. If the parcel change made by the County includes a parcel split, parcel merger or change in tax status, the assessment amount submitted on the new parcels will be based on the method of apportionment and applied levy rates approved in this Report by the City Council.

## CITY OF MAYWOOD

## AGENDA ITEM NO. 6.

---

**DATE:** May 11, 2022

**TO:** HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

**FROM:** JENNIFER VASQUEZ, CITY MANAGER

**BY:** CLAUDIA ZAVALA, COMMUNITY SERVICES LIAISON

**SUBJECT:** CONSIDERATION OF APPROVING FINANCIAL ASSISTANCE FOR AQUATIC PROGRAMMING AND SLEEP AWAY CAMP OFFERED AT THE YMCA FOR CITY RESIDENTS

---

### RECOMMENDATION:

Staff recommends that the City Council approve the financial assistance for aquatic programming and Sleep Away Camp provided by the YMCA for City residents.

### BACKGROUND:

The YMCA has been successfully adjusting and serving the community during the COVID-19 pandemic. Once the mandate was lifted, they began to gradually open their facilities to programs and activities. During this time, the City partnered with the YMCA to continue to bring community events to the residents of Maywood. In 2021, the YMCA was awarded the Community Benefit Fund to provide programs such as Grab-n-Go, a pumpkin giveaway at our Trick-or-Trunk Event, Turkey Giveaway and Toy Giveaway.

### DISCUSSION:

Staff recommends that the Council considers partnering with the YMCA to assist our community in getting back to a healthy lifestyle.

#### ***Aquatic Programming***

The City can provide its residents with financial assistance to participate in swim lessons, summer family swim, and summer water aerobics for seniors at the Aquatic Center. The following is a breakdown of the total costs per program.

Swim Lessons - the Y in previous years averages about thirty-five (35) Maywood residents per session. There is a total of three (3) sessions throughout the summer.

- Monday – Friday 12:00 – 5:00 PM / Saturdays 12:30 – 3:00 PM.
- Children ages eleven (11) years old and under.

- Instructor rate: Twenty (\$20.00) per hour at 1.5 hours per class = \$30 per class
- Aquatics Clerk rate: Sixteen (\$16.00) per hour at 1.5 hours per class = \$24 per class
- Lifeguard rate: Eighteen (\$18.00) per hour at 1.5 hours per class = \$27 per class
- Payroll Tax & Benefits: \$304.00
- Cost per class is eighty-one (\$81.00) for twenty-six (26) classes = \$2106.00 + \$304.00
- Total cost for three (3) months = \$2410.00

## *Sleep Away Camp*

The YMCA offers a "Sleep Away Camp" program during the summer for children in 3<sup>rd</sup> – 8<sup>th</sup> grade. Staff recommends that the Council considers financial assistance for children who would like to participate in the program.

Sleep Away Camp is a place where kids can escape and get out of the city to explore nature, make life-long friends and, more importantly, it's a place where kids can be themselves. Campers will experience fun-filled days in their cabin groups enjoying activities such as arts & crafts, swimming, mountain biking, hiking, archery, sports, and so much more. Camping, like many Y programs, is about learning skills, developing character, and making friends.

The following is a breakdown of the program:

- Date: July 10 – 16, 2022 (1 week)
- Location: Camp Marcil (Big Bear)
- Ages: Children who are in 3<sup>rd</sup> – 8<sup>th</sup> grades
- Cost: \$660.00 per child
- Maywood residents' reduced rate is \$400.00
- Cost for 25 children: \$400 x 25 = \$10,000
- The YMCA has averaged between twenty to twenty-five (20-25) Maywood residents in previous years.

The City has been allocated \$6M from the American Rescue Plan Act (ARPA). These funds can be used for the proposed programming as they will promote public health and recreation.

## **LEGAL REVIEW:**

The City Attorney has not yet reviewed this report

**FISCAL IMPACT:**

There are sufficient American Rescue Plan Act (ARPA) proceeds available to fund the proposed health programs.

In addition, a quote was provided for 195 light poles power converters.

For this report, staff has prepared three commercial tree options, multiple pole mount options and power converters which are outlined in our PowerPoint presentation. Staff seeks City Council direction.

### LEGAL REVIEW:

The City Attorney has reviewed this report.

### FISCAL IMPACT:

Pending the option selected by the City Council, the funding source will be identified and processed.

## AGENDA REPORT

CITY OF MAYWOOD

## AGENDA ITEM NO. 8.

---

**DATE:** May 11, 2022

**FROM:** JENNIFER VASQUEZ, CITY MANAGER

**BY:** STEVE FOWLER, DIRECTOR OF BUILDING AND PLANNING

**SUBJECT:** CITY COUNCIL APPOINTMENT OF TWO MEMBER TO THE MAYWOOD PLANNING COMMISSION

Staff recommends that the City Council consider the appointment of 2 members to the Planning Commission to fill the 4 year term for Seat No. 3 which expired on February 6, 2022 and Seat 4 which expires on May 15, 2022.

### BACKGROUND:

The Planning Commission is a five-member body that reviews and acts on matters related to planning, land use development and community development in general. The Planning Commission has an essential role in the planning process by acting as an advisory body to the City Council on all planning and development issues as well as functions as the decision-making body for a number of planning proposals.

Duties of the Planning Commission include but are not limited to holding public hearings and meetings; reviewing the General Plan; reviewing and recommending zoning code regulations; reviewing subdivision maps; and taking action on variances, conditional use permits, special use permits.

The term of the existing Commissioner, whose Seat No. 3 expired on February 6, 2022 and the term of existing Commissioner, whose Seat No. 4 is set to expire on May 15, 2022. Accordingly, in April 2022, the City began to accept applications from persons who desire to serve on the Maywood Planning Commission for the next terms. The Maywood Municipal Code requires that members of the Planning Commission must, at the time of their application and throughout their term, be residents of the City or otherwise be employed in the City of Maywood. The application period closed on April 29, 2022 with three (3) submittals.

### DISCUSSION:

As stated above, the City received three (3) applications. Staff reviewed the applications and determined that the applicants live in the City of Maywood. The City Council can either appoint one or two of these individuals or request that staff re-advertise the planning commission opening.

### LEGAL REVIEW:

The City Attorney has reviewed this report.

**FISCAL IMPACT:**

The Planning Commissioner stipend is \$65.00 per month. No additional budget appropriation is needed.

12. Please state the reasons you are interested in being a member of the Planning Commission:

Maywood was once a corrupted city where financial resources was not available or given out to the community. As inspired by Eddie De La Riva I want to create resources to aid the most vulnerable members in our city. I grew up in this city and I want this city to be beautiful and prosperous for everyone. I want to put my degrees and everything I learned in my academia to use. Creating city events to benefit the members of this community such as creating programs to aid small businesses. Being in city government is a dream of mine. Ever since I watched Parks and Recs my aspirations is to be city mayor or be congresswoman is a goal of mine in my heart. Being on the board is my one step closer in learning and experiencing of gaining experience is an honor to serve my city.

13. Please state your reasons as to why your background and/or experience makes you a suitable candidate for appointment to this position:

Having degrees in political science and economics My academic background comes with understanding finances and law. I was vice president in Economics club in college which gave me responsibilities of managing fiscal and planning how to use resources to fund programs such as city environmental cleanups to collecting funds to aid in scholarships help. For vice president in politics Association Club in college managing funds to aid in student homelessness and food drives I took part in helping those causes along with scholarship fundraisers and culture festivals. I also worked in construction so I understand planning. When it comes to urban planning and the duties of using land to its full potential gaining in hands experience and it helps with getting to know zoning laws. With Twitter and working with partners some contributions made to charity is \$750 to the Urban Crisis and for Cystic Fibrosis Trust of \$576. For law courses ~~material~~ material covered where zoning regulations and understanding municipal codes. I am willing to do research and depth analysis of any development issues of any programs and policies to any projects with due diligence.

14. Please briefly express your views regarding current and future development in Maywood:

I am so proud of this city from being corrupted to the complete opposite and blooming. Seeing businesses opening up such as Egg it Bird, Taco Bell, and Raj's don Creama fueling local economy. As well during Covid seeing test sites and vaccine centers opening up to aid the community. From seeing the beautification of Cesar Library to Maywood Parks its all beautiful that resources are put in to keeping them well maintain. I want to help fuel that and keep fueling development and programs to better aid the community. Including seeing the changes of the Maywood street signs and repairment of street lights to make the community safe at night is key to keep Maywood shine. I want to give my all to this community by creating homeless shelters and opening up more recreational areas, such as soccer, skating, and other sports in a safe environment to all members in this community. Fixing potholes to keep drivers safe and repairing any damages is key to keep this city beautiful for all members in this city.

# AGENDA REPORT

## CITY OF MAYWOOD

### AGENDA ITEM NO. 9.

---

**DATE:** May 11, 2022

**TO:** HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

**FROM:** JENNIFER VASQUEZ, CITY MANAGER

**BY:** STEVE FOWLER, DIRECTOR OF BUILDING AND PLANNING

**SUBJECT:** CONSIDERATION OF THE RENEWAL OF A COMMERCIAL CANNABIS RETAIL LICENSE FOR MAYWOOD GREEN SOLUTION, LLC DBA HAVEN

---

#### RECOMMENDATION:

Staff recommends that the City Council approve the application for the renewal of a commercial cannabis retail license for Maywood Green Solution, LLC ("Haven"), located at 3951 Slauson Avenue for a one-year term expiring on May 12, 2023, and authorize the Director of Building and Planning to notify the applicant in writing of the City Council's decision.

#### BACKGROUND:

On August 28, 2019, the Maywood City Council adopted ordinance 19-03 that changed the status of commercial cannabis uses and businesses in the City. Most significantly, the ordinance banned the issuance of any new commercial cannabis licenses. Applications that were in the process had to have received their license and conditional use permit prior to the effective date of the Ordinance. The adoption of this Ordinance also made any existing commercial cannabis business a non-conforming use subject to the provisions of Section 15.2 of Appendix C of the Zoning Code.

Ordinance 19-03 ("Ordinance") created a process for the renewal of existing licenses. The ordinance details the application renewal process by establishing requirements to determine if an application can be renewed or denied. These requirements must be met to allow the City Council to determine whether a license should be renewed, or if there are grounds for denial.

This process requires that the City Council determines if the cannabis entities operate lawfully. The information necessary to make this determination is provided by Hinderliter, de Llamas & Associates ("HdL"). Every year the business is inspected quarterly to determine if the business is operating in compliance with State law and the City's Ordinance. The inspection also ensures the business operates in a safe manner to protect both employees and customers at each business. Staff accompanies HdL on these inspections to verify compliance with the approved Conditions of Approval for the Conditional Use Permit. These inspections with their suggested remedial actions help to ensure proper operation prior to license renewal.

As part of this renewal process HdL conducts criminal background checks on all owners, managers, employees, contractors and volunteers, employed in Maywood's commercial cannabis industry. All who are found to have disqualifying factors will not be permitted to work, own, manage or volunteer for a cannabis business in Maywood. HdL will also conduct a financial audit annually, which includes the verification of the tracking and tracing of the product and of matching the product with its respective transaction. This measure

will detect illegal diversion or the sale of unlicensed (illegal) product, which is central to the verification of the lawful and complete remittance of the local cannabis tax.

## **DISCUSSION:**

Haven's Conditional Use Permit was approved on June 19, 2018. Haven is a cannabis retailer or dispensary that obtained their business license in November 2018. All audits and sales tax payments have been made.

Haven currently operates as a brick and mortar dispensary with a single component; retail. They are licensed by the State of California Bureau of Cannabis Control (license #C10-0000082-LIC) as a Type 10 Retailer, and their license is currently valid through May 22, 2023.

Renewals per the ordinance are to be renewed annually. The renewal process began last year and is continued throughout the year with quarterly inspections and an annual audit. As a result of the adherence to the regulations, the evaluation of Haven's commercial cannabis license renewal application was completed.

### Background Check:

Applications for two (2) owners and twelve (12) employees were submitted and all background checks were subsequently cleared. Haven is in full compliance with this requirement.

### Facility Inspection:

HdL has conducted several on-site inspections since Haven opened, including a virtual inspection during the Covid-19 pandemic. ## AGENDA REPORT

CITY OF MAYWOOD

## AGENDA ITEM NO. 10.

---

**DATE:** May 11, 2022

**TO:** HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

**FROM:** JENNIFER VASQUEZ, CITY MANAGER

**BY:** STEVE FOWLER, DIRECTOR OF BUILDING AND PLANNING

**SUBJECT:** TO CONSIDER THE RENEWAL OF A COMMERCIAL CANNABIS RETAIL LICENSE FOR SINSEMILLA INDO GROUP, INCORPORATED DBA BONAFIED

---

### RECOMMENDATION:

Staff recommends that the City Council approve the application for the renewal of a commercial cannabis microbusiness license for Sinsemilla Indo Group, Incorporated dba Bonafied located at 6142 Walker Avenue, for a one-year term expiring on May 12, 2023, and authorize the Director of Building and Planning to notify the applicant in writing of the City Council's decision.

### BACKGROUND:

On August 28, 2019, the Maywood City Council adopted ordinance 19-03 that changed the status of commercial cannabis uses and businesses in the City. Most significantly, the ordinance banned the issuance of any new commercial cannabis licenses. Applications that were in the process had to have received their license and conditional use permit prior to the effective date of the Ordinance. The adoption of this Ordinance also made any existing commercial cannabis business a non-conforming use subject to the provisions of Section 15.2 of Appendix C of the Zoning Code.

Ordinance 19-03 ("Ordinance") created a process for the renewal of existing licenses. The ordinance details the application renewal process by establishing requirements to determine if an application can be renewed or denied. These requirements must be met to allow the City Council to determine whether a license should be renewed, or if there are grounds for denial.

This process requires that the City Council determines if the cannabis entities operate lawfully. The information necessary to make this determination is provided by Hinderliter, de Llamas & Associates ("HdL"). Every year the business is inspected quarterly to determine if the business is operating in compliance with State law and the City's Ordinance. The inspection also ensures the business operates in a safe manner to protect both employees and customers at each business. Staff accompanies HdL on these inspections to verify compliance with the approved Conditions of Approval for the Conditional Use Permit. These inspections with their suggested remedial actions help to ensure proper operation prior to license renewal.

As part of this renewal process HdL conducts criminal background checks on all owners, managers, employees, contractors and volunteers, employed in Maywood's commercial cannabis industry. All who are found to have disqualifying factors will not be permitted to work, own, manage or volunteer for a cannabis business in Maywood. HdL will also conduct a financial audit annually, which includes the verification of the tracking and tracing of the product and of matching the product with its respective transaction. This measure

will detect illegal diversion or the sale of unlicensed (illegal) product, which is central to the verification of the lawful and complete remittance of the local cannabis tax.

## **DISCUSSION:**

Bonafied's Conditional Use Permit was approved on December 19, 2017. Bonafied is a cannabis microbusiness that obtained their business license in December 2018. An audit has been conducted and sales tax payments are up to date.

Bonafied currently operates as a microbusiness with four components: retail, cultivation, manufacturing and distribution. They are licensed by the State of California Bureau of Cannabis Control (license #C12-0000238-LIC) as a Type 12 Microbusiness: Storefront retail, Distribution, and Manufacturer Packaging only and their license is valid through August 12, 2022.

Renewals per the ordinance are to be renewed annually. We started the renewal process last year and continued with the quarterly inspections and annual audits. As a result of the adherence to the regulations, the evaluation of Haven's commercial cannabis license renewal application was completed.

### **Background Check:**

Applications for two (2) owners and sixteen (16) employees were submitted and all background checks were subsequently cleared. Bonafied is in full compliance with this requirement.

### **Facility Inspection:**

HdL has conducted several on-site inspections since Bonafied opened, including a virtual inspection during the Covid-19 pandemic. The latest inspection was conducted on March 1, 2022 with City staff in attendance. City staff and a Compliance Inspector from HdL conducted a facility inspection. The inspection revealed no non-compliance items. As a result, the facility is considered to be in full compliance.

In conclusion, based on the inspections, investigations and audits described in this report, Staff has determined that the business is in compliance and that none of the conditions in Section 5-45-05(b) exist and therefore, staff recommends that the City Council approve the renewal of the license.
